ALABAMA ARTICULATION PROGRAM (STARS)

The Alabama Articulation Program (also referred to as STARS--Statewide Articulation Reporting System (is an internet based articulation and transfer planning system designed to inform students who attend public two-year and four-year institutions about approved transfer courses and programs. STARS is an efficient and effective way of providing students, counselors, advisors, and administrators with accurate information upon which transfer decisions may be made. STARS is the information link between the public institutions of higher education in the State of Alabama. The STARS internet system, if used properly, can prevent the loss of course credit hours, can provide direction for scheduling of course work, and can ease the transition from one institution to another. Students who are interested in this program should first see their advisor. Transfer guides can be obtained directly through the STARS home page at http://stars.troyst.edu. For further information contact the respective Colleges (College of Arts and Sciences, College of Business, or College of Education).

NONDISCRIMINATION

Athens State University does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or the provision of services.

Athens State University does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs or activities. An ADA/504 Coordinator has been designated to insure compliance with the non-discrimination requirements contained in Section 35.107 of the Department of Justice regulations. Information concerning the provisions of the American with Disabilities Act, and the rights provided thereunder, are available from the ADA Coordinator.

SEXUAL HARASSMENT GRIEVANCE PROCEDURE

Should a student feel he/she has been sexually harassed, he/she should contact either the immediate supervisor of the alleged perpetrator or the appropriate University official. Athens State University has in place an appropriate grievance procedure for sexual harassment and other grievances should a student feel it necessary to file. Grievance of a general nature may be filed with the Coordinator of Student Activities in the Sandridge Student Center or the grievance may be pursued through the appropriate supervisor. A copy of step-by-step procedures for filing a grievance may be obtained in the Student Activities' Office.

DISABILITY STATEMENT

Athens State University does not discriminate on the basis of disability in the admission, or access to, or treatment or employment in, its programs or activities. An ADA/504 Coordinator has been designated to insure compliance with the nondiscrimination requirements contained in Section 35.107 of the Department of Justice regulations. Information concerning the provisions of the Americans with Disabilities Act, and the rights provided are available from the ADA/504 Coordinator.

Athens State University will make every reasonable attempt to provide accommodations needed by individuals with disabilities. Accommodations will consist of working with the Division of Rehabilitation Services and the Alabama Department of Education to provide adaptive equipment, facility modification, and any other reasonable measures available to provide a satisfactory learning and working environment.

It is the responsibility of the individual to notify Athens State University of a disability which may require accommodation. If you have a disability that might necessitate adaptive materials, services, or assistance, please make this known so that the appropriate arrangements can be made. During the weekdays, individuals may contact the ADA/504 Coordinator, second floor of the Student Center. During the evening and on weekends, individuals may contact Security in Founders Hall.

EDUCATION RIGHTS AND PRIVACY ACT OF 1974

GENERAL INFORMATION

THE ALABAMA COLLEGE SYSTEM
MISSION STATEMENT

The Alabama College System, consisting of public two-year community and junior colleges and an upper division university, seeks to provide accessible quality educational opportunities, promote economic growth, and enhance the quality of life for the people of Alabama.

ATHENS STATE UNIVERSITY
MISSION STATEMENT

Athens State University, offering coursework at the junior and senior level, is the baccalaureate degree granting institution of the Alabama College System. Governed under the authority of the Alabama State Board of Education, and in conjunction with the other institutions of the Alabama College System, Athens State University provides affordable education in an environment which recognizes diversity and nurtures the discovery and application of knowledge. Located in northern Alabama, Athens State University acknowledges a commitment to primarily serve transfer students of the Alabama College System as well as students from other accredited institutions of higher education. The University prepares students for professional careers, graduate school, lifelong learning, and enrichment. The University, through quality teaching, individual attention, and a varied course delivery system, assists students in the timely achievement of their professional and career goals. In addition, Athens State University offers programs of continuing education and community services that provide a variety of cultural and professional opportunities.

GOALS

1. To provide educational opportunity to postsecondary students through carefully planned and implemented programs of study.
2. To serve the student effectively and efficiently by providing flexible scheduling, varied modes of delivery, and cooperative arrangements with other institutions.
3. To recruit, retain, and promote professional development of qualified faculty and staff.
4. To provide and maintain appropriate learning resources which are supportive of student learning, quality teaching, scholarly research, diversity, and technological proficiency.
5. To develop and maintain periodic internal evaluation to ensure that all programs are operating within a manner consistent with the mission of the University.
6. To provide opportunities for students to expand their intellectual, social, and cultural horizons.
7. To provide and maintain student services which furnish necessary information, financial assistance, guidance counseling to assist progress toward personal, academic, and career goals.
8. To promote and maintain effective student recruitment and retention.
9. To promote the use of appropriate University and community resources to facilitate educational and training programs for the diversified needs of business, industry, education, and government in addition to providing cultural and intellectual enrichment.
10. To acquire and administer efficiently and effectively all fiscal resources.
11. To provide, develop, and maintain a physical plant appropriate for the support of the University programs.
12. To effectively communicate the University's vision and goals as a baccalaureate degree granting institution to internal and external constituencies.

GOVERNANCE

Athens State University is a baccalaureate degree granting institution operating under the control of the Alabama State Board of Education. The president is the chief executive officer of the University and is directly responsible to the State Board of Education through the Chancellor of Postsecondary Education.

HISTORY

Athens State University is the oldest college in the state of Alabama. The University was founded in 1822 by local citizens who purchased five acres of land, erected a building, and began Athens Female Academy. Ownership of the school was transferred in 1842 to the Tennessee Conference of the Methodist Church. With the birth of the North Alabama Conference of the Methodist Church in 1870, the College came under the jurisdiction of that body.

On May 10, 1974, the Board of Trustees requested from the North Alabama Conference of the United Methodist Church that the College seek affiliation with the State of Alabama. The conference, at its annual meeting in June, 1974, gave the Board of Trustees this permission and authorized the transfer of the College to the State of Alabama.

In June 1975, the College was accepted by the Alabama State Board of Education subject to the appropriation of operating funds by the Alabama Legislature. Later that year, the Legislature appropriated funds for the operation of the College to serve the graduates of state junior, community, and technical colleges/institutes.

The institution's name has changed several times in its history, following adjustments in purpose and governance. Athens Female Academy, upon transfer to the Tennessee Conference of the Methodist Church in 1842, became Athens Female Institute. Then in 1889 after having been transferred to the newly formed North Alabama conference, the College was known as Athens Female College. In 1931, the College became coeducational and was known as Athens College. In 1975, when the institution became part of the state educational system, it was renamed Athens State College, marking the initiation of an era of increased opportunity for service. In 1998, a bill was passed by the legislature to rename the College to Athens State University. The long history of service by the University is the foundation upon which the future of the University rests.

DIRECTORY OF SERVICE AREAS

Academic Affairs

The Office of Vice President of Academic Affairs serves as the intersection between faculty, staff, and student communities and is primarily responsible for promoting excellence in all academic programs. The Office creates and supports an environment that advances the University mission of providing high quality and affordable education to all qualified students. In close collaboration with the President, academic deans, faculty and staff, and as well as the Department of Postsecondary Education of the Alabama College System, the Office oversees the strategic planning of academic programs, policy development and review, program assessment and institutional effectiveness, and faculty and student development. Through six academic and administrative units, the Colleges of Arts and Sciences, Business, and Education, Institutional Planning, Research, and Assessment, University Centers, and the Library, and guided by the University's driving force of "Building Success Stories", Academic Affairs is committed to the achievement of the following goals: 1) promote a dynamic learning environment that prepares students to be knowledgeable, articulate, and understanding of a diverse and changing world, 2) supports the recruitment, development, and retention of competent faculty and staff; 3) share the University's expertise to improve the well-being of the community, and 4) create an inclusive environment that extends to all members of the University.

The Office of the Vice President of Academic Affairs is located in the administration building on the corner of Bryan Street and Beaty Street, across from Founders Hall. The Vice President of Academic Affairs and staff are available to assist you in your academic concerns. Appointments may be made by calling 216-3328.

For information concerning degree options contact: The College of Arts and Sciences, Dr. Ronald Fritze, Dean, 233-8226; the College of Business, Dr. Linda Shonesy, Dean, 233-8211; or the College of Education, Dr. Debra Baird, McCain Hall, Dean, 233-8157.

Alabama Science in Motion Program

Established by the Alabama Legislature in 1994, the Alabama Science in Motion (ASIM) Program supports public secondary school biology, chemistry, and physics laboratory activities and is located in the lower level of the Carter Physical Education Building. Athens State University provides teacher training and disseminates equipment to support biology and chemistry laboratory activities at public high schools in Limestone, Lawrence, Morgan, Cullman, and Blount counties. For additional program information, contact the Athens State University ASIM Program Site Director.

Alumni Association

The Athens State University Alumni Association's mission and goal is to enhance the feeling of loyalty and commitment to the University and its alumni. It provides services and programs for its thousands of alumni throughout the world. All functions and services are coordinated and administered by the Office of Alumni Affairs located in the Sandridge Student Center. The Athens State University Column, The Alumni News and other alumni publications keep the active alumni and their families and friends informed about the University and the association. Traditional programs such as the Annual Alumni Awards Banquet, the Fifty-Year Club celebration, and the alumni scholarship program, in addition to chapter meetings, insure opportunities for socialization and sharing among the Athens State University family of alumni, students, faculty, staff and friends. Information regarding alumni events may be obtained by calling 233-8275 or 233-8243.

Bookstore

The bookstore is located on the lower level of the Sandridge Student Center and carries a full line of University textbooks, instructional and educational materials, and a variety of items incidental to student needs.

Continuing Education and Community Services

Continuing Education and Community Services are an integral part of Athens State University and are primarily concerned with the special studies aspects of the educational process within the University and the community. The role of Continuing Education and Community Services is prescribed in Criteria 4.6 of the University Delegate Assembly of the Southern Association of Colleges and Schools. Basic programs are developed through the academic areas to meet the following needs: (1) noncredit courses, (2) seminars, (3) conferences, (4) institutes, (5) workshops, and (6) CEU courses. Athens State University does not accept continuing units (CEU's) for academic credit.

Curriculum Lab

The Curriculum Lab is a resource center providing materials and services for students enrolled in the Teacher Education Program. The Lab houses elementary and secondary texts, teacher editions, and resource materials for most subject areas taught in the nation's schools, as well as lesson planning resources. The Curriculum Lab is located in the ASU library and is ADA accessible. Hours are posted each semester.

Financial Affairs

The Business Office, located in Founders Hall, handles financial transactions relating to the University and student activities. Should you need information regarding financial affairs call 233-8204 and the Vice President of Financial Affairs' executive assistant will direct you to the proper extension. The Business Office hours are 8:00 a.m. - 4:30 p.m., Monday through Friday. The offices are open until 6:00 p.m. during Late Registration, Drop and Add, and Payment Due Date.

Library

The Athens State University Library is located on the corner of Pryor and Elkton Streets and has holdings in excess of 100,000. The library has access to 6700 on-line full text periodicals and over 40,000 e-books. Journals may be accessed through print and computerized indexes, such as ABI-INFORM, ERIC, Academic Search Premier, and JSTORE. Holdings of the library are enhanced by membership in regional and national consortiums: the Library Management Network, the Southeastern Library Network, and the Network of Academic Libraries (NAAL). Special collections include rare books, University archives, local history files, and an extensive religion collection. Library orientation is provided through individual or scheduled group sessions. A variety of informational handouts are also available, as well as a tutorial on the web site. The library is open seven days a week, except for holidays. The library telephone number is 233-8218.

Math Lab

The Math Lab is located in Waters Hall, Room 4. It offers videotaped lectures with facilities for viewing, computers with a variety of math-related software and personal tutorial assistance. Lab hours change each semester.

North Alabama Teacher Exchange (NATE)

The North Alabama Teacher Exchange (NATE) is located in the little beige house between Founders and McCain. NATE, one of eleven Regional Inservice Centers that were established in the 1980's by the State Department of Education, is administered by

Athens State University to provide inservice programs for teachers in a five county region in north Alabama. The inservice programs coincide with the critical need areas identified by the State Department of Education. NATE also works closely with the ten school districts and 132 schools in the region to provide both district and site-based inservice programs tailored to specific staff development needs. The NATE office is open Monday through Friday 8:00 a.m. - 4:30 p.m. The telephone number for NATE is 1-800-300-6384 or (256) 233-8144.

Off-Campus Centers

Printing and Publication Services

The Office of Printing and Publication Services supports the mission of the University by providing a variety of quality printing and mail services to the University. Through the availability of state of the art equipment and orderly processes aimed at meeting or exceeding timelines and quality standards, the Office contributes to the overall effectiveness and efficiency of day-to-day operations and special projects for both academic and administrative areas. The Office also supports the marketing and external relations functions of the University by providing copy design for promotional material and ensuring that all publications representing the University convey a consistent and accurate message and image.

Recruitment Services

The Office of Recruitment Services fosters the educational opportunities of qualified prospective students by offering recruitment expertise related to the University baccalaureate programs in order to meet enrollment goals. Through a carefully designed outreach program, and in coordination with community colleges and other postsecondary institutions, the Office aids prospective students in matching their educational goals and interests with those offered at Athens State University. In addition, the Office supports University's diversity intiatives by pursuing the recruitment of qualified students from traditionally under-represented groups.

Servicemembers Opportunity General Registry

Athens State University is a member of Servicemembers Opportunity Colleges, a consortium of over 1300 institutions pledged to be reasonable in working with servicemembers and veterans trying to earn degrees even while pursuing demanding, transient careers. As a SOC member we are committed to easing the transfer of relevant course credits, providing flexible academic residency requirements, and crediting learning from appropriate military training and work experiences. SOC is sponsored by fifteen national higher education associations with the military services, the National Guard Bureau, and the Office of the Secretary of Defense serving as cooperating agencies.

Transfer/Advising Center

The Transfer and Advising Center serves as a centralized service office providing credit transfer advise to incoming students. It is located on the lower level of the Sandridge Student Center.

Writing Center

The Writing Center, located in Founders Hall 350, offers free assistance to the Athens State University community—students, faculty, and staff. It is staffed by a director who coordinates services through student tutors proficient in writing skills and who are computer-literate so that they may assist in one-on-one consultation as well as in the use of software tutorials. The purpose of the Center is to provide instruction and encouragement to those who need to improve writing skills as well as to offer assistance to those who wish to enhance their writing skills. For more information, contact Dr. Ann Shaw at (256) 216-6664.

STUDENT AFFAIRS

The Office of The Vice President of Student Affairs is committed to enhancing the student's total University experience through a series of co-curricular programs and services that complement their academic life. Our comprehensive programs and support services are aimed at meeting the following goals:

1. expand the educational opportunities of qualified students through recruitment, enrollment, and retention;
2. provide necessary information and resources to meet students' needs for financial assistance, accessibility to all programs and services, counseling and testing services, and accurate and secured records of academic progress;
3. provide opportunities for the intellectual, social, and cultural development of Athens State University students; and
4. communicate the University's vision and goals as a baccalaureate degree granting institution to internal and external constituencies.

A student who has completed a minimum of the freshman and sophomore years at a regionally accredited four-year institution may be admitted to Athens State University as a transfer student.

ADMISSIONS APPLICATION

Each student transferring or applying for admission to Athens State University must complete a Transfer/Admissions Application and return the application to the Admissions Office accompanied by a required application fee of $30.00. This nonrefundable fee is not applicable to tuition. An application may be accessed on-line by visiting the University's web site on www.athens.edu/apply. Admission Applications for students who do not enroll for the term specified, will be destroyed after a two year span. Student will then have to submit a new application and pay the required fee.

A student may apply online by visiting the University's web site at www.athens.edu Click on "prospective student." A thirty dollar application fee must be submitted. The signature page must be signed by the student and mailed or faxed to the Admissions Office before the application is complete.

TRANSCRIPTS

The student must provide official transcripts from each college or university previously attended. The applicant must request that these transcripts be sent directly to Athens State University, to the Admissions Office, Sandridge Student Center, 300 North Beaty Street, Athens, Alabama 35611. A student completing a program at another institution and seeking enrollment at Athens State University without sufficient time to arrange for official transcripts prior to registration may be admitted **conditionally** for the semester. A student admitted under this provision must see that all official transcripts are received by the Admissions office **by the end of the student's first term of enrollment** If all official transcripts are not received by the end of the student's first term, the student will not be allowed to register for any future terms.

EARLY ADMISSION

A transfer student may be considered for admission with at least forty-one semester hours provided he or she has a cumulative 2.0 grade point average on a 4.0 scale, and has met all General Education (Gen. Ed.) requirements (Areas I-IV) before entering Athens State University. Early admission students will be required to supply unofficial transcripts before meeting with the Director of Admissions at which time an early transfer form will be approved. This regulation applies when the student does not plan to receive an associates degree from the junior or community college and does not need additional courses offered at the junior college level.

DUAL ENROLLMENT OF COMMUNITY/JUNIOR COLLEGE STUDENTS

Community/Junior college students with at least a 3.0 grade point average and who have completed at least 32 semester hours at the community/junior/technical college, may--with the permission of the instructional dean of the respective college--dual enroll with Athens State University. Courses taken at Athens State University may not be used to fulfill junior/community college degree requirements and all courses taken at Athens State University will be transcripted on the Athens State University transcript. For further information, contact the Offices of Admissions and Records.

TRANSFER STUDENT ADMISSIONS

The University reserves the right to accept or deny course work presented for transfer. Collegiate work will be considered for transfer credit from postsecondary institutions that are fully accredited by regional accrediting associations and that offer the baccalaureate degree or associate's degree.

Course work presented for transfer from institutions not accredited by regional accrediting associations will be reviewed by the Admissions Committee at Athens State University. Any courses accepted for transfer must be appropriate to the degree and program selected at Athens State University. For additional information, students may contact the offices of Admissions and Records.

Categories for admission of transfer students are as follows:

Transfer of Community/Junior College Students

A community/junior college transfer student may be admitted to Athens State University provided he or she has earned (1) a degree from a two-year institution accredited by the Southern Association of Colleges and Schools or other regional accrediting agency, or (2) sixty to sixty-four semester hours of college credit with a 2.0 grade point average on a 4.0 scale or (3) completed all general studies curriculum core requirements (Areas I-IV) and submitted early transfer forms to the Athens State University Admissions Office.

Transfer of Technical College/Institute Students

A student from a regionally accredited technical college/institute may be admitted to Athens State University as a regular degree-seeking student provided he or she has completed a technical program and has received a degree, diploma or certificate. The student must submit an official transcript for review. Credit may be awarded for a maximum of thirty-nine semester hours depending on the particular technical program and the baccalaureate degree program selected. Individual related subject courses and grades cannot be directly transcripted as regulated by the State Department of Education and the Commission on Colleges of the Southern Association of Colleges and Schools. However, certain courses may be used as substitutions or waivers for a specific course in the Athens State University degree program but will not affect the total hours residency required for that degree program. Credit earned through this method will not be used in determining the student's cumulative grade point average.

Admission of Four-Year College Transfer Students

A student who has completed a minimum of the freshman and sophomore years at a regionally accredited four-year institution may be admitted to Athens State University as a transfer student.

Business and Proprietary Schools

Students who have completed a program from a regionally accredited business or proprietary school may be admitted to Athens State University. During the admissions process, each student's previous work will be reviewed to ascertain the entry study level of the student. Individual related subject courses and grades may not be directly transcripted, however, certain courses may be used as substitutions or waivers for a specific course in the Athens State University degree program but will not affect the total hours residency required for that degree program. Credit earned through this method will not be used in determining the student's cumulative grade point average.

ADMISSION OF INTERNATIONAL STUDENTS

The International Student Advisor's Office assists the international student in transferring to Athens State University. Services include interpretation of governmental regulations and institutional requirements. Students needing assistance should call 233-8268 or 233-8171.

To be admitted as an F-1 student, the student must:

1. Submit an Application for Admissions to ASU and pay the application fee. (Admission applications for international students who do not enroll at ASU will be destroyed after five years.)
2. Have 60-64 semester hours or equivalent from a regionally accredited institution in the U.S. **or** course by course evaluation of foreign educational credentials completed by the World Education Services.
3. Send official copies of transcripts from all colleges and/or universities attended to the international student advisor. If course work was taken outside of the United States, student must send official copies of transcript to World Education Services for a course by course evaluation. A copy of this evaluation from W.E.S must be sent to the international student advisor.
4. Score a minimum of 500 (written) or 173 (computer) on the TOEFL score.
5. Request official copy of student's TOEFL score be sent to the international student advisor.
6. Have international student advisor at current college/university complete a Transfer Clearance form.
7. Complete an I-134 Affidavit of Support Form and submit to the international student advisor.
8. Bring his/her current passport for copying by international student advisor.
9. Provide proof of health and life insurance while in the United States.
10. Provide a letter from a banking institution on financial status (support), and
11. Provide a letter stating planned major at ASU.

Upon receipt of the above items, an I-20 Form will be issued by Athens State University.

ADMISSION OF TRANSIENT STUDENTS

A student wishing to be admitted to Athens State University as a transient student must complete an application for admission and provide the Director of Admissions with (1) a letter of good standing and permission each semester from the instructional officer of the institution in which he or she is currently enrolled, and (2) approval from said official for specific courses to be taken at Athens State University. Upon completion of the course(s), the transient student must make a written request for an official transcript to be mailed to the institution in which he or she is enrolled. An international student must have a transfer clearance sheet from his/her current foreign student advisor. **Students enrolled as transient are not classified as regular students**. As defined by the U. S. Department of Education, transient students are not eligible to receive federal aid funding under Title IV.

ADMISSION OF SECOND DEGREE-SEEKING STUDENTS

Students who seek a second degree must meet all admission requirements, complete all catalog requirements for the major in that degree, and must complete a minimum of thirty-three semester hours in residency at Athens State University beyond the conferral date of the first degree. **No student may secure two degrees within the same graduation period**.

ADMISSION OF FORMER STUDENTS IN GOOD STANDING

A student who has previously attended Athens State University and is currently in good standing, including students returning after an absence of only one semester, can be readmitted automatically. The returning student may complete an reapplication form to update personal information, but no additional application fee will be charged.

If the returning student plans to seek a degree from Athens State University and has attended another college or university during his or her absence from the University, official transcripts must be mailed directly from the college or university attended to the Admissions Office, Athens State University, 300 North Beaty Street, Athens, Alabama 35611.

Athens State University participates in a Consortium Agreement with The University of Alabama in Huntsville, Alabama A&M University, and Oakwood College. To participate in the program, the student:

1. must be considered a full-time student at Athens State University.
2. may take only one (1) consortium course per semester.
3. must maintain at least a "C" average. (2.0 on a 4.0 scale)
4. must secure faculty advisor's approval of the course to be taken.
5. may request participation **only** during pre and regular registration.
6. must not participate in Consortium agreement during the final semester in which graduation at Athens State University is anticipated.

The course to be taken must not be available to the student at his/her home institution and it must be in his/her approved schedule and curriculum plan.

ADMISSION OF STUDENTS ON PROBATIONARY STATUS FROM OTHER INSTITUTIONS

A student on probationary status from another institution who wishes to attend Athens State University must provide official transcripts from all colleges or universities previously attended. These transcripts will be reviewed to determine admissibility. For further information contact the Director of Admissions at (256) 233-8217.

A transfer student who is admitted with a cumulative GPA of less than 2.0 will be admitted on Academic Probation. If, at the conclusion of the semester in which the transfer student admitted on Probation has attempted a total of 12 semester hours at ASU, and the Cumulative GPA at ASU is 2.0 or above, the student's status is "clear."

If, at the conclusion of the semester in which the transfer student admitted on Probation has attempted a total of 12 semester hours at ASU, and the semester GPA at ASU is 2.0 or above, but the Cumulative GPA is less than 2.0, the student will remain on Academic Probation.

If, at the conclusion of the semester in which the transfer student admitted on Probation has attempted a total of 12 semester hours at ASU, and the semester GPA at ASU is less than 2.0, the student is suspended for one semester. The transcript will read SUSPENDED - ONE SEMESTER.

A student who has been suspended indefinitely from another institution during the current academic year will not be permitted to enter Athens State University. However, the student who has been out of school for more than one year after being suspended indefinitely by another institution will be considered for admissions.

ADMISSION OF NON-DEGREE SEEKING STUDENTS

A student who has not completed the required number of credit hours to be accepted as a regular degree-seeking student and who wishes to pursue a limited objective may be admitted to Athens State University as a non-degree-seeking student. Non-degree seeking students should not circumvent attendance at the community/junior/technical college. Such a student should report directly to the Office of Admissions for permission to enter. Records are kept of the work completed and credits are transferable. The non-degree seeking student is ineligible for financial aid, veteran's benefits, or federal aid funding under Title IV.

Limited Objectives:

Auditing - Any individual may elect to attend classes at Athens State University on an audit basis, provided he or she has completed an application for admission. Credit is not awarded for audited classes. Audited courses will be allowed on a space available basis. No change from audit to credit is allowed. A student who is currently attending high school or who has not earned a high school diploma or equivalent may only audit courses at Athens State University.

Personal Enrichment - A person who wishes to attend Athens State University for personal enrichment or self-improvement will be limited to six semester hours per term with credit recorded as for a regular degree-seeking student.

Teacher Certification - A student holding a degree from another institution and taking courses at Athens State University for teacher certification purposes is required to submit one copy of all official transcripts from each institution previously attended. These transcripts are not evaluated or recorded but are used in determining teacher certification requirements. (See Teacher Education Program.)

DROP AND ADD

For a period specified in the University calendar immediately following registration periods, courses may be dropped and other courses added upon completion of the following requirements:

1. The student must complete the appropriate forms in the Admissions Office; and,
2. Make payments as required in the Financial Affairs Office. The student is responsible for notifying the academic advisor of schedule changes.

Prior to making a change in schedule, students receiving veteran's benefits must see the Coordinator of Veterans' Affairs; those receiving other financial aid should check with the Director of Student Financial Services.

S.I.R. AGREEMENT (SPECIAL INSTRUCTIONAL REQUEST)*

Athens State University and Calhoun Community College cooperate in a Special Instructional Request (S.I.R.) program. Grades are reported to the Athens State University Records Office and recorded on the student's Athens State University transcript. Students are subject to English and/or mathematics placement exam (ASSET) at Calhoun. Students registering for mathematics and English courses must contact the Placement Office at Calhoun. Students are not permitted to participate in S.I.R. during their final semester at ASU. (S.I.R. students are not allowed to take Calhoun telecourses or distance learning.) Registering for any course that is less than a 100 level is prohibited through the S.I.R. program. S.I.R. classes will not be counted as senior level courses in the general university requirements for graduation.

To participate in this program, the Athens State University student:

1. **must be deficient in one of the courses in the Gen. Ed. Requirements (Areas I-V).**
2. must receive approval of advisor.
3. must acquire course reference number from the Office of Academic Affairs
4. must register at the Admissions Office during the dates listed for online registration.
5. must pay ASU tuition for the S.I.R. course.
6. must process all S.I.R. withdrawals in ASU Admissions Office.
7. must register for an ASU course for every S.I.R. course.

Athens State University students are considered visiting students under the S.I.R. program and are placed in Calhoun courses only after all Calhoun students are registered.

CONSORTIUM AGREEMENT

Athens State University participates in a Consortium Agreement with The University of Alabama in Huntsville, Alabama A&M University, and Oakwood College. To participate in the program, the student:

1. must be considered a full-time student at Athens State University.
2. may take only one (1) consortium course per semester.
3. must maintain at least a "C" average. (2.0 on a 4.0 scale)
4. must secure faculty advisor's approval of the course to be taken.
5. may request participation only during pre and regular registration.
6. must not participate in Consortium agreement during the final semester in which graduation at Athens State University is anticipated.

The course to be taken must not be available to the student at his/her home institution and it must be in his/her approved schedule and curriculum plan.

TRANSFER CREDIT RESTRICTIONS

After achieving junior status or sixty-four semester hours, a student may not transfer credit for courses taken at a junior college except by prior written permission from the dean of the appropriate school. A student's overall grade point average must be 2.0 or higher (transfer and Athens State University credits). No more than 64 semester hours of junior/community college credit will apply toward graduation degree requirements.

Transfer students who have completed a major before enrolling at Athens State University may be required to take selected courses for the major at this institution.

Course credit taken at the graduate level or applied toward a graduate degree will not be accepted at Athens State University or recorded on the Athens State University transcript. However, certain courses may be used as substitutions or waivers for a specific course in the Athens State University degree program but will not affect the total hours residency required for that degree program.

TRANSIENT CREDIT

Any student in good standing who desires to take a course at another institution and transfer credit to Athens State University must first petition to do so through his or her advisor. A letter of permission must be obtained from the Admissions Office. The total number of hours taken cannot exceed the maximum allowed in a term at Athens State. Special permission to return to a junior college must be obtained from the dean of the appropriate academic school.

Students on probation are ineligible to enroll for transient credit at other institutions and courses taken elsewhere will not be accepted.

Students should not participate in transient coursework during the final semester in which graduation at Athens State University is anticipated.

Transcripts of transient work to be applied toward meeting graduation requirements must be received by the Athens State University Admissions Office within the next semester after credit is earned, and at least ten weeks prior to the date of graduation.

TRANSFERABILITY AND APPLICABILITY OF COLLEGE CREDIT WITHIN THE UNIVERSITY

Transferability refers to the condition under which the University accepts credits from other postsecondary institutions for inclusion in the student's records. Such course work must be relevant to the degree the student is seeking and will be evaluated as to content and level of instruction resulting in student competencies at least equivalent to those of students enrolled at Athens State University.

Applicability of credit toward a degree refers to the prerogative of the School to count specific credit toward the fulfillment of a student's degree requirements.

STANDARDS OF ACADEMIC PROGRESS

The Athens State University policy for satisfactory academic progress is designed to assist the student in meeting and maintaining a level of achievement that will assure reasonable progress toward graduation. All students should be aware that a cumulative minimum grade point average of 2.0 on a 4.0 scale is required for graduation in all Colleges except the College of Education (graduates must have a 2.5/2.75--see College of Education guidelines for specifics and the College of Arts and Sciences graduates must have a 2.5 GPA in the appropriate majors). Students with probationary status at Athens State University cannot receive permission to take coursework from another institution. Credit earned at another institution may not be used to clear probationary status at Athens State University.

Academic Probation for Currently Enrolled Students

An academic review of each student's record occurs at the completion of each term. When a student is placed on a status of probation or suspension, University officials may provide intervention for the student by taking steps including, but not limited to, imposing maximum course loads and/or prescribing specific courses. Any student who was admitted on "clear" status and whose grade point average at Athens State University falls below 2.0 is immediately placed on academic probation.

Suspended--One Semester

A student whose subsequent grades in the next term do not meet the required 2.0 will be placed on One Term Academic Suspension. The transcript will read SUSPENDED--ONE SEMESTER. **If you are suspended, you will be withdrawn from classes that you have pre-registered for the next term.**

Suspended--One Semester/Readmitted

A student who is suspended for one semester may appeal to the Admissions Committee. If, after appeal, the student is readmitted without serving the one semester suspension, the transcript will read SUSPENDED--ONE SEMESTER/READMITTED UPON APPEAL.

Appeal Process

If a student declares no contest of the facts leading to suspension but simply wishes to request consideration for readmission, the student may submit a typed request for an "appeal for readmission" to the Admissions Committee within a designated,

published number of days of receipt of the notice of suspension. The decision of the Admissions Committee, together with the materials presented by the student, shall be placed in the college's official records. Equity, reasonability, and consistency shall be the standards by which such decisions are measured. Students will be notified in writing of the decision within 10 instructional days after receipt of the request for appeal. All requests for appeals must be received within 5 instructional days following receipt of notice of suspension.

Suspended--One Year
The student who is readmitted upon appeal reenters the institution upon Academic Probation. A student on Academic Probation after being suspended for one semester (whether the student has served the suspension or has been readmitted upon appeal) and who does not achieve a 2.0 at Athens State University in the subsequent semester will be placed on One Year Academic Suspension. The transcript will read SUSPENDED--ONE YEAR.

Suspended--One Year/Readmitted Upon Appeal
The student who is suspended for one year may appeal to the Admissions Committee. If, after appeal, the student is readmitted without serving the one year suspension, the transcript will read SUSPENDED--ONE YEAR/READMITTED UPON APPEAL.

Academic Probation
A student with less than a 2.0 GPA may appeal to the Admissions Committee with a typed request to be admitted on Academic Probation. A student who is admitted by appeal and placed on academic probation (less than a 2.0 GPA) must secure at least a 2.0 grade point average on all courses attempted at Athens State University. The student will have twelve (12) semester hours to bring the cumulative GPA to 2.0 (average of all grades secured from transfer hours and Athens State University hours). Failure to secure a 2.0 will result in the student being suspended for one semester. The transcript will read SUSPENDED-ONE SEMESTER.

Academic Bankruptcy
According to State Board Policy, a student may request in writing to the registrar to declare academic bankruptcy under the following conditions:

1. If fewer than three calendar years have elapsed since the semester for which the student wishes to declare bankruptcy, the student may declare academic bankruptcy on all coursework taken during that one semester provided the student has taken a minimum of 18 semester credit hours of coursework at the institution since the bankruptcy semester occurred. All coursework taken, even hours completed satisfactorily, during the semester for which academic bankruptcy is declared will be disregarded in the cumulative grade point average.

2. If three or more calendar years have elapsed since the most recent semester for which the student wishes to declare bankruptcy, the student may declare academic bankruptcy on all coursework taken during 1-3 semesters provided the student has taken a minimum of 18 semester credit hours of coursework at the institution since the bankruptcy semester occurred. All coursework taken, even hours completed satisfactorily, during the semester(s) for which academic bankruptcy is declared will be disregarded in the cumulative grade point average.

When academic bankruptcy is declared the term "ACADEMIC BANKRUPTCY" will be reflected on the transcript for each semester affected. When academic bankruptcy is declared, the transcript will reflect the semester of its implementation and the transcript will be stamped "ACADEMIC BANKRUPTCY IMPLEMENTED." A student may declare academic bankruptcy only once.

Implementation of academic bankruptcy at an institution does not guarantee that other institutions will approve such action. This determination will be made by the respective transfer institutions.

TRANSCRIPT REQUESTS FROM ATHENS STATE UNIVERSITY

The Records Office must have a written request from the student to have a transcript sent to another college, agency, place of employment, etc., or to the students themselves. OFFICIAL copies of transcripts must be mailed by the Records Office. The following information is helpful in processing your transcript request:

1. Date of Birth
2. Social Security Number
3. Approximate dates of attendance at Athens State
4. Signature (required)
5. Recipient of transcript's complete mailing address
6. All official and student copy's that are to be mailed/faxed will be charged a $5.00 fee (Official copies cannot be faxed).
7. First copy is free.
8. There is no charge for unofficial copies that are obtained in person from the Records Office.

Requests are normally processed within two to three days. There are longer delays during registration periods and at the end of the semester.

COUNSELING AND CAREER SERVICES

Counseling and Career Services is located in Room 230, upper floor of the Sandridge Student Center and includes: Personal and Career Counseling, Career Services, Cooperative Education, Student Employment Services, and Services for Students with Disabilities. Appointments may be made by calling 233-8285 between 8:00 a.m. and 4:30 p.m., Monday through Friday; other hours by appointment only. The office website is www.athens.edu/counseling.

COUNSELING

The Office of Counseling Services supports the educational mission of the University through a series of mental health support services aimed at enhancing opportunities for academic and personal success, thus increasing student retention. Through confidential counseling sessions, the Office assists students with developmental or personal adjustment issues, impediments to academic success, and career transition concerns. All services are provided with strict guidelines mandated by institutional and regulatory policies to ensure students' right to privacy.

Counseling is provided through one-on-one counseling interviews, and by using assessment instruments, when appropriate, to promote self understanding and self management. All counseling services are confidential. A licensed professional counselor is available. (www.athens.edu/counseling/counseling)

Career counseling is provided to assist students with the following: deciding upon and selecting a major field of study; measuring interests, abilities and values through assessment instruments in relation to selecting a career goal; and, providing job search information and resources related to making the transition from the University to full-time professional employment. Resources available include a career library, graduate school information, and employer information.

CAREER SERVICES AND COOPERATIVE EDUCATION

The Office of Career Services and Cooperative Education provides high quality services and resources to assist students choose and prepare for careers, learn job searching skills, and find employment. In addition, the Office provides cooperative education opportunities for students. The Office operates as a one-stop resource center hosting and participating in job fairs, disseminating job availability listings, and providing instruction and assistance on career planning, resume writing, and interviewing techniques.

Career Services includes an information center which emphasizes job search skill development and promotes employment opportunities for currently enrolled students and alumni. It is the aim of the Career Services Office to assist the student in making sound career choices and at the same time provide employers with well-qualified candidates. Career Services is intended to support the student's job search. Career Services provides information on employers and employment opportunities, resource materials, individual appointments, interview opportunities and job fairs. Career Services does not function as a placement agency, and cannot guarantee employment. The job search is ultimately the candidate's responsibility. Students are encouraged to use the career services available to maximize employment opportunities upon graduation.

Student Employment (JLD) is a program referring currently enrolled students to part-time job positions available in northern Alabama and southern Tennessee. Eight job bulletin boards, which are updated bi-weekly, are located outside the Career Services Office (second floor of the Student Center), in Chasteen Hall, Founder's Hall, Waters Hall, in the Library, in the Classroom Building, Carter P.E. Building, and in McCain Hall. Notification is also sent to students via their campus email address.

Professional Referral Services will establish a credentials file for each graduating student, and refer job candidates to employers who make requests for qualified job candidates. A credentials file consists of a registration form, signed authorization form and five copies of a resume. Education majors are additionally required to submit an unofficial transcript and three recommendations. Students are encouraged to register in Career Services at least six months before graduation. Students are encouraged to register on-line at www.athens.edu/counseling, under "Career Services."

Job Search Assistance is available on an individual basis by appointment. Professional staff will help with resume development and will assist individuals develop a personal job search plan. An elective one-credit course called Career Strategies (GBA 364, PSY 364, ED 364) is offered each fall and spring semesters to prepare students for a pro-active job search.

Job Fairs

1. The Career Connections "Fall" Job Fair is held each October on campus and is open to the public. The employers invited are primarily business and government.

2. Athens State University participates as one of sixteen colleges in the ***Nashville Area College to Career Fair*** and the ***Nashville Area Teacher Recruitment Fair*** offered each spring semester to prepare students for a pro-active job search. Over 200 employers participate annually. Information on these events may be obtained at www.nashvillefairs.org.

3. Students and Alumni are invited to participate in the ***North Alabama Connection: Professional***

Employment Day (NACPED) scheduled in Huntsville each February. This event began in 1985 and annually attracts over 150 employers seeking liberal arts, science, computer science, behavioral science, business and education graduates. Information on this event may be obtained at www.athens.edu/counseling/NACPED/index.html.

4. The Education/Community Service Job Fair is held each spring semester on campus and is open to the public. A variety of public and private school systems attend, as well as government and social service agencies.

5. **Graduate School Information** is available through the Career Services Office and ASU Library. A Graduate School Information Day with national universities is scheduled in Huntsville each October, as part of the Alabama Graduate School Consortium. Local graduate schools are invited to participate in the Fall Career Fair in October on campus. Students are additionally encouraged to meet with their faculty advisor to discuss the planning process for applying to graduate school programs and how to put together a strong graduate school application. Check www.athens.edu/counseling/graduate for helpful links.

COOPERATIVE EDUCATION

The Office of Career Services and Cooperative Education provides high quality services and resources to assist students choose and prepare for careers, learn job searching skills, and find employment. In addition, the Office provides cooperative education opportunities for students. The Office operates as a one-stop resource center hosting and participating in job fairs, disseminating job availability listings, and providing instruction and assistance on career planning, resume writing, and interviewing techniques.

The Cooperative Education Program is designed to give students the opportunity to integrate their classroom study with practical work experience in their major field. Alternating parallel and special arranged plans are available. A combination of Cooperative Education credit hours earned in CP 301-308, CP 401-406, will not exceed eight semester hours of elective credit toward graduation (See Cooperative Education Course Descriptions.)

The Parallel Plan is a series of courses in which students are engaged in a work situation directly related to their academic major and attend classes concurrently. The parallel plan requires that the student work part-time (usually 20-25 hrs/week) while attending University classes full time. (One semester hour of elective credit is earned for the parallel plan.)

The Alternating Plan is a series of courses in which students are engaged in full-time study for one semester, then switch to full-time employment (forty hours per week) directly related to their academic major for the following semester. (Two semester hours of elective credit are earned each work semester for the alternating plan.)

The Special Arranged Plan allows the student who does not qualify under the guidelines for Parallel/Alternating Plans to work and attend classes in the cooperative education setting and is approved on a semester-by-semester basis. (One semester hour of elective credit is earned for the special arranged plan.)

Eligibility and Application Procedure

All students who have chosen a major field of study and completed at least six semester hours at Athens State University are eligible provided they meet the following criteria. The Cooperative Education Office will nominate qualified students to employers based on employer requests and requirements.

Student must:

1. Be in good standing and maintain an overall GPA of 2.5.
2. Intend to fulfill the requirements of the Co-Op Program and be a prospective candidate for graduation at Athens State University.
3. Complete a "Cooperative Education Application" which is available online.
4. Provide a copy of the latest unofficial college transcript, a current resume, and one letter of recommendation.
5. Arrange for a preliminary interview with a member of the Cooperative Education staff to discuss career goals and preferred work assignments.

Grading:

Grades are based on the employer's evaluation of the student's acquired knowledge and skills, the student's work report evaluation, class attendance, and the quality of reports/portfolio submitted by the student.

SERVICES FOR STUDENTS WITH DISABILITIES

Disabilities Services aims at ensuring that all academic programs, services and facilities are accessible to persons with disabilities. The Office advances equal opportunities for students with disabilities by providing a welcoming environment and the opportunity for academic success with as few deterrents as possible through reasonable and appropriate physical accommodations. The Disabilities Services Office (DSO) supports the University's retention and graduation goals through its attempt to retain and graduate students registered with Disability Services at the same rate as non-disabled students.

Athens State University fully supports and complies with the Americans with Disabilities Act (ADA) of 1990 and Section 504

of the Rehabilitation Act of 1973.

A disability is defined as a mental or physical impairment that substantially limits a major life activity, which includes learning. Some of the types of disabilities for which students have requested accommodations in the past include: visual, auditory, mobility, speech, LD, ADD/ADHD, closed head injury, psychological, and various chronic health issues.

A student with a disability who requires academic accommodations must schedule an appointment to see DSO staff prior to the start of the first semester at Athens State. An interview will be conducted to determine the extent of the disability and the types of academic accommodations provided by the University will be discussed in detail at that time.

The DSO provides individual assistance for students with disabilities: assistance with registration, counseling, auxiliary equipment, audio books, assistance locating notetakers and readers, interpreters, classroom accommodations, and liaison with faculty, Admissions, Financial Aid, and community resources. The type of academic accommodations provided varies with each individual's unique situation and specific needs www.athens.edu/counseling/disability. All information is handled confidentially 256-233-8285.

Students needing accommodations must be able to provide recent written documentation on letterhead from a physician, certified vocational rehabilitation counselor, psychologist or LPC, or prior postsecondary institution attended regarding the nature and extent of the disability, including recommendations for accommodations. This professional documentation will help the DSO determine those accommodations that will be most beneficial in an academic environment.

The Self-Evaluation Plan and Transition Plan for the campus are available through the University Library, as required by the ADA.

NON-TRADITIONAL ACADEMIC CREDIT

PHILOSOPHY AND PURPOSE

The non-traditional academic credit program at Athens State University is an acknowledgment of the philosophy that it is valid educational practice to recognize and award academic credit for various types of learning attained outside the institution. Such learning may have been acquired through certain educational programs conducted by government, business and industry, the military, and other non-collegiate organizations. In addition, non-traditional academic credit may be awarded for acceptable work experience, and/or technical training. The eligible Athens State University student may apply for non-traditional experiences and training to several programs of study leading to a baccalaureate degree.

ELIGIBILITY

The student who makes application for non-traditional academic credit must have maintained active and current enrollment as a degree seeking student at Athens State University for a minimum of one academic semester. Applicants for non-traditional academic credit are expected to have satisfied the admission standards as published in the Athens State University catalog. However, applicants who do not otherwise satisfy the minimum semester hour standards for admission, and who are eligible for one or more types of non-traditional credit may use work/military experience credit to justify admission to Athens State University provided:

1. The experience is judged to be equivalent to completion of a technical degree program in an accredited technical college.
2. The experience is judged to be not less than the minimum hours of college credit required of junior and senior college transfers.
3. The applicant has completed at least eighteen semester or thirty quarter hours of coursework at a regionally accredited institution.
4. The completed coursework includes Written Composition I and II, and Pre-calculus Algebra or the equivalent.
5. The applicant has maintained at least a 2.0 on a 4.0 scale on all coursework attempted.

Admission to Athens State University will be considered conditional until transcripts from all previously attended colleges and universities, and documentation for all non-traditional credits have been received and verified. All transcripts and non-traditional credit must be received within ten (10) weeks of the first semester of enrollment.

Official evaluations will be processed when (1) the applicant has presented proof of satisfactory completion of one semester at Athens State University, and (2) transcripts from all previously attended institutions have been recorded.

LIMITATIONS

- Credit from non-traditional sources will be granted only if such credit does not duplicate other academic credit.
- Non-traditional academic credit is granted only if such credit is applicable to the student's course of study.
- A maximum of sixty-four semester hours earned through non-traditional/non-graded sources may be applied toward a student's degree program.
- Applications for non-traditional academic credit will not be accepted during the student's final semester of enrollment.

PUBLICATION GUIDES

Publications used as guides in the office of Non-Traditional Credit are as follows:

1. The American Council on Education (ACE)
2. Guide to the Evaluation of Educational Experiences in the Armed Services.
3. The National Guide to Educational Credit for Training Programs.
4. Other guidebooks and manuals as provided by appropriate accrediting agencies.

TYPES OF NON-TRADITIONAL ACADEMIC CREDIT

The types of non-traditional academic credits processed by the Office of Non-Traditional Credit, the documentation requirements and the procedures to be followed are:

Military Training

United States Air Force members whose military experience has been accepted by the Community College of the Air Force, need not apply for non-traditional academic credit but should have transcripts forwarded from CCAF directly to the Admissions Office.

Academic credit may be awarded to students who have served in the Armed Forces and have completed specialized training provided the following documentation is received:

1. AARTS Transcript (For information on obtaining copies, go to http://aarts.army.mil)
2. SMART Transcript (For information on obtaining copies, go to https://www.navycollege.navy.mil/transcript.html)
3. Copies of DD214, DA21, DA20, and DD295.
4. Copies of certificates, awards, and/or other related military courses or training.

Military documentation will be evaluated in conformance with:

- **Military Occupational Specialties** (MOS)
 Appropriate college credit will be granted based on the exhibit date and the ACE course credit recommendation.
- **Military Education**
 Appropriate academic credit will be granted based on the date and place the course(s) was taken and the ACE course credit recommendation. Academic credit may be awarded at the lower division or upper division category in accordance with ACE recommendations. **Duplication of credits will not be granted.** The decision to accept academic credit from military evaluations toward specific courses in a degree program will be made by the student's academic advisor.

Career/Technical/Professional Education

Academic credit may be awarded for career and technical professional education provided the following documentation is received:

1. Documentation for teaching professional education such as a letter from a director or president specifying length of tenure as a teacher, and validating the successful nature of the experiences.
2. Documentation status card.
 a. Journeyman status card.
 b. Apprenticeship certificate.
 c. Journeyman examination credentials.
3. Documentation of additional training.
 a. Any certificates, letters, or transcripts of additional technical training.
 b. Official transcripts from all previously attended educational institutions.
4. A $100.00 non-refundable filing fee will be assessed for the evaluation process.

Career/technical experience may require validation by the National Occupational Competency Testing Institute (NOCTI) or another comparable examination of competency approved by the Postsecondary Education Services of the State Department of Education.

For certification requirements, at least three years of compensated career/technical work experience in the technical specialty is required for those who have completed a formal postsecondary technical training program; those who have not completed the formal technical training must have completed six years compensated work experience in the technical specialty. The decision to award career/technical/professional education credits will be made by the Career and Technical Education advisor, and the non-traditional academic credit evaluator.

Nursing And Other Health Related Professional Training

Academic credit may be awarded to a student who has completed a professional training program in nursing or other health related professions and holds a license. The following documentation is required:

1. Official transcripts of educational training.
2. Copy of license or proof of successful completion of a State Board Examination.
3. Documentation and verification of work experience in related field, including dates of service and positions held.
4. A $100.00 non-refundable filing fee will be assessed for the evaluation process.

The decision to accept nursing and other health related professional training toward specific courses will be made by the Health Sciences advisor, and the non-traditional academic credit evaluator.

Technical Work Experience Credit

Up to a maximum of 39 semester hours of academic credit may be awarded as a Basic Technical Specialty established through compensated work experience in selected technical fields. The Basic Technical Specialty is intended primarily to satisfy technology core requirements and is awarded as lower division block credit. The procedures for the evaluation of

such credit are as follows:

1. The student must present appropriate documentation of at least six or more years of successful compensated work experience in an approved technology. **Only one Basic Technical Specialty will be awarded.**
2. The application must be made in writing to the evaluator of non-traditional academic credit.
3. A non-refundable filing fee of $100.00 will be assessed for the evaluation process.

The decision to accept technical work experience toward a student's degree program will be made by the Academic Advisor and the dean of the appropriate academic school. The decision is final and absolute.

Work-based Academic Credit

Up to a maximum of twenty-seven (27) hours of senior college credit may be earned through the College Level Examination Program (CLEP). For more information regarding CLEP, please contact the Testing Coordinator at 256 233-6540. The Testing Coordinator's office is located on the first floor of Founders Hall.

Police Academies

Academic credit may be awarded to students who have completed police academy training and who have acceptable work experience with law enforcement agencies. The procedures for evaluation of such credit are as follows:

1. The student must submit proof of police academy training.
2. The student must submit letters of documentation from employers/supervisors indicating dates of service and positions held.
3. A $100.00 non-refundable filing fee may be assessed for the evaluation process.

The decision to accept credit for police academy training will be made by the Justice Studies advisor, and the evaluator of non-traditional academic credit.

Public Safety Administration

Students majoring in Public Safety Administration may be eligible to obtain up to a maximum of twelve (12) semester hours upper-division academic credit for experience and advanced professional certification. Academic credit may be awarded for official professional certification in a public safety field and/or work experience in a public safety supervisory and/or administrative position. Credit for basic certification or credit previously awarded at another level or through another institution will not be duplicated.

Students meeting the qualifications for extra-institutional credit must register for particular courses in which the students' credentials are assessed and appropriate credits awarded. Each course is three (3) semester hours credit, and carries the standard per hour tuition. Students assume the responsibility for registering for the appropriate course(s) credits, and for submitting to their Public Safety Administration Faculty Advisor all appropriate certificate copies and documentation of appropriate work experiences. Students successfully documenting advanced professional skills and administrative experience will be awarded a score of "P" (passing) for appropriate coursework. Students may NOT register for this coursework their first term at Athens State University, but MUST register for this coursework prior to their last term registration.

- **PSA 459D Public Safety Supervisor** (Must provide a letter of appointment from agency)
- **PSA 460D Public Safety Manager/Administrator** (Must provide a letter of appointment from agency)
- **PSA 461D Paramedic** (Must provide a copy of certificate)
- **PSA 462D Haz-Mat Technician** (Must provide a copy of certificate)

The decision to award credit for Public Safety Administration evaluations will be made by the Public Safety Administration advisor.

Other Types Of Non-traditional Academic Credit

Academic credit may be awarded from other professional organizations, Certification Boards, Associations, Government Agencies, and institutions provided proper documentation is submitted and accepted as appropriate and valid by the evaluator and respective school dean(s). There is a $100.00 non-refundable filing fee that will be assessed for the evaluation process.

For additional information on Non-Traditional Academic Credit, students should contact the Excecutive Assistant to theVice President of Student Affairs at 256-233-8268. The office is located upstairs in the Sandridge Student Center.

STUDENT ACTIVITIES

The Office of Student Activities aims at enhancing the social development of students by providing programs that offer cultural, recreational and personal growth opportunities and the development of leadership skills. Through its sponsorship and support of student extracurricular activities, the Office fosters a campus community within the context of a primarily commute and distance learning-strong University. The Office also promotes student representation in University governance via its strong support of the Student Government Association and oversees publication of the student newspaper, *The Athenian.*

Athens State University students are strongly encouraged to participate in campus extracurricular activities and to utilize the services provided by the University. Additional detailed information concerning these activities and services, the rules and regulations relative to student conduct, and student rights and responsibilities is found in the Student Handbook.

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association shall be open to any student who is currently enrolled at Athens State University; who has completed the application, attends regular meetings, and participates in Student Activities sponsored events. Officers and organizational representatives are elected annually. The University organizational structure provides for and encourages democratic student involvement in the affairs of the University.

The Student Government Association meets at regular intervals and the meetings are open to all students who wish to observe the proceedings. Every student should feel at liberty to make suggestions to the Student Government Association, to any committee, or to any officer of the University administration.

CLUBS AND ORGANIZATIONS

See Student Handbook for "Clubs and Organizations."

STUDENT PUBLICATIONS

The Athenian. The university newspaper is The Athenian and provides an opportunity for students to develop in the field of journalism and to express themselves on campus issues. There are scholarships available for the assistant and editor positions. Please feel free to submit articles to the paper for publication. Check with *The Athenian* office in Student Activities for deadline dates and office hours.

The Gyre is an annual student publication which gives the student an outlet for creative writing. All stories and poems are student written.

DRUG AND ALCOHOL ABUSE PREVENTION POLICIES

Athens State University is a public educational institution of the state of Alabama and, as such, shall not permit on its premises, or at any activity which it sponsors, the possession, use, or distribution of any alcoholic beverage or any illicit drug by any student, employee, or visitor. In the event of the confirmation of such prohibited possession, use, or distribution by a student or employee, Athens State University shall, within the scope of applicable federal and state due process requirements, take such administrative or disciplinary action as is appropriate. For a student, the disciplinary action may include, but shall not be limited to, reprimand, or suspension or termination of employment or requirement that the employee participate in and/or successfully complete an appropriate rehabilitation program. Any visitor engaging in any act prohibited by this policy shall be called upon to immediately desist from such behavior.

If any employee, student, or visitor shall engage in any behavior prohibited by this policy which is also a violation of federal, state, or local law or ordinance, that employee, student, or visitor shall be subject to referral to law enforcement officials for arrest and prosecution.

LEGAL SANCTIONS REGARDING UNLAWFUL USE, POSSESSION, OR DISTRIBUTION OF ALCOHOLIC BEVERAGES AND ILLICIT DRUGS

State Offenses

Activities which violate Alabama laws concerning illicit possession, use, and distribution of alcoholic beverages or drugs include, but are not limited to, the following. (Those provisions which refer to drug "Schedules" are making reference to the authorization by the State Legislature for the State Board of Health to classify drugs in terms of their potential for abuse and their current usage in medical treatment. Schedule I consists primarily of "street drugs" such as heroin, morphine, marijuana, LSD, Mesaline, etc. Schedule II includes opium, cocaine, and methadone, among other illicit drugs. Schedule III drugs include those which have less potential for abuse than Schedule I or II, and those substances with the least potential for abuse are included in Schedules IV and V. The Schedules may be found at Code of Alabama (1975), Sec. 20-2-23, et. seq.)

1. Public intoxication is punishable by up to 30 days in jail. (Code of Alabama 1975), Sec. 13A-11-10.
2. Possession, consumption, or transportation of an alcoholic beverage by a person of less than 21 years of age is punishable by a fine of $25.00 - $100.00 or a 30-day jail term. (Code of Alabama, Sec. 28:1-5).
3. Possession or distribution of an alcoholic beverage in a dry county is punishable by a fine of $50.00 - $100.00 and, in the discretion of the judge, a jail sentence of up to six (6) months. (Code of Alabama, Sec. 28-4-20, et. seq.)

4. Possession of an alcoholic beverage illegally manufactured or illegally brought into the state of Alabama is punishable by a fine of $100.00 - $1,000.00 plus, in the discretion of the judge, a jail sentence of up to six (6) months. (Code of Alabama, Sec. 28-01-1).
5. Driving or being in actual physical control of a vehicle while under the influence of alcohol or other drugs is punishable, upon the first conviction, by a fine of $250.00 - $1,000 and/or one year in jail plus suspension of driver's license for 90 days. (Code of Alabama, Sec. 32-5A-191.)
6. Possession of marijuana for personal use is punishable by a fine of up to $2,000.00 and/or a jail sentence of up to one year. (Code of Alabama, Sec. 13A-12-214.)
7. Possession of marijuana for other than personal use is punishable by a fine of up to $5,000.00 and a prison sentence of not more than ten years. (Code of Alabama, Sec. 13A-12-213.)
8. The selling, furnishing, or giving away, manufacturing, delivery or distribution of a controlled substance listed in Schedules I-V of the Alabama Controlled Substance Act is punishable by a fine of up to $10,000.00 and/or a prison term of not more than 20 years. (Code of Alabama, Sec. 13A-12-211.)
9. The selling, furnishing or giving by a person 18 years or older to a person under the age of 18 years of age any controlled substance listed in Schedules I-V of the Alabama Controlled Substance Act is punishable by a fine up to $20,000.00 and a prison term of up to $20,000 and/or a prison term of up to life. (Code of Alabama, Sec. 13A-12-215.)
10. Possession of a controlled substance enumerated in Schedule I through V is punishable by a fine of not more than $5,000.00 and/or a prison term of not more than 10 years. (Code of Alabama, Sec. 13A-12-212.)
11. Conviction for an unlawful sale of a controlled substance or, within a three mile radius of, an educational institution brings with it an additional penalty of 5 years of imprisonment with no provision for parole. (Code of Alabama, Sec. 13A-12-250.)
12. The use or possession with intent to use, of drug paraphernalia is punishable by up to three months in jail and/or a fine of up to $50.00. (Code of Alabama, Sec. 13A-12-260.)
13. The sale or delivery of, or possession with the intent to sell or deliver, drug paraphernalia is punishable by not more than 10 years in prison and/or a fine of up to $5,000.00. If the delivery or sale is to a person under 18 years of age, it is punishable by up to 20 years in prison and/or a fine of up to $10,000.00 (Coof Alabama, Sec. 13A-12-260.)

Penalties for subsequent violations of the above-described provisions are progressively more severe than the initial convictions.

Federal Offenses

Activities which violate federal laws concerning illicit possession, use, and distribution of alcoholic beverages and drugs include, but are not limited to, the following:

21 U.S.C. 841 makes it a crime: (a) to manufacture, distribute, or dispense, or possess with intent to manufacture, distribute, or dispense, a controlled substance; or (b) to create, distribute, or dispense, or possess with intent to distribute or dispense, or counterfeit substance.

(The U.S. Code establishes, and authorizes the U.S. Attorney General to revise as needed, classifications of controlled substances. The drugs are each classified in one or m ore of five 'schedules," Schedule I being comprised essentially of "street drugs" and Schedule V being comprised of drugs with a "low potential for abuse" when compared with drugs in Schedules I-IV. Examples of Schedule I drugs are heroin and marijuana. PCT, for example, is a Schedule II drug. Amphetamine is a Schedule III drug, while Barbital is a Schedule IV drug. An example of a Schedule V drug would be a prescription medication with not more than 200 mg. of codeine per 100 grams.)

The penalties for a first offense conviction of violating the laws described in items (a) and (b) above are:

1. In the case of a Schedule I or II drug which is a narcotic drug, not more than $25,000, or both.
2. In the case of a Schedule II drug which is not a narcotic drug or in the case of a Schedule III drug, not more than five (5) years in prison, a fine of not more than $15,000.00, or both.
3. In the case of a Schedule IV drug, not more than three (3) years in prison, a fine of not more than $10,000.00 or both.
4. In the case of a Schedule V drug, not more than one (1) year in prison, a fine of not more than $5,000.00 or both.
5. Notwithstanding subparagraphs 91) through (4) above, the distribution of a small amount of marijuana for no remuneration is punishable by imprisonment of not more than one (1) year and/or a fine of not more than $5,000.00.
6. Notwithstanding subparagraph 91) through (4) above, the manufacture, possession, or distribution, or intent to manufacture, possess, or distribute pheneyclidine (PCP, "angel dust") is punishable by up to ten (10) years in prison and/or a fine of not more than $25,000.00.

Penalties for subsequent violations of these provisions are progressively more severe than for initial convictions.

Local Ordinances

The local authorities abide by the federal laws concerning illicit possession, use, and distribution of alcoholic beverages and drugs.

HEALTH RISKS OF DRUG AND ALCOHOL USE AND ABUSE

The following is a list of some of the health risks and symptoms associated with the following categories of substances. It is not intended to be the final word on such health risks, since the scientific and medical communities will continue their research into and discoveries concerning the abusive use of drugs and alcohol.

A. Cannabis

1. Includes marijuana, hashish, hashish oil and tetrahydrocannabinol (THC).
2. Regularly observed physical effects of cannabis are a substantial increase in the heart rate, bloodshot eyes, a dry mouth and throat, and increased appetite.

Use of cannabis may impair or reduce short-term memory and comprehension, alter sense of time, and reduce ability to perform tasks requiring concentration and coordination, such as driving a car. Research also shows that students do not retain knowledge when they are "high". Motivation and cognition may be altered, making the acquisition of new information difficult. Marijuana smoke contains more cancer-causing agents than tobacco.
Long-term users of cannabis may develop psychological dependence and require more of the drug to get the same effect. The drug can become the center of their lives.

B. Cocaine

1. Includes cocaine in powder form and a "crack" in crystalline or pellet form.
2. Cocaine stimulates the central nervous system. Its immediate effects include dilated pupils and elevated blood pressure, heart rate, respiratory rate, and body temperature. Occasional use can cause a stuffy or runny nose, while chronic use can accelerate the mucus membranes of the nose. Injecting cocaine with unsterile equipment can cause AIDS, hepatitis, and other diseases. Preparation of freebase, which involves the use of volatile solvents, can result in death or injury from fire or explosion. Cocaine can produce psychological and physical dependency, a feeling that the user cannot function without the drug. In addition, tolerance develops rapidly.

Crack of freebase rock is extremely addictive, and its effects are felt within 10 seconds. The physical effects include dilated pupils, increased pulse rate, elevated blood pressure, insomnia, loss of appetite, tatile hallucinations, paranoia, and seizures. The use of cocaine can cause death by disrupting the brain's control of the heart and respiration.

C. Other Stimulants

1. Includes amphetamines and methamphetamines (speed); phenmetrazine (Preluding); methylphenidate (Ritalin); and "anorectic" (appetite suppresant) drugs such as Didrex, PreSate, etc.

2. Stimulants can cause increased heart and respiratory rates, elevated blood pressure, dilated pupils, and decreased appetite. In addition, users may experience sweating, headache, blurred vision, dizziness, sleeplessness, and anxiety. Extremely high doses can cause a rapid or irregular heartbeat, tremors, loss of coordination, and even physical collapse. An amphetamine injection creates a sudden increase in blood pressure that can result in stroke, very high fever, or heart failure.

In addition to the physical effects, users report feeling restless, anxious, and moody. Higher doses intensify the effects. Persons who use large amounts of amphetamines over a long period of time can develop an amphetamine psychosis that includes hallucinations, delusions, and paranoia. These symptoms usually disappear when drug use ceases.

D. Depressants

1. Includes such drugs as barbiturates, methaqualone (Quaaludes), and tranquilizers such as valium, librium, equanil, miltown, etc.
2. The effects of depressants are in many ways similar to the effects of alcohol. Small amounts can produce calmness and relaxed muscles, but somewhat larger doses can cause slurred speech, staggering gait, and altered perception. Very large doses can cause respiratory depression, coma, and death. The combination of depressants and alcohol can multiply the effects of the drugs, thereby multiplying the risks.

The use of depressants can cause both physical and psychological dependence. Regular use over time may result in a tolerance to the drug, leading the user to increase the quantity consumed. When regular users suddenly stop taking large doses, they may develop withdrawal symptoms ranging from restlessness, insomnia, and anxiety to convulsions and death. Babies born to mothers who abuse depressants during pregnancy may be physical dependent on the drugs and show withdrawal symptoms shortly after they are born. Birth defects and behavioral problems also may result.

E. Narcotics

1. Includes such substances as heroin, morphine, opium, and codeine as well as methadone, meperidine (Demerol), hydromorphine (Dilandin), and such drugs as Percocet, Percodan, Darvon, Talwin, etc.

2. Narcotics initially produce a feeling of euphoria that often is followed by drowsiness, nausea, and vomiting. Users also may experience constricted pupils, water eyes, and itching. An overdose may produce slow and shallow breathing, clammy skin, convulsions, coma, and possibly death.

Tolerance to narcotics develops rapidly and dependence is likely. The use of contaminated syringes may result in disease such as AIDS, endocarditis, and hepatitis. Addiction in pregnant women can lead to premature, stillborn, or addicted infants who experience severe withdrawal symptoms.

F. Hallucinogens

1. Includes phencylidien (PCP), lysertic acid diethylamide (LSD), mescaline, peyote, and psilocybin.
2. Phencyclidine (PCP) interrupts the functions of the neocortex, the section of the brain that controls the intellect and keeps instincts in check. Because the drug blocks pain receptors, violent PCP episodes may result in self-inflicted injuries.

The effects of PCP vary, but users frequently report a sense of distance and estrangement. Time and body movement are slowed down. Muscular coordination worsens and senses are dulled. Speech is blocked and incoherent.

Chronic users of PCP report persistent memory problems and speech difficulties. Some of these effects may last six months to a year following prolonged daily use. Mood disorders--depression, anxiety, and violent behavior--also occur. In later stages of chronic use, users often exhibit paranoid and violent behavior and experience hallucinations. Large doses may produce convulsions and coma, heart and lung failure, or ruptured blood vessels in the brain.

Lysergic acid (LSD), mescaline, and psilocybin cause illusions and hallucinations. The physical effects m ay include dilated pupils, elevated body temperature, increased heart rate and blood pressure, loss of appetite, sleeplessness, and tremors.

Sensations and feelings may change rapidly. It is common to have a bad psychological reaction to LSD, mescaline, or psilocybin. The user may experience panic, confusion, suspicion, anxiety, and loss of control. Delayed effects, or flashbacks, can occur even after use has ceased.

G. Inhalants

1. Includes such substances as nitrous oxide (laughing gas), amyl nitrite, butyl nitrite, chlorohy drocarbons (used in aerosol sprays), and hyro carbons (found in gasoline, glue, and paint thinner.

2. Immediate negative effects of inhalants include nausea, sneezing, coughing, nosebleeds, fatigue, lack of coordination, and loss of appetite. Solvents and aerosol sprays also decrease the heart and respiratory rates, and impair judgment. Amyl and butyl nitrite cause rapid pulse, headaches, and involuntary passing of urine and feces. Long-term use may result in hepatitis or brain hemorrhage.

Deeply inhaling the vapors, or using large amounts over a short period of time, may result in disorientation, violent behavior, unconsciousness, or death. High concentrations of inhalants can cause suffocation by displacing the oxygen in the lungs or by depressing the central nervous system to the point that breathing stops. Long-term use can cause weight loss, fatigue, electrolyte imbalance, and muscle fatigue. Repeated sniffing of concentrated vapors over time can permanently damage the nervous system.

H. Designer Drugs

1. Designer drugs include analogs of fetanyl and analogs of meperidine (synthetic heroin), analogs of amphetamines and methamphetamines (such as "Ectasy"), and analogs of pheneyclidine.
2. Illegal drugs are defined in terms of their chemical formulas. Underground chemists modify the molecular structure of certain illegal drugs to produce analogs known as designer drugs. These drugs can be several hundred times stronger than the drugs they are designed to imitate.

Alcohol is a "psychoactive" or mind-altering drug as are narcotics and tranquilizers. It can alter moods, cause changes in the body, and become habit-forming. Alcohol depresses the central nervous system and too much can cause slowed reactions, slurred speech, and unconsciousness.

Chronic use of alcohol has been associated with such diseases as alcoholism, and cancers of the liver, stomach, colon, larynx, esophagus, and breast. Alcohol abuse can also lead to damage to the brain, pancreas and kidneys; high blood pressure, heart attacks, and strokes; hepatitis and cirrhosis of the liver; stomach and duodenal ulcers; colitis; impotence and infertility; and premature aging. Abuse of alcohol has been linked to birth defects and Fetal Alcohol Syndrome.

WHERE TO GET ASSISTANCE

There is help available for persons who are in need of counseling or other treatment for substance abuse. Listed below are several agencies and organizations which can assist persons in need of such services.

On-Campus Assistance: The Coordinator of Student Affairs at Athens State University is available to students and employees of the University concerning information on substance abuse as well as information on, and assistance in obtaining counseling or other treatment.

National Toll-Free Hot Lines:

1. 1-800-662-HELP (M-F, 8:30 a.m. - 4:30 p.m.)
2. 1-800-241-9746 (M-F, 8:30 a.m. - 5:00 p.m.)
3. 1-800-COCAINE (M-F, 9:00 a.m. - 3:00 p.m.); (Sat.-Sun., 12:00 Noon - 3:00 p.m.)

STUDENT FINANCIAL SERVICES

The Office of Student Financial Services supports the University goal of providing postsecondary education opportunities by assisting qualified Athens State University students pursue their educational goals with funds from grants, scholarships, loans, and Work Study from federal, state, and private sources. The Office is committed to meeting the following goals:

1. ensure compliance with federal, state and institutional regulations and policy requirements governing student financial aid services,

2. maintain funding sources by ensuring program integrity through ongoing staff training and continuing education, external audits, and self evaluations,

3. maximize funds available for Athens State University students to meet their costs of attendance, supplementing the efforts of students and parents in meeting educational goals, and

4. providing quality financial assistance services effectively and efficiently.

The Student Financial Services Office of Athens State University is located in the Classroom Building, Suite 105, first floor, East entrance. Phone: 1-800-522-0272, ext. 122, or 233-8170.

The Student Financial Services Office has two major objectives:

1. To supplement the efforts of the student and parents of the student in meeting educational costs.
2. To provide financial aid to students who would be unable to attend this institution without such assistance.

Athens State University provides this aid through various federal, state, and private sources.

APPLYING FOR AID

The Student must apply for aid each academic year. The recommended application process is via the web @www.fafsa.ed.gov. This site will allow the student (and parent) to apply for federal student aid programs at the Free Application for Federal Student Aid Site. The processed application will determine a student's eligibility for grant and loan programs. Results of this application will be mailed to the student and electronically transmitted to each school listed in the student's application. The Athens State University School Code is 001008.

Use of a U.S. Department of Education PIN Number will speed the application process. A PIN is available online www.pin.ed.gov. The PIN is your electronic signature for the FAFSA, renewal FAFSA and Master Promissory Note for Loans. The PIN is also your access to your online aid history and your access to correct your Student Aid Report Online. Your PIN can be mailed to you in 7 to 10 days or e-mailed within 72 hours. **KEEP YOUR PIN IN A SAFE PLACE—WE DO NOT HAVE ACCESS TO IT FOR YOU.**

Students requesting loan funding must also meet the one- time requirements of and a online. The entrance counseling is available www.diservicer.ed.gov. The Master Promissory note requires a number to complete and is available @http://dlenote.ed.gov. Please notify the Financial Aid Office when both steps are complete.

SATISFACTORY ACADEMIC PROGRESS STANDARDS

Financial Aid Students working toward a **first undergraduate degree** will be monitored for compliance with Federal Requirements for Satisfactory Academic Progress as outlined below:

- The student must maintain a 2.0 GPA at Athens State University and overall.
- The student must successfully complete 67% of all Athens State University coursework attempted. All W's, I's, F's and audited coursework count as unsuccessful completions. When unsuccessful completions exceed 33% of all coursework attempted, financial aid will be suspended.
- The student must complete degree requirements within 150% of the usual time-frame for degree completion. Athens State University requires up to 128 semester hours to graduate. Therefore, financial aid will be available for no more than 192 semester hours of credit. All accepted transfer work will be counted in this calculation. This particular component of the satisfactory academic progress standards may not be appealed as per Federal Regulations.

Financial Aid Students working toward **an additional undergraduate degree** will be monitored for compliance with Federal Requirements for Satisfactory Academic Progress as outlined below:

- The student must maintain a 2.0 GPA at Athens State University.
- The student must maintain a 2.0 on all coursework beyond the most recent Bachelor's Degree.
- The student must successfully complete 67% of all Athens State University coursework attempted and coursework beyond the most recent Bachelor's Degree. All W's, I's, F's and audited coursework count as unsuccessful completions. When unsuccessful completions exceed 33% of all coursework attempted, financial aid will be suspended.
- The student must complete additional degree requirements within 130% of the usual time-frame for degree completion. Athens State University requires up to an additional 66 semester hours to earn an additional degree. Therefore, financial aid will be available for no more than 86 semester hours of credit beyond the first degree. However, the maximum hours will be limited by an advisor's plan of study outlining required courses. All accepted transfer work will be counted in this calculation
- An advisor's plan of study is required to be on file in Financial Aid for all students pursuing an additional degree.
- The additional undergraduate degree must be one in which Athens State University will award an additional degree. This may not be an additional major or minor, but must be for a new degree program. For example, If the student has a BS degree the additional degree must be for a BA or BSED to be eligible for additional financial aid.

Financial Aid Students working toward **a state required teaching certification or a certificate program with a minimum of 24 semester hours** will be monitored for compliance with Federal Requirements for Satisfactory Academic Progress as outlined below:

- The student must maintain a 2.0 GPA at Athens State University.
- The student must maintain a 2.0 on all coursework beyond the most recent Bachelor's Degree.
- The student must successfully complete 67% of all Athens State University coursework attempted and on all coursework beyond the most recent Bachelor's Degree. All W's, I's, F's and audited coursework count as unsuccessful completions. When unsuccessful completions exceed 33% of all coursework attempted, financial aid will be suspended.
- The student must complete certification requirements within 130% of the usual time-frame for the certificate completion or for course work necessary to meet minimum state requirements for an initial teaching certification or recertification. All accepted transfer work will be counted in this calculation.
- An advisor's Plan of Study is required to be on file in Financial Aid for all students pursuing course work beyond a first undergraduate degree.

Students not meeting the above standards will have financial aid suspended until the requirements are met. Students who lose financial aid must request reinstatement of aid when documentation of the cleared deficiency has been submitted to the Student Financial Services Office. Students changing majors will not have additional time allowed for goal accomplishment.

Student Appeals Process:

Students may appeal financial aid suspension in writing to the Assistant Director of Student Financial Services. The appeal must clearly state the reasons the student did not achieve the requirements AND the reasons why the aid should not be terminated. Students may appeal the decision of the Assistant Director of Student Financial Services, in writing, to the Financial Aid Committee. The Committee will review the appeal and the student will be notified, in writing, when a decision has been reached. The Financial Aid Committee meets each semester to review appeals.

FINANCIAL AID PROGRAMS

Federal Pell Grant Program

This program is designed to provide financial assistance to persons at the undergraduate level who need funds to attend a post high school educational institution. The actual size of a grant award will depend upon the family's financial situation, the amount of funds actually available for the program each year and the cost of education. For the Pell Grant program, an undergraduate is one who has not earned a bachelor's or first professional degree. Pell Grants provide a "foundation" of financial aid to which aid from other Federal and non-Federal sources may be added. All paperwork must be submitted to the Student Financial Services Office during the period of enrollment for payment. The final academic year deadline is the third week of the summer term.

National SMART Grant Program

This program will provide up to $4,000 for each of the third and fourth years of undergraduate study to full-time students who are U.S. citizens, eligible for a Federal Pell Grant, and majoring in physical, life, or computer sciences, mathematics, technology, or engineering or in a foreign language determined critical to national security. The student must also have maintained a cumulative grade point average (GPA) of at least 3.0 in coursework required for the major. The National SMART Grant award is in addition to the student's Pell Grant award. To be eligible for each academic year, a student must:

- Be a U.S citizen
- Be a Federal Pell Grant recipient
- Be enrolled full-time in a degree program
- Be enrolled in a four-year degree-granting institution
- Have at least a cumulative 3.0 grade point average on a 4.0 scale; and
- Major in Biology, Chemistry, Computer Science, General Science, Instrumentation, Mathematics, or Physics

Federal Supplemental Educational Opportunity Grant

This program has the single purpose of making a University education available to qualified applicants who demonstrate "exceptional financial need." In determining the priority order in which students will be awarded SEOG funds in any given year, Federal regulations require the school to give first consideration to those students with exceptional financial need demonstrated by the Pell Grant recipients with the lowest Expected Family Contribution in that year. This program is for students who have not earned a bachelor's degree or first professional degree.

Federal Work-Study Program

This program is designed to help students pay for part or all of their educational expenses by working part-time on campus, in coordination with their class schedules. This program is available on the basis of need as defined by the student's Pell Grant information. All requirements and conditions for employment under the University Work-Study Program are available in the Student Financial Services Office.

Federal Direct Loan Program

Federal Direct Subsidized Loans—provides students the opportunity to borrow funds for education costs at low interest rates. For students with a defined need, the federal government subsidizes the interest during the certain specified periods.

Federal Direct Unsubsidized Loans—for students with no defined need the federal government provides loan funds with low interest rates, but does not subsidize the interest. Interest accrues to the student while enrolled in school.

Federal Direct PLUS Loans-provides parents the opportunity to borrow funds for their dependent undergraduate student enrolled at least half time in an eligible program at an eligible school. PLUS loans **require an acceptable credit history.** Parents may borrow up to the cost of education less other financial aid offered to the student. Repayment for PLUS loans begins 60 days after the last disbursement.

Athens State University does not certify loans to or for students on academic probation or for students failing to meet satisfactory academic progress standards as outlined on the preceding section.

STATE PROGRAMS

WIA – Alabama Workforce Investment Act

This program is a State/Federal Aid program designed to prepare youth and unskilled adults for entry into the labor market and to provide dislocated workers with retraining opportunities that will facilitate their re-entry into the labor market. Students must be referred by a state employment office.

TRA -- Trade Readjustment Allowance

This program is a State Aid program designed to assist individuals who became unemployed as a result of increased imports to return to suitable employment. Students must be referred by a state employment office.

Alabama Assistance Grant Program

This program is a State/Federal Aid Program designed to provide assistance to residents of the State of Alabama. The program is need based and offers awards based on the Pell need analysis to students with demonstrated "exceptional need."

ELIGIBILITY REQUIREMENTS FOR FEDERAL AID PROGRAMS

1. U. S. citizen or eligible non-citizen
2. Registered with Selective Service (if required)
3. Working toward a degree or certificate
4. Making satisfactory academic progress
5. Not owe a refund on a federal grant or be in default of a federal educational loan
6. Demonstrate financial need via the application process
7. Not receiving aid at more than one school during the same enrollment period

STUDENT RESPONSIBILITIES

It is the **responsibility** of the **student** to:

1. review and consider all information about a school's program BEFORE enrolling.
2. pay special attention to the application for student financial aid, complete it accurately, and submit it on time to the right place. Errors can delay or prevent receiving aid.
3. know all the deadlines for applying or reapplying for aid and meet them.
4. provide all documentation, corrections, and/or new information requested by either the Student Financial Services Office or the agency to which the application was submitted.
5. notify the university of any information that has changed since application was made for financial aid.
6. read, understand and keep copies of all forms requiring signature.
7. repay any student loans he/she has. When a student signs a promissory note, he/she is agreeing to repay the loan.
8. attend an entrance and exit interview at the university if you have a Federal Direct Student Loan.
9. notify the university of any change in name, address, or attendance status. If a student has a loan, the student must also notify the lender of any changes.
10. satisfactorily perform the work agreed upon, if employed for a federal work-study job.
11. understand the university's refund policy as outlined in this publication.

STUDENT RIGHTS

The **student has the right** to ask a university:

1. for the names of the university's accrediting and licensing organizations.
2. for a copy of the documents describing the institution's accreditation or licensing.
3. about its programs, its instructional, laboratory, and other physical facilities, and its faculty.
4. what the cost of attending is, and what its policy is on refunds to students who drop out.
5. what financial assistance is available, including information on all Federal, state, local, private and institutional financial aid programs.
6. who its financial aid personnel are, where they're located, and how to contact them for information.
7. what the procedures and deadlines are for submitting applications for each available financial aid program.
8. how it selects financial aid recipients.
9. how it determines financial need, including cost of education and resources available.
10. how much of one's need, as determined by the university, had been met.
11. how and when one receives financial aid.
12. to explain each type and amount of assistance in the financial aid package.
13. what the interest rate is on any student loan, the total amount to be repaid, when length of time for repayment and when repayment must start, and what cancellation or deferment provisions apply.
14. if offered a federal work-study job—what kind of job it is, what hours are to be worked, what the duties will be, what the rate of pay will be, and how and when wages will be paid.
15. to reconsider an aid package, if the student believes a mistake has been made, or if enrollment or financial circumstances have changed.
16. how the university determines whether a student is making satisfactory progress, and outcomes of unsatisfactory progress.
17. what special facilities and services are available to persons with disabilities.

TESTING

The Office of Testing Services supports the educational mission of the University by providing a unique blend of personal service and customized technology to meet student testing and university admission informational needs. In addition to providing proctored exams in a collective and individual setting the Office provides services for the following standardized tests: College Level Exam Program (CLEP), Defense Activities for Non-Traditional Education Support (DANTES) Miller Analogies Test (MAT), Basic Skills Test (BST), and Professional Assessment for Beginning Teachers (Praxis Series I and II). The Office also offers testing services for program exit exams and provides tutoring for the MAT.

Athens State University offers certain testing programs for the convenience of Athens State University students and the community. Information and registration packets pertaining to these programs are available in the Evening Services Office in Founders Hall, 233-6540.

Testing services offered by Athens State University include:

1. PRAXIS (Registration Bulletin includes National Teacher's Examination information)
2. AAPT
3. College Level Examinations Program (CLEP)
4. Miller Analogies Test (MAT)
5. Defense Activity for Non-Traditional Educational Support (DANTES)
6. Correspondence testing
7. Information and registration bulletins are available for GRE, GMAT, LSAT & MCAT.

TRANSFER/ADVISING CENTER

The Transfer and Advising Center serves as a centralized service office providing credit transfer advise to incoming students. The Center has vested authority to determine the acceptability of any given course to satisfy a general education requirement and clear students for graduation in the area. Given the unique nature of Athens State University as the bacclaureate degree granting institution of the Alabama College System, offering coursework exclusively at the junior and senior level, the Center is instrumental in providing consistency to the transfer eligibility of general education courses. In coordination with the Admissions and Records Office, Transfer Center counselors assist students with transfer credit, complete unofficial plans of study, and assign faculty advisors in the student's chosen major area. In supporting the University mission, the Transfer Center is committed to the achievement of the following goals:

1. fulfill the intent of the statewide articulation agreement;

2. provide timely and accurate information to incoming students regarding the transferability of credits; and

3. ensure student satisfaction with the services provided.

All students transferring to ASU should contact a Transfer Center Counselor upon completion of an application for admission. Transfer Center Counselors can work with students who provide an unofficial student copy of transcript(s), however, the Office of Admissions must have an **official** transcript(s) from all colleges attended mailed to them before or during the students first semester at ASU.

The Transfer Center is located in the Sandridge Student Center. Regular office hours are 8:00 a.m. to 4:30 p.m. Walk-ins are welcome, however, appointments are recommended.

The Transfer Center can work with students by appointment, phone, fax, email or regular mail. Contact any Transfer Center Counselor for assistance; however, each Counselor specializes in the general education requirements for their specific area. Students who have decided on a major should contact the designated Counselor:

- College of Arts and Sciences: Barry DeVine, Transfer Center Counselor, 256-233-8277.
- College of Business: Vicki Johnson, Transfer Center Counselor, 256-233-8216.
- College of Education: Wanda G. Pryor, Transfer Center Counselor 256-233-8146.
- Coordinator, Transfer-Advising Center/Veterans Affairs: Lisa C. Payne 256-233-8124.
- The **fax number** for the Transfer/Advising Center is 256-216-3333.

VETERANS' AFFAIRS

The Veterans' Educational Assistance Program at Athens State University is based on the rules, regulations, policies and procedures of the Veterans' Administration and as such is subject to change without notice.

VETERANS EDUCATIONAL ASSISTANCE PROGRAMS:

- **Montgomery G.I. Bill - Active Duty Educational Assistance Program (Chapter 30 of Title 38, U. S. Code).**
- **Vocational Rehabilitation - Chapter 31**
 This program provides educational assistance to disabled veterans who are in need of vocational rehabilitation. To be eligible a veteran must have a service-connected disability entitling him/her to these benefits. An award authorization must be received by the Office of Veterans' Affairs before benefits can be used.
- **Survivors' and Dependents' Educational Assistance Program (Chapter 35 of Title 38, U. S. Code).**
 Paperwork for state benefits (tuition, fees, books) should be processed through the Business Office. Federal benefits (monthly checks) should be processed through the Office of Veterans' Affairs.
- **Reserve Educational Assistance Program (REAP) - (Chapter 1607).**
 This Education Benefit is available to certain individuals who were activated on or after September 11, 2001. (H.R. 4200 authorizing the creation of a new education benefit signed into law on October 28, 2004.)

SELECTION OF PROGRAM

In consultation with a Transfer Center counselor or an academic advisor, each veteran student must select and plan a program in accordance with the Athens State University catalog. Assistance in determining a course of study or a change of program will be furnished by the Veterans' Affairs Office with concurrence of an academic advisor.

COURSE LOAD

A full-time course load for a student receiving veterans' benefits is twelve semester hours or more for fall and spring semesters; a three-quarter time load is nine semester hours, a one-half time load is six semester hours. Summer term (based on ten weeks) for a full time student is 7 semester hours or more and three-quarter time load is six semester hours. Less than six semester hours is considered less than one-half time. Current VA regulations apply for all short term courses which do not satisfy the minimum amount of contact hours per week, regardless of the amount of credit hours earned for such courses. For complete information regarding "short term courses" contact the Office of Veterans' Affairs.

REPEATED COURSES FOR VETERANS RECEIVING EDUCATIONAL BENEFITS

If a veteran fails a required course, he/she may repeat that course with pay. However, he/she cannot repeat a course just to improve a grade and receive payment through the Veterans Administration. (See also Repeated Courses).

STANDARDS OF PROGRESS

The following standards must be met in order for veterans or other eligible persons to receive VA benefits:

1. Grading system as required by the academic standards of the university.
2. Satisfactory grade level as required by the academic standards of the university.
3. Probation and probationary periods as required by the academic standards of the university.
4. Conditions for dismissal, suspension, and readmission as required by the academic standards of the university.
5. Satisfactory student conduct as required by the rules and regulations of the university.

WITHDRAWAL POLICY

Students who receive veterans' benefits must notify the Office of Veterans' Affairs when dropping or adding a course or when withdrawing. Each withdrawal or drop resulting in a reduction in the course load must show the effective date of the change and the reason for the change. The withdrawal policies of the university also apply.

VETERAN PAYMENTS AND RESPONSIBILITIES

Receipt of Checks

A student who completes an Application for Education Benefits or Change of Place of Training Form at the beginning of the semester should expect a VA processing period of about six weeks. If the estimated time has elapsed, the student should contact the Office of Veterans' Affairs immediately and, if the case warrants, an inquiry will be made to the Regional Office.

Payment

Athens State University does not participate in the advance payment plan for veterans, therefore, tuition and fees must be paid in full by the published payment date (except for those veterans receiving Vocational Rehabilitation). Veterans receiving Vocational Rehabilitation are eligible to register without payment of tuition and fees providing that an award authorization from the VA Vocational Rehabilitation office has been received prior to the registration period.

Overpayments

Each veteran drawing benefits should be aware that it is his or her responsibility to comply strictly with the policies and procedures which govern the receipt of educational benefits. Any overpayment created through non-compliance with veterans' policies is subject to repayment, and such overpayment can cause a delay in the payment of further benefits.

Responsibilities

It is the responsibility of the veteran and dependents receiving VA benefits to notify the Office of Veterans' Affairs of the following:

- Periods of enrollment (class schedule each semester)
- Major change
- Catalog changes
- Prospective graduation date
- Changes (Drop and/or adds, credit level)
- Course substitution (approval must be obtained prior to enrolling in course)
- Address change

Tutorial Assistance Program

Veterans enrolled on a half-time or greater basis may receive a special allowance for individual tutoring. To qualify, the veteran must demonstrate deficiency in a subject making tutoring necessary. Each tutor's qualifications must be reviewed and approved by the Office of Veterans' Affairs. It is the student's responsibility to secure a tutor. The tutor may be anyone except a family member.

FINANCIAL AFFAIRS

Athens State University is committed to providing a quality educational program at the lowest possible cost. Therefore, Athens State University is especially committed to a professional and businesslike approach in the management of its financial resources.

TUITION

Tuition and fees are subject to change at any point of time, subject to approval of the Alabama State Board of Education.

Alabama Residents

The Alabama resident tuition is one hundred and eleven dollars ($111.00) per semester hour. Payment due dates are posted in the schedule. No student will be allowed to defer payments.

Out-of-State and Foreign Students

The out-of-state residents or non-U.S. citizens who do not meet Alabama residence requirements tuition is two hundred and twenty-two dollars ($222.00) per semester hour.

Senior Adult Scholarship Program

This program allows any student 60 years or older (meeting admissions requirements) to receive a tuition waiver for college credit courses. All other fees are the responsibility of the student. This is on a space available basis and requires registration during the late registration process.

REFUND POLICY

The current Refund Policy is as follows. The current semester schedule should be consulted for any changes.

The Refund Policy 803.02 stated below became effective 09-26-96. It is not an institutional policy but is mandated by the Alabama Department of Postsecondary Education for all colleges and universities under its control. Athens State University is under the control of Alabama Department of Postsecondary Education and must comply with this policy.

1.1 Refund for Complete Withdrawal

A student who officially or unofficially withdraws from all classes **before the first day of the semester** will be refunded the total tuition and other institutional charges.

A student who officially or unofficially withdraws completely on or after the first official day of the semester but prior to the end of the third week of class will be refunded according to the withdrawal date as follows:

Prior to the first day of the semester:

100% refund for any and all classes dropped

Drop/Add period
Partial withdrawal - 100% refund, less 5% administration fee.
Complete withdrawal - 75% refund, less 5% administration fee.

1st Week after drop/add:
Partial withdrawal - NO REFUNDS DUE.
Complete withdrawal - 50% refund, less 5% administration fee.

2nd Week after drop/add:
Partial withdrawal - NO REFUNDS DUE.
Complete withdrawal - 25% refund, less 5% administration fee.

No Refund Due at the beginning of the 3rd week.

IMPORTANT: The first day of class is defined as the day the semester begins, not necessarily a student's first class meeting date. There is only one **"FIRST DAY"** per semester. Refund checks will be mailed within six weeks from the first day of the semester. **Drop/Add period for the Summer Term is only two days.**

1.2 Administrative Fee
An administrative fee not to exceed 5% of tuition and other institutional charges or $100, whichever is smaller, shall be assessed for each withdrawal within the period beginning the first day of class and ending at the end of the third week of class.

2.1 Refund for Partial Withdrawal
Students who do not completely withdraw from the University but drop a class during the regular drop/add period will be refunded the difference in tuition paid and the tuition rate applicable to the reduced number of hours, including fees appropriate to the classes dropped. **There is no refund due to a student who partially withdraws after the official drop/add period.**

3.1 Refund in Compliance With Federal Regulations
All colleges shall comply with federal regulations relative to refund of tuition and other institutional charges for Title IV recipients (Other institutional charges (PELL, SEOG, loans).

4.1 Refund for Alabama National Guard and Reservists Called to Active Duty
Students who are active members of the Alabama National Guard or reservists or who are active duty military who are called to active duty in the time of national crisis shall receive a full tuition refund at the time of withdrawal, if such student is unable to complete the term due to active duty orders or assignment to another location.

REFUND POLICY FOR STUDENTS RECEIVING FEDERAL TITLE IV AID

The federal refund regulations require Financial Aid Students receiving Pell Grant, Federal Supplemental Education Opportunity Grant or Federal Direct Loans, and withdrawing from all of his or her classes prior to the 60% point in the term, to immediately repay unearned federal aid dollars to the program providing those funds. The following formula is used to compute aid to be returned:

Days Enrolled / Days in Term x Title IV Aid Awarded = Aid Earned and Disbursed

Aid Disbursed - Aid Earned = Aid to be Returned

Order of Funds to Return -
Unsubsidized Loans (per promissory note terms)
Subsidized Loans (per promissory note terms)
Pell Grant *50%
FSEOG

This policy does not limit the Refund Policy mandated by the Alabama Department of Postsecondary Education.

OTHER REFUND POLICIES

Weekend, short-terms and special one week classes will receive a 100% refund if dropped prior to the first day of the start of the semester. There is only one "first-day" per semester.
Dormitory room costs are prorated weekly. Any part of a week shall constitute a full week. In unusual circumstances such as illness or official government orders, **students may petition the Vice President of Student Affairs for special consideration.** Examples of refunds are available upon written request to the Student Financial Services Office.

RETURNED CHECKS/RETURNED ACH PAYMENTS

If your check is not paid on presentment or is dishonored, you agree to pay a bad check fee of $30.00, or any higher amount allowed by law. We may electronically debit or draft your account for this charge. Also, if your check is returned for insufficient or uncollected funds, your check may be electronically re-presented for payment. Returned checks cannot be redeposited by the Office of Financial Affairs. After the second returned check, the Office of Financial Affairs WILL NOT accept a personal check for tuition payment. Payment must be made with cash, money order, credit card, or cashier's check.

GRADES/TRANSCRIPTS WITHHELD

A student failing to meet his or her financial obligations to the University may have his or her semester grade report, transcript and all other academic transactions withheld until such obligations are cleared through the Business Office. Such obligations include unpaid fees, overdue library books, damaged or unreturned University equipment, dormitory damage, unpaid student loans, and parking fees. A student may be withdrawn from classes and not permitted to register until financial obligations have been cleared.

The Student Financial Services Office of Athens State University is located in the Classroom Building, first floor, east entrance. Phone: 1-800-522-0272, ext. 170, or 233-8170, or 233-8122. FAX: 233-8128.

TAX FORMS 1098-T

Tax Forms 1098-T are mailed by the due date as required by the Internal Revenue Service.

ACADEMIC POLICIES AND PROCEDURES

DEGREE OPTIONS

Athens State University offers three baccalaureate degree options: the Bachelor of Arts degree, the Bachelor of Science degree and the Bachelor of Science in Education.Students should refer to their major section of the catalog for degrees conferred and specific course requirements.

GENERAL EDUCATION (GEN. EDS) REQUIREMENTS (Curriculum Core Areas I-IV):

See the sections for the College of Arts and Sciences, the College of Business, and College of Education, for Gen. Ed. Requirements (Curriculum Core Areas I-IV).

GENERAL UNIVERSITY REQUIREMENTS

A student expecting to receive a degree from Athens StateUniversity must start the graduation process during the expected semester of graduation. A student must satisfactorily meet all University requirements and financial obligations before the degree is awarded.

Each student must meet the following general university requirements to be eligible to graduate:

1. Thirty-three of the last thirty-nine semester hours of study with Athens State University.

2. For students entering Fall 2002 and thereafter, complete sixty to sixty-four semester hours of upper level college/university credit (300-400 level courses). Prior to entering Fall 2002, complete sixty-four semester hours of senior college credit, of which at least forty-two semester hours must be 300-400 level credit.

3. Complete a minimum of fifteen semester hours of upper (300/400) level coursework in his or her major at Athens State University, not including courses taken by consortium arrangement. School or departmental regulations may require more than fifteen semester hours of coursework in the major at Athens State University.

4. Complete all course requirements for major(s).

5. Complete all course requirements for minor (if applicable).

6. Complete all of the general education requirements for the degree.

7. Attain an overall grade point average of 2.0, a 2.0 on all coursework attempted at Athens State University and at least a 2.0 in the major field. School or departmental regulations may require more than a 2.0 grade point average (see major requirements in each discipline).

8. Complete the total degree requirements at a minimum of 124 to a maximum of 128 semester hours.

9. Complete the teacher certification requirements (if applicable).

10. Apply no more than sixty-four semester hours of non-graded college credit applicable toward the degree.

EACH STUDENT MUST ASSUME RESPONSIBILITY FOR KNOWING THE ACADEMIC REQUIREMENTS FOR THE DEGREE THAT IS BEING PURSUED.

ACADEMIC ADVISING

Upon admission to Athens State University, each student is assigned an advisor. The student should confer with his or her advisor at least once each semester. Although the student bears final individual responsibility for meeting all degree requirements, the advisor will assist in planning the student's academic program. A change of major, or adjustments to the program of study require completion of a Petition for Adjustment of Curriculum.

ACADEMIC CREDIT

The Athens State University calendar consists of semester-length terms; the unit of credit is the semester hour. Course descriptions indicate the number of semester hours which may be earned for a particular course. Transfer credits earned in quarter hours will be evaluated on the basis that one quarter hour equals two-thirds semester hours. (Example: a five quarter hour course would equal 3.3 semester hours.) See Transfer Credit Restrictions on the following page.

Correspondence Credit

Any extension or correspondence credit must be from a regionally accredited college or university, and may not exceed twelve semester hours. The student must petition through his or her advisor and in turn obtain permission from the Vice President of Academic Affairs for credit through extension or correspondence courses.

Continuing Education Units

Athens State University does not accept continuing education units (CEU's) for academic credit.

ACADEMIC HONESTY

Athens State University, like all communities, can function effectively only when its members treat one another with honesty, fairness, respect, and trust.

ACADEMIC DISHONESTY

It is the responsibility of every student at Athens State University to be familiar with the honor code. It shall be the responsibility of every student at Athens State University to obey and to support the enforcement of this honor code which prohibits lying, cheating, or stealing when these actions involve academic procedures, or when these actions involve any student or University personnel acting in an official capacity.

A. Academic Dishonesty

Academic dishonesty includes **but is not limited to** the following:

1. **Plagiarism**-Plagiarism consists in taking the words or specific substance of another and either copying or paraphrasing the work without giving credit to the source. Examples of plagiarism include:
 a. Submitting a term paper, examination, or other work created by someone else.
 b. Failure to give credit in a footnote for ideas, statements of facts, or conclusions derived by another.
 c. Failure to use quotation marks when quoting directly from another, whether it be a paragraph, a sentence, or even a part thereof.
 d. Close and extended paraphrasing of another.

2. **Cheating**-Cheating consists in the use of unauthorized notes, study aids, or information from another student or student's paper in an in-class examination; altering a graded work after it has been returned then submitting the work for regrading; and allowing another person to do one's work and to submit the work under one's name. This definition includes copying computer files or listings from another student. During examinations, cheating includes referring to information not specifically condoned by the instructor.

3. **Fabrication**-Fabrication consists in presenting data in a piece of work and failing to include a substantially accurate account of the method by which the data were generated or collected. Data gathered in accordance with guidelines defining the appropriate methods for collecting or generating data should be documented by a reference to the guidelines used. Fabrication specifically includes submission of data purporting to be the results of an experiment not actually performed by the student.

4. **Aiding and Abetting Dishonesty**-Aiding and abetting dishonesty includes the providing of material or information to another person with knowledge that these materials or information will be used improperly. This includes taking an examination or doing any work and submitting it under another student's name.

5. **Collusion**-Collusion consists in the unauthorized collaboration of students, one with another, in preparing work to be submitted.

6. **Unauthorized Possession or Disposition of Academic Materials**-Unauthorized possession or disposition of academic materials includes the selling or purchasing of examinations or other academic work, taking another student's academic work without permission, possessing examinations or other assignments not formally released by an instructor, and submitting the same paper for two or more different classes without the specific authorization of all instructors involved.

B. Corollary Actions

1. Any instructor may further define in writing any specific acts which in the context of the class would constitute academic dishonesty. The instructor shall provide a copy of these definitions to the head of the academic division in which the course is taught.
2. Any instructor may require students to sign a pledge at the conclusion of an examination stating that they have neither given nor received aid from any unauthorized source during the examination.
3. Any instructor or proctor shall have the right to examine all materials in the student's possession during quizzes, examinations, and/or laboratory sessions.

C. Procedural Steps

1. When an instructor sees cause to charge a student with academic dishonesty, the instructor will first discuss the matter with the student. The instructor will explain both the specific charge and the proposed penalty including any grade adjustment.
2. To facilitate consistency throughout the University in the application of sanctions for academic dishonesty, all instructors shall notify, in writing, the dean of the appropriate academic school and the Chief Academic Officer for the

University, of any academic penalty which has been imposed on a student for reasons of academic dishonesty. This notification shall occur within five (5) instructional days from the date of the alleged academic dishonesty.

3. Within 20 instructional days of the allegation of alleged dishonesty, the student may appeal the instructor's decision to the dean of the appropriate academic school. The dean of the appropriate academic school will confer with the student and the instructor in an attempt to reach an acceptable agreement. At that time, the dean of the appropriate academic school will present the student with a written statement of the charges and the proposed penalty. This notice will also inform the student of the right to appeal to the Chief Academic Office and the steps involved in that process if an agreement is not reached. A copy of this notice, along with supporting documentation, will be sent to the Chief Academic Officer who will maintain records of all proceedings.

 If the dean of the appropriate academic school is the instructor who charges the student with academic dishonesty, then the dean of the appropriate academic school must appoint another faculty member from the School who will assume the duties of the dean of the appropriate school for the purposes of any action regarding this specific case.

4. If the charge is not resolved at the school level, the student may request an appeal at the University level within ten instructional days. Upon receipt of a written request from the student, the Chief Academic Officer will appoint and convene a University-wide committee on academic honesty. This committee will consist of a minimum of two students, except those students involved in the case, and faculty from all schools in the University, except those faculty directly involved in the case.

5. It is the responsibility of the committee to insure that the student's basic rights of due process are upheld. The accused student has the basic rights of:

 a. proper written notification of the accusation including a complete explanation of the proposed penalties and the effect of such penalties on the student's academic life.
 b. proper written notification of the time and place of any hearings held by the committee regarding the case.
 c. fair hearings in the committee with the opportunity to meet the accuser and to hear all the materials being offered in evidence.
 d. the opportunity to present evidence or witnesses.
 e. the opportunity to appoint a faculty member, not serving on the committee, to be present during all committee meetings and to offer advice and counsel. This opportunity in no way precludes the student's right to retain other counsel.
 f. a full explanation of all policies relating to the proceedings being brought against the student.

After the committee has reviewed the case, the Chair of the Committee shall provide a written advisory report to the Chief Academic Officer. The Chief Academic Officer will then render a decision and notify the student as to whether or not the penalty proposed by the school will be upheld. The decision is nonappealable and final. Grades resulting from academic dishonesty may not be appealed through "Review of final grade process."

D. Academic Penalties

The following is a list of penalties which may be imposed upon any student found guilty of academic dishonesty. Penalties which may be imposed by the instructor or School Dean include.

1. Requirement to submit additional work or take additional exams.
2. A lower or failing grade on the assignment or examination.
3. A lower or failing grade in the course.
4. Removal from class.

E. Possible Additional Penalties

The following is a list of penalties which may be imposed by the Chief Academic Officer, in addition to those imposed by the instructor or School Dean:

1. **Reprimand**: a written statement from the University expressing disapproval of conduct. This reprimand will be retained with the student's permanent record.

2. **Disciplinary Probation:** probationary status to be noted on the student's permanent record.

3. **Disciplinary Suspension:** suspension from the University for a period of one year. This suspension will be noted on the student's permanent record. After a period of one year the student may be readmitted to the University, but will return under disciplinary probation.

4. **Dismissal:** a permanent separation from the University. Students receiving this penalty are forever prohibited from readmission to the University. Dismissal will be noted on the student's permanent record.

ACADEMIC HONORS AND AWARDS

Outstanding Academic Achievements

Students with outstanding academic achievements are recognized in the Spring of each year. To be eligible for nomination for special outstanding academic recognition students must have 18 semester hours credit in residence on record at Athens State University. All students in a given academic year are eligible for consideration.

Dean's List

The Dean's List is published each semester and includes the names of students who have attained a 3.75 through 4.0 grade point average on at least 12 semester hours of course work for that specific term.

Honorable Mention List

The Honorable Mention List is published each semester and includes the names of the students who have attained a 3.5 through 3.74 grade point average on at least twelve semester hours of course work for a specific term.

Degrees With Honor

The following degrees with honor are based on **all** academic work at all institutions attended. To be eligible for honors, one-half of the total hours applied toward the degree must be regular academic course credit.

Summa Cum Laude
Awarded to the student who earns a grade point average of 3.9 or above during his or her academic career.

Magna Cum Laude
Awarded to the student who earns a grade point average of 3.75 during his or her academic career.

Cum Laude
Awarded to the student who earns a grade point average of 3.5 during his or her academic career.

ACADEMIC RECORD

The student's permanent academic record will consist of an Athens State University transcript, and may include the following: admission application, official transcripts from colleges and universities previously attended, graduation application, degree audit forms, transcript release forms, documentation which may affect the release of student's records and only disciplinary action that would directly affect the student's enrollment in the institution. Financial records are not considered part of the student's permanent academic record.

ADJUSTMENT OF CURRICULUM

The following adjustments of a student's curriculum necessitate completion of a Petition for Adjustment of Curriculum form in consultation with the student's Academic Advisor:

1. Change to a more recent catalog
2. Change of major/minor
3. Change of degree
4. Substitution for required course
5. Waiver of required course

AUDITED COURSES

Upon recommendation of his or her advisor, a student may audit a non-laboratory course. Students should attend class under the same obligation as the credit student although they are not required to complete scheduled examinations. Standard registration procedures apply. The cost is one-half the regular tuition plus the appropriate fees. No change from audit to credit is allowed. Audited classes are on a space available basis.

CATALOG REQUIREMENT

A student may complete requirements for graduation as specified in the Athens State University catalog for the year of entry provided he or she does so within a period of five years from the original date of entry. One exception to the previous statement is the College of Education. The student considering the B.S.Ed. degree should check the College of Education guidelines due to the "No Child Left Behind Federal Act of 2001" which states the programs listed may have changed. A student who does not complete requirements for the undergraduate degree within a period of five years from the date of entry must adhere to the undergraduate requirements of the catalog under which they begin the sixth year of enrollment. This process is repeated every five years until the student graduates.

CLASS ATTENDANCE

It is accepted academic philosophy that sustained class attendance is essential to the overall educational value of a course of study in higher education. In order to achieve maximum benefit from educational activities, Athens State University expects regular class attendance from all students. Those students receiving veterans' benefits are required to attend classes according to the regulations of the Veterans' Administration.

The standards of performance to be met by each student, including specific attendance regulations for each course, will be set by each faculty member for his or her own course. Class attendance policies and other course requirements will be published in the course syllabus and will be discussed in detail by the faculty member on the first day of class each semester. It is important that the

student secure a copy of each course syllabus from the instructor on the first day of class, or from the school offices prior to the beginning of classes. A student's performance in relation to the established standards and class attendance regulations shall determine the student's grade in a course. Any student who must miss an examination has the responsibility for notifying the faculty member as soon as is practical. It is the decision of the faculty member whether exams may be "made-up."

CLASS HOUR LOAD

The class hour load for a full-time student is twelve to nineteen semester hours per term including Summer Term. During semesters in which compressed sessions are offered, the institution reserves the right to further limit the number of hours for which a student may enroll. No student may take more than twenty-four (24) semester hours per term. Students who wish to take more than nineteen (19) semester hours must secure written permission via an overload request form. This overload request must be signed by the advisor and the dean of the appropriate academic school prior to enrollment. Requests for exceptions will require written justification along with the following documentation and recommendation of your advisor:

(1) advising worksheet
(2) transcript, and
(3) proposed schedule.

COURSE CANCELLATION

Athens State University reserves the right to cancel any course.

DIRECTED STUDY/RESEARCH COURSES

With approval of the appropriate advisor and dean of the appropriate academic school, Athens State University students may complete no more than six semester hours of Directed Study/Research credit during their academic study with the University. Such directed study research must be conducted in the student's major area of study and the student must complete a directed study form.

DISTANCE LEARNING

Athens State University offers a variety of courses in distance learning format through Blackboard. Students may apply for admission, register for classes, obtain financial aid information and attend classes online. The College of Business currently offers all of its majors online and many online courses are also offered through the College of Education and the College of Arts and Sciences. Students should consult an advisor or counselor before registering for an online course to ensure that they meet the specifications indicated by the necessary technology and also the course requirements. Requirements are posted online under Blackboard on the Athens State University website and a tutorial is available for the student to prepare for the course. All courses offered via a distance learning format meet the same requirements and quality standards, as those that are offered in the traditional classroom format. All services of the University are offered to Distance Learning students, as well as to those taking classes on campus, such as library services, bookstore services and available lab services.

GRADING

Grading Policy

Letter grades of **"A"**, **"B"**, or **"C"** represent levels of accomplishment sufficient to allow students to make satisfactory progress toward graduation. **"D"** level work is considered inferior and the minimum-level accomplishment that will allow the students to continue their studies at Athens State University. A grade of **"F"** is assigned to the student who (1) fails to meet minimum course requirements, or (2) voluntarily discontinues class attendance without officially withdrawing.

A grade of "W" will be assigned to a student who officially withdraws before a date that is two (2) weeks prior to the date established for the first final exam for the semester. Specific dates for withdrawal will be included in the schedule each semester. A "W" cannot be assigned after the official date established for withdrawal from a course. Absence from class does not constitute an official withdrawal. Students can initiate the withdrawal process by emailing the Office of Admissions at Drop.Admissions@athens.edu using their Athens State email account, by FAX, by downloading the drop form from the Athens State website, or by coming into the Admissions office. Information in the withdrawal request MUST include: Name; Student ID number; the course reference number, course abbreviation and number; and the instructor's name. A reason for withdrawal from a class course must be included. The instructor MUST be included as a "copy to" on the email. A "W" cannot be changed to a grade, nor can a grade be changed to a "W". A student who enrolls in a course and does not complete the course will receive a grade of "F" unless this withdrawal process is followed.

Withdrawal from a class is not complete until the student has been cleared through the Office of Admissions. Special regulations pertain to those receiving veteran's benefits or financial aid, and those individuals should confer with the Coordinator of Veteran's Affairs or the Director of Student Financial Services prior to initiating a withdrawal action.

A grade of "I" (incomplete) will be given only under extenuating circumstances. To obtain an incomplete you must complete at least 50% of the work for a given class. If an "incomplete" is given, the time allotted for a student to complete the course is at the discretion of the instructor. However, a student receiving an "I" in any semester should be aware that the "I" must be completed before the end of the next semester. The Incomplete ("I") automatically becomes an "F" unless extended by the instructor. For purposes of computation an "I" is always evaluated as "F" until a grade change is made.

Quality Points for Letter Grades

For each hour of credit in a subject, the letter grade is equated to grade points as follows:

"A"	4.0 Quality Points
"B"	3.0 Quality Points
"C"	2.0 Qualtiy Points
"D"	1.0 Quality Point
"F"	0.0 Quality Points
"AU"	Audit

Grade Review

Athens State University provides a procedure through which students may request a review of the final grade received in coursework taken at Athens State University which is distinct and different from the appeals procedure for academic dishonesty.

The first step by the student in the appeals process shall be to contact the faculty member involved and try to resolve the dispute informally.

If satisfaction is not achieved at this level, the student may appeal to the dean of the appropriate academic school provided such appeal is filed in writing with the dean of the appropriate academic school within 14 calendar days of the first day of classes of the academic term immediately after the academic term for which the student took the course associated with the grade. This appeal by the student to the dean of the appropriate academic school shall be made in writing and shall state clearly the reason(s) for the appeal of the final grade and the desired remedy. This document shall be provided by the student to the dean of the appropriate academic school and shall constitute the basis and only record for deliberations with the dean of the appropriate academic school. A copy of this document shall be provided by the dean of the appropriate academic school to the faculty member who awarded the grade. This document shall also contribute a part of the record for subsequent appeals by the student to the Chief Academic Officer.

If satisfaction is not achieved at the level of the dean of the appropriate academic school, the student may appeal to the Chief Academic Office within ten (10) instructional days of receiving the written response from the dean of the appropriate academic school. The Chief Academic Officer shall undertake a review of the student's written complaint and the written response by the dean of the appropriate academic school.

All appeals to the dean of the appropriate academic school or to the Chief Academic Officer shall be answered by the respective dean in writing within 21 instructional days of receipt of the appeal by the student.

The appeal form may be obtained from the office of a dean of an academic school or from the office of the Chief Academic Officer.

The decision to change or let stand a final grade received for a course taken at Athens State University is the exclusive right and prerogative of the faculty member who taught the course. The decision of the faculty member in this matter is absolute and final.

GRADUATION APPLICATION

Students must start the graduation process during the expected semester of graduation. Applications for graduation are available in the Records Office in the Student Center or online. Click on the admissions link and then the registrar/records link. Finally, click on the graduation link and either fax or mail it to the Records Office.

For a student who does not submit the Graduation Application Form by the application deadline, there will be an additional fee charged in the amount of $25.00 for this special diploma order. Failure to notify the Records Office of intent to graduate in a timely manner may result in the student being required to wait until an additional semester.

GRADUATION COMMENCEMENT

Commencement ceremonies will be held in the spring at the Von Braun Center, Huntsville and in the summer, on campus.

REPEATED COURSES

A student who has made an unsatisfactory grade in a course completed at Athens State University and who wishes to repeat the course to earn a higher grade must repeat the course at Athens State University. A grade earned with Athens State University will be listed on the official transcript, but only the last course attempted will be used in computing the grade point average and will be applied toward the degree. Bachelor of Science in Education students should understand that GPA is calculated using grades from all courses attempted (professional studies and content courses) and a course may be repeated only one time. (For Education guidelines, see the section for Education.) For pertinent regulations for Veterans receiving educational benefits please see Veterans Advisement.

SECOND (DOUBLE) MAJOR

Students who elect to complete two majors at Athens State University must meet the degree requirements for both majors to include General Education and Pre-Professional requirements. If both majors are in different degree programs, the baccalaureate degree of the primary major shall be the only degree awarded. Non-disciplinary majors such as liberal studies are excluded as a second major. Please note that federal regulations state that a student is no longer eligible for grant aid once they meet the requirements for a first bachelor's degree, even if the student does not receive the degree. Beyond meeting the requirements for a first bachelor's degree the student may receive aid in the form of student loans if the student is seeking an additional degree (1st degree BA; second degree BS or BSED) or completing courses to meet state requirements for teacher certification (recommended or optional courses for professional recognition or advancement do not qualify) or the student is completing a certification with a minimum of 24 semester hours.

SECOND DEGREE

Students who seek a second degree must meet all admission requirements, complete all catalog requirements for the major in that degree, and must complete a minimum of thirty-three semester hours in residency at Athens State University beyond the conferral date of the first degree. Students may not receive more than one degree in a designated graduation period.

STUDENT CLASSIFICATION

Juniors - Students who have earned a minimum of sixty-four semester hours of credit or who have received an Associate degree from an accredited two-year college.

Seniors - Students who have completed a minimum of ninety-three semester hours of credit.

Non-Degree Seeking - Student not seeking a degree.

TESTING/ASSESSMENT

Students seeking admission to the Teacher Education Program will take the Alabama Prospective Teacher Test (APTT). There are three parts to the APTT, reading, writing, and mathematics. All three parts must be passed in order to apply for admission to TEP. During the senior methods block or designated course by program, the PRAXIS II Content Area/Subject Area test must be taken and passed prior to admission to internship/student teaching. The PRAXIS II Principles of Learning and Teaching is taken and must be passed during internship/student teaching prior to graduation and certification.

In non-teacher education fields, each department (major) will require some form of exit assessment. The requirement may be a capstone experience, exit exam, or other method to assess whether students leaving the program have all the necessary curricular attributes as well as to assess the effectiveness of the curriculum within the major. This is an opportunity for self-reflection and synthesis, allowing the student to demonstrate integration of learning and academic growth. Assessment helps the institution meet student needs and helps ensure that teaching and learning are actually taking place. Assessment is continually under review to determine its value and effectiveness. All assessment methods are subject to change as determined appropriate for the institution. Any student having questions about assessment should contact the Testing Office or the dean of the appropriate academic school.

Athens State University honors credit earned through the College Level Examination Program (CLEP), provided appropriate scores are achieved. Students enrolling or enrolled at Athens State University who are interested in attempting the College Level Examinations should consult the Testing Coordinator.

A student may not receive CLEP credit for any previously attempted University course. Since CLEP is accepted as non-graded credit, it cannot be used in order to raise the grade point average. All CLEP examinations are accepted as freshman-level credit. Although credit may be awarded by the University, applicability toward the degree program is determined by the school concerned.

Credit earned under the Defense Activity for Non-Traditional Education Support (DANTES), and the United States Armed Forces Institute (USAFI) may be granted by Athens State University. Official transcripts of these scores must be mailed directly to the Office of Admissions.

WITHDRAWAL

A grade of "W" will be assigned to a student who officially withdraws before a date that is two (2) weeks prior to the date established for the first final exam for the semester. Specific dates for withdrawal will be included in the schedule each semeser. A "W" cannot be assigned after the official date established for withdrawal from a course. Absence from class does not constitute an official withdrawal.

Students can initiate the withdrawal process by emailing the Office of Admissions at Drop.Admissions@athens.edu using their Athens State email account, by FAX, by downloading the drop form from the Athens State website, or by coming into the Admissions Office. Information in the withdrawal request MUST include: Name; Student ID number; the course reference number, course abbreviation and number; and the instructor's name. A reason for withdrawal from a class course must be included. The instructor MUST be included as a "copy to" on the email. Withdrawal from a class is not complete until the student has been cleared through the Office of Admissions. Special regulations pertain to those receiving veteran's benefits or financial aid, and those individuals should confer with the Coordinator of Veteran's Affairs or the Director of Student Financial Services prior to initiating a withdrawal action. A "W" cannot be changed to a grade, nor can a grade be changed to a "W."

A student who enrolls in a course and does not complete the course will receive a grade of "F" unless this withdrawal process is followed.

INTERDISCIPLINARY PROGRAMS

Pre-Law Program

Many Athens State University students express an interest in attending law school after graduation. Many ASU students have attended law school at The University of Alabama, Cumberland School of Law at Samford University, The University of Tennessee, The University of Florida, George Washington University, Memphis State University, and Southern Illinois University.

To be admitted to an accredited law school, a student must have a bachelor's degree, an acceptable score on the Law School Admission Test (LSAT), and at least a 3.0 GPA. Although no law school requires a specific major, political science and justice studies have been popular undergraduate majors for many students because of the opportunity to take courses in American government, constitutional law, civil liberties, criminal law, criminal justice process, public administration, and the American legal system. Methods of Behavioral Science Research and the Senior Research Project courses are designed to improve the student's research and writing skills.

Students should consider electives that will enhance skills needed in law school. Courses in the English department can improve oral and written communication, which are essential skills for success in law school. In the College of Business, courses in accounting, business law, and real estate are helpful. A student entering law school should also know how to operate basic computer programs. Admission to law school is very competitive and no specific program can guarantee admission.

Students interested in choosing political science and/or justice studies as a prelaw major should contact the secretary in the Department of Humanities and Social Sciences in the College of Arts and Sciences - 233-8273. For further information call 1-800-522-0272 or (256) 233-8100 or refer to the Athens State University website: www.athens.edu.

Foreign Study Abroad
ASU in LONDON, ENGLAND

Athens State University and its International Program offers an opportunity for all ASU majors and minors to study abroad for the first Summer Term at our Partner Institution, Huron University USA London in London, England from around May 15 until around June 25. Students attend Huron university as Athens State students and may take up to two courses in areas such as business, math, social science, natural science, behavioral science, drama, art, computer science and others that will transfer to Athens State University.

Huron University provides housing and in city transportation. Students receiving financial aid are generally eligible to apply it to this enterprise. The Director of ASU in London will accompany attending students for the first part of the term.

For more information, check the "International Programs" link at the ASU website, www.athens.edu or contact:

Mark Anderson, B.A., J.D., University Director of ASU in London, Professor of International Business and Legal Studies, 233-8148.

Sarah McAbee, B.S., M.B.A., Director of Student Financial Services, 233-8212. Financial Aid.

Lisa Carter Payne, B.S., M.A., Veterans Affairs Coordinator, 233-8124. Veterans.

Pre-Health Programs

Students interested in the pre-health professions, listed below, should contact Chief Pre-Health Professions Advisor, Dr. Bruce Thomas at 1-800-522-0272 (Ext. 142) or (256) 233-8142; or by e-mail at bruce.thomas@athens.edu.

Pre-medicine (osteopathic and allopathic)
Pre-dentistry
Pre-optometry
Pre-veterinary
Pre-pharmacy
Pre-chiropractic
Pre-podiatry
Pre-naturopathic
Pre-physician assistant
Pre-physical therapy
Pre-occupational therapy

Athens State University offers a variety of undergraduate academic programs designed to satisfy admission requirements for schools of medicine, dentistry, optometry, veterinary medicine, pharmacy, chiropractic medicine, physical therapy, and many other related disciplines. Students receive guidance in planning individual academic programs according to university and major requirements. Though many students pursue biology or chemistry degrees, medical schools do not require or recommend any particular field of study as long as the following courses are satisfied:

English composition and literature (12 semester hours)
General chemistry with laboratory (8 semester hours)
Organic chemistry with laboratory (8 semester hours)
Biochemistry (recommended) (3 semester hours)
General biology with laboratory (8 semester hours)
(additional biology electives recommended are:
genetics, embryology, cell biology, and physiology)
General physics with laboratory (8 semester hours)
Mathematics (calculus recommended) (6 semester hours)

COLLEGE OF ARTS AND SCIENCES

The mission of the College of Arts and Sciences curricula are designed to prepare students for entry into the job market, or for continuing education in graduate or professional school. Through its course offerings, the College seeks to engage the intelligence, excite the imagination, and improve the scholarship of its students, and to assist its students to develop:

- competencies in written and oral communications;
- appreciation of our cultural heritage and understanding of our world;
- a knowledge base conducive to self growth and enriched life experiences; and,
- fundamental knowledge, research skills and computer literacy essential to lifelong learning.

The College of Arts and Sciences is composed of the following departments: Behavioral Science, Health and Professional Studies, Humanities and Social Science, Mathematics and Computer Science, and Natural Science. The chart on the preceding page summarizes the organization of the College of Arts and Sciences in addition to the degree options, majors, minors, and certification programs. An asterisk is used to designate the degree option(s) for a particular major, and to indicate that a department offers a minor or a certificate. The program purposes/goals of each department are listed below:

The Department of Behavioral Science offers courses in three areas of study: Behavioral Science, Psychology, and Sociology. Programs in the Department employ an interdisciplinary approach aimed at developing a strong academic background to prepare students for employment in the areas of mental health, social work, counseling, substance abuse, sociology, and psychology. In addition, the program provides the student with the flexibility to seek employment immediately after graduation or pursue graduate or professional studies. The Department goals are aimed at: (1) enhancing the student's understanding of human services settings through a broad knowledge base of applied and clinical areas of human behavior; (2) instilling an appreciation for the ethical principles governing the fields of psychology, social work, and counseling; (3) cultivating life-long learning through proficient use of technology and information; (4) developing reasoning and analytical skills; and (5) communicating effectively orally and in writing.

The Department of Health and Professional Studies is committed to the delivery of administrative-oriented courses in the areas of public safety and health, health science, and health and wellness management. The curricula are designed to provide emergency response and allied health students with the academic background to qualify for enhanced managerial and administrative career opportunities. The Department goals are aimed at: (1) enhancing the student's knowledge of personal and community health and safety issues, policies, and administrative practices of risk assessment, prevention, response, and mitigation through specialized coursework; (2) fostering strong ethical standards; (3) developing research and analytical skills to collect and analyze data using scientific methodology; (4) enhancing proficiency in the use of technology and information; and (5) communicating effectively orally and in writing.

The Department of Humanities and Social Sciences offers courses in seven areas of study: Art, English, History, Justice Studies, Political Science, Religion, and Social Science. Programs in the Department employ an interdisciplinary approach aimed at developing a strong academic background to prepare students for entry-level employment, admission into graduate or professional programs, or certification as secondary education teachers. The Department goals are aimed at: (1) enhancing the student's understanding of the world, society, and community through a broad knowledge base in the humanities and social sciences; (2) fostering respect and appreciation for diversity of people and opinions; (3) cultivating life-long learning through proficient use of technology and information; (4) developing critical thinking and analytical skills; and (5) communicating effectively orally and in writing. Students pursuing teaching certification or licensure will complete additional requirements from the College of Education.

The Department of Mathematics and Computer Science is committed to providing students with a strong academic background on the fundamentals of mathematics and computer science within the context of an increasingly technology-driven society. The program allows students the flexibility to explore a wide range of applied and theoretical

areas of mathematics, computing, and logic suitable for different employment environments in business, industry, and government or for further studies. The curriculum is designed to include an interdisciplinary approach where students can combine mathematics and/or computer science courses with other disciplines, as well as gain certification for teaching mathematics at the secondary school level. The Department goals are aimed at: (1) enhancing the student's knowledge of mathematics and computer science; (2) cultivating analytical and problem-solving skills; (3) instilling an appreciation for ethical principles to face the challenges posed by the development and uses of new technology and advanced scientific inquiry; and (4) communicating ideas clearly orally and in writing.

The Department of Natural Science offers courses in three areas of study: Biology, Chemistry, and General Science. Programs in the Department employ an interdisciplinary approach to the natural sciences providing a comprehensive science education background obtained through rigorous coursework, laboratory, and field experience. Structured to prepare students for career opportunities in science in government, industry, and education, or for pursuing post-graduate studies, the Department goals are aimed at: (1) enhancing the student's knowledge of the fundamental principles of biology, chemistry, and related life sciences and their interrelationships; (2) cultivating analytical and problem solving skills through the active teaching of the scientific method; (3) instilling an appreciation for ethical principles in the conduct of scientific inquiry and use of new technology; and (4) communicating scientific findings and ideas clearly orally and in writing. Students pursuing teaching certification or licensure will complete additional requirements from the College of Education.

Majors leading to a Bachelor of Arts degree are in the disciplines of of Art, English, History, Political Science, Psychology, Religious Studies, and Sociology. Majors leading to a Bachelor of Science degree are in the disciplines of Biology, Chemistry, Computer Science, Justice Studies, Mathematics, Political Science, Psychology, and Sociology. The disciplines of Psychology and Sociology sponsor an interdisciplinary major in Behavioral Science leading to a Bachelor of Science degree. The Department of Computer Science sponsors a computer networking certificate program. The College of Arts and Sciences in cooperation with the College of Education offers Licensure and Certification Track majors in Biology, Chemistry, English, History, General Science, Mathematics, and Social Science for those students who are interested in teaching in Middle School or High School. Completion of these track requirements will lead to Class B Certification in High School Education. In cooperation with the College of Business or the College of Education, the College sponsors an interdisciplinary major in Health Science leading to the Bachelor of Science degree. Pre-medical, pre-dental, and para-medical students are advised to major in either Biology or Chemistry; a program of study tailored to meet specific recommendations of a particular professional school, and leading to a Bachelor of Science degree, will be worked out for the student in consultation with his or her Faculty Advisor.

Certain College of Arts and Sciences curricula require courses to be completed in a particular sequence. Therefore, it is important that Arts and Sciences students meet with their Faculty Advisor, to be assigned by the Counselor for the College of Arts and Sciences, as soon as possible. It must be noted, however, that the student bears individual responsibility to schedule and complete all requirements for the degree and a particular program of study. To fit specific student need, a special program of study may be devised which varies from published requirements. However, under no circumstances are alterations to a particular curriculum permitted without prior approval of the student's Faculty Advisor and completion of a Petition for Adjustment of Curriculum form.

To qualify for graduation, science or mathematics students must achieve a 2.5 grade point average in their major field.

ART (AR)

The bachelors degree in Art provides students with a strong foundation on the visual arts centered on in-depth study in a number of studio and art history courses. Completion of a major study in the visual arts can be taken as an integral part of a general liberal arts degree program. The program's primary goal is the self-growth of the artist while preparation for graduate studies in visual arts for majors or entry-level careers in art constitute other important goals. The curriculum is designed around the student's individual needs and a conscientious direction in planning an appropriate avenue of study within the program. The senior major exhibition culminates the study.

Bachelor of Arts - Art Major
MAJOR CODE: 50.0701

Program components for the Bachelor of Arts degree with a major in Art include:

1. **APPLICABLE GENERAL UNIVERSITY REQUIREMENTS:**

To graduate, each student must:

- complete a minimum of 33 semester hours of the last 39 semester hours at ASU.
- complete 60 to 64 semester hours of upper level college/university credit (300-400 level courses).
- complete a minimum of 15 semester hours of upper (300/400) level coursework in his or her major at Athens State University, not including courses taken by consortium arrangement. School or departmental regulations may require more than 15 semester hours of coursework in the major at Athens State University.
- complete all course requirements for major(s).
- complete all course requirements for minor (if applicable).
- complete all of the general education requirements for the degree.
- attain an overall grade point average of 2.0, a 2.0 on all coursework attempted at Athens State University and at least a 2.0 in the major field. School or departmental regulations may require more than a 2.0 grade point average (see major requirements in each discipline).
- complete the total hour requirement as specified by the degree.
- complete the teacher certification requirements (if applicable).

EACH STUDENT MUST ASSUME RESPONSIBILITY FOR KNOWING THE ACADEMIC REQUIREMENTS FOR THE DEGREE THAT IS BEING PURSUED.

2. **GENERAL EDUCATION REQUIREMENTS:**

Area I.	**Written Composition**	6 semester hours	__ __
Area II.	**Humanities/Fine Arts (12 semester hours)**		
	At least one fine arts course	3 semester hours	__

BIOLOGY (BI)

The bachelors degree in Biology prepares students for careers in research and technical areas requiring a baccalaureate degree and for pursuing graduate studies through comprehensive science education encompassing standard academic courses in biology, chemistry, mathematics, and computer science. Program graduates have the skills and competencies to gain employment in government and industry careers requiring a knowledge base in biology, including medical and other health-related fields, seek admission to graduate and/or professional programs, and teach science at the secondary school level. The Department of Biology sponsors majors leading to the Bachelor of Science degree and to the Bachelor of Science degree with teacher licensure (6-12). Biology and Marine Science minors also are offered.

TOTAL PROFESSIONAL HOURS: 34 SEMESTER HOURS

5. The Biology major must complete a minimum of 18 semester hours of upper division biology coursework, at least 12 semester hours of which must be taken at Athens State University. Courses taken under the S.I.R. agreement do not constitute upper division coursework. The major who plans to attend graduate, medical, or other professional (e.g., veterinary, chiropractic, optometry, pharmacy) school, or who seeks special licensure or certification (e.g., physical therapist, wildlife biologist) should determine the specific recommendations or requirements of the particular school, licensing or certifying agency for science and mathematics coursework and complete the recommended or required coursework. A program of study tailored to meet specific recommendations and/or requirements for science and mathematics coursework then will be developed for the major in consultation with his or her Faculty Advisor. In general, the following courses or their equivalents frequently are recommended or required:

Calculus I, II (MA 303, 304)
Organic Chemistry (CH 311, 312)
Physics (PY 301, 302)
Biochemistry (BI 409 or CH 409)

6. A minor is required. 18 semester hours
7. **GENERAL ELECTIVES 12 semester hours** ___ ___ ___ ___
8. **TOTAL HOURS FOR GRADUATION 126-128 SEMESTER HOURS**

9. **Pre-assessment and exit examinations**: To comply with Southern Association of Colleges and Schools (SACS) accreditation standards, the Department of Biology administers both pre-assessment and exit examinations to its majors. The examinations serve a four-fold purpose:

(1) to assess preparedness for taking certain junior or senior level biology courses;
(2) to establish a benchmark for assessing knowledge gained as a result of completing the biology major at Athens State University;
(3) to assess preparedness for graduate study in biology or for admission to professional school; and
(4) to assess preparedness for a career as a biologist.

There is no cost for taking the examinations, nor is it necessary to undertake any special preparation for the examinations. The pre-assessment examination is designed to cover topics that usually are presented in an introductory biology sequence (e.g., a two semester sequence - Principles of Biology I, II) Exit examination questions are drawn from the following areas: Cellular Biology, Ecology (including Field Ecology), Genetics, Vascular and Non-vascular Botany, and Invertebrate and Vertebrate Zoology. The examinations are designed to be completed in 60 minutes. The pre-assessment examination is administered during the first term of attendance at Athens State University; the exit examination is administered during the term at the end of which the major expects to graduate. Both exams are mandatory and are administered by the Testing Center.

Pre-assessment examination _____
Post-assessment examination _____

The following minors can be obtained in the area of Biology:

- **Biology**
- **Marine Science**

Course requirements for these minors can be found at the end of the College of Arts and Sciences section of the catalog.

MARINE ENVIRONMENTAL SCIENCES CONSORTIUM

Athens State University is a member of the Marine Environmental Sciences Consortium, based at Dauphin Island, Alabama. This affiliation offers Athens State University students an opportunity to take courses and conduct research in estuarine and marine environments. Courses offered during the summer at Dauphin Island Sea Lab may be taken for credit at Athens State University toward a major or minor in biology or a minor in marine science. Some of the course offerings cannot be taken for biology major or minor credit. All programs of study that involve marine science courses must be approved by the MESC liaison. A Dauphin Island Sea Lab Information Bulletin listing summer school course offerings can be obtained early in the spring semester from a member of the Athens State University Department of Biology. Active courses of undergraduate instruction sponsored by the Consortium include the following:

Coastal Birds of Alabama	Coral Reef Ecology	Marine Technical Methods
Marine Biology	Oceanology of the Gulf of Mexico	Coastal Geomorphology
Marine Invertebrate Zoology	Advanced Anatomy and Evolution of Marine Fishes	Coastal Climatology
Marine Botany	Introduction to Neurobiology	Marine Aquaculture
Marine Geology	Marine Fish Diseases	Coastal Zone Management
Marine Ecology	Introduction to Oceanography	Dolphins and Whales
Marine Vertebrate Zoology		Marine Behavioral Ecology

Bachelor of Science - Biology Major
(Licensure and Certification Track for Teaching in Secondary Education) (Grades 6-12)
MAJOR CODE: 26.0101

(Due to the No Child Left Behind Federal Act of 2001, the program listed below may have changed. See your advisor.)

NOTE: To teach in secondary schools, the students MUST:

1) complete the below listed requirements to include the minor for certification and licensure;
2) contact the certification officer in the College of Education for approval of appropriate professional education courses and compliance with NCLB Federal Act of 2001 and State Department of Education licensure standards;
3) maintain a grade point average of at least a 2.5 on a 4.0 scale in the teaching field and overall education. A 2.75 is required in the professional studies. This is a requirement for student teaching and for graduation.
4) repeat courses in which D's and F's are made. Education courses with the prefixes ED, EL, ER, SC, SE, CE, and HPE may be repeated one time only; and
5) understand that underlined courses in the minor require admission into the Teacher Education Program (TEP).

1. APPLICABLE GENERAL UNIVERSITY REQUIREMENTS:

To graduate, each student must:

- complete a minimum of 33 semester hours of the last 39 semester hours at ASU.
- complete 60 to 64 semester hours of upper level college/university credit (300-400 level courses).
- complete a minimum of 15 semester hours of upper (300/400) level coursework in his or her major at Athens State University, not including courses taken by consortium arrangement. School or departmental regulations may require more than 15 semester hours of coursework in the major at Athens State University.
- complete all course requirements for major(s).
- complete all course requirements for minor (if applicable).
- complete all of the gen. ed. requirements for the degree.
- complete the total hour requirement as specified by the degree.
- complete the teacher certification requirements (if applicable).

EACH STUDENT MUST ASSUME RESPONSIBILITY FOR KNOWING THE ACADEMIC REQUIREMENTS FOR THE DEGREE THAT IS BEING PURSUED. PLEASE FOLLOW CAREFULLY.

2. GENERAL EDUCATION REQUIREMENTS:

TOTAL PROFESSIONAL HOURS: 30 SEMESTER HOURS

5. The Biology major must complete a minimum of 18 semester hours of upper division biology coursework, at least 12 semester hours of which must be taken at Athens State University. Courses taken under the S.I.R. agreement do not constitute upper division coursework.

6. **Pre-assessment and Exit examinations:** To comply with Southern Association of Colleges and Schools (SACS) accreditation standards, the Department of Biology administers both pre-assessment and exit examinations to its majors. The examinations serve a four-fold purpose:
 (1) to assess preparedness for taking certain junior or senior level biology courses;
 (2) to establish a benchmark for assessing knowledge gained as a result of completing the biology major at Athens State University;
 (3) to assess preparedness for graduate study in biology or for admission to professional school; and
 (4) to assess preparedness for a career as a biologist.

 There is no cost for taking the examinations, nor is it necessary to undertake any special preparation for the examinations. The pre-assessment examination is designed to cover topics that usually are presented in an introductory biology sequence (e.g., a two semester sequence - Principles of Biology I, II). Exit examination questions are drawn from the following areas: Cellular Biology, Ecology (including Field Ecology), Genetics, Vascular and Non-vascular Botany, and Invertebrate and Vertebrate Zoology. The examinations are designed to be completed in 60 minutes. The pre-assessment examination is administered during the first term of attendance at Athens State University; the exit examination is administered during the term at the end of which the major expects to graduate.

CHEMISTRY (CH)

The bachelors degree in Chemistry prepares students for careers in industry or government, graduate or professional study, or secondary school teaching. By means of a rigorous program of chemistry courses through formal classroom instruction, laboratory exercises involving wet chemistry, instrumentation, and computer software packages, directed study, and research, students obtain a strong academic background in chemistry and its applications. The curriculum offers flexibility for students to design and prepare for their chosen career or educational path by selecting appropriate electives based on their particular area of interest. The program's goals are aimed at: (1) providing a knowledge base of chemistry theory and concepts; (2) teaching a systematic, thoughtful approach to problem solving; and (3) having graduates communicate scientific information clearly and concisely.

Bachelor of Science - Chemistry Major

MAJOR CODE: 40.0501

Program components for the Bachelor of Science degree with a major in Chemistry include:

1. **APPLICABLE GENERAL UNIVERSITY REQUIREMENTS:**

To graduate, each student must:

- complete a minimum of 33 semester hours of the last 39 semester hours at ASU.
- complete 60 to 64 semester hours of upper level college/university credit (300-400 level courses).
- complete a minimum of 15 semester hours of upper (300/400) level coursework in his or her major at Athens State University, not including courses taken by consortium arrangement. School or departmental regulations may require more than 15 semester hours of coursework in the major at Athens State University.
- complete all course requirements for major(s).
- complete all course requirements for minor (if applicable).
- complete all of the general education requirements for the degree.
- attain an overall grade point average of 2.0, a 2.0 on all coursework attempted at Athens State University and at least a 2.0 in the major field. School or departmental regulations may require more than a 2.0 grade point average (see major requirements in each discipline).
- complete the total degree requirements as specified by the degree.
- complete the teacher certification requirements (if applicable).

EACH STUDENT MUST ASSUME RESPONSIBILITY FOR KNOWING THE ACADEMIC REQUIREMENTS FOR THE DEGREE THAT IS BEING PURSUED.

2. **GENERAL EDUCATION REQUIREMENTS:**

Area I. Written Composition 6 semester hours __ __

Area II. Humanities/Fine Arts (12 semester hours)

At least one fine arts course 3 semester hours __

At least one literature course 3 semester hours __

Other Humanities/Fine Arts courses 6 semester hours __ __

Area III. Mathematics and Natural Sciences (12 semester hours)

Calculus I* 4 semester hours __

College Chemistry I and II 8 semester hours __ __

Area IV. History/Behavioral and Social Sciences (12 semester hours)

At least one history course 3 semester hours __

Other History/Behavioral or Social Science courses 9 semester hours __ __ __

***Prerequisites: Precalculus Algebra and Precalculus Trigonometry**

**The major who plans to attend medical school or health related professional (e.g., veterinary, chiropractic, osteopathic, pharmacy) schools may substitute CH 409 Biochemistry for either CH 314 or CH 330.

TOTAL PROFESSIONAL HOURS: 37 SEMESTER HOURS

5. The chemistry major must complete a minimum of 24 semester hours of upper division 300/400 level chemistry coursework at Athens State University. For those majors who plan to attend graduate, medical, or other professional school, the following courses are recommended:
CH 409 Biochemistry
MA 421 Differential Equations

6. A minor is **not** required.

7. **GENERAL ELECTIVES:** 27 semester hours ___ ___ ___ ___ ___ ___ ___ ___ ___

8. **TOTAL HOURS FOR GRADUATION 128 SEMESTER HOURS**

9. **Pre-assessment and Exit Examinations:** During the first term of enrollment at Athens State, the chemistry major must complete a pre-assessment examination. During the final term of enrollment at Athens State, the chemistry major must complete the major field achievement examination for chemistry.

The following minor can be obtained in the area of Chemistry:

- **Chemistry**

Course requirements for this minor can be found at the end of the College of Arts and Sciences section of the catalog.

Bachelor of Science - Chemistry Major
(Licensure and Certification Track for Teaching in Secondary Education) (Grades 6-12)
MAJOR CODE: 40.0501

(Due to the No Child Left Behind Federal Act of 2001, the program listed below may have changed. See your advisor.)

NOTE: To teach in secondary schools, the students MUST:

1) complete the below listed requirements to include the minor for certification and licensure;
2) contact the certification officer in the College of Education for approval of appropriate professional education courses and compliance with NCLB Federal Act of 2001 and State Department of Education licensure standards;
3) maintain a grade point average of at least a 2.5 on a 4.0 scale in the teaching field and overall education. A 2.75 is required in the professional studies. This is a requirement for student teaching and for graduation.
4) repeat courses in which D's and F's are made and realize that all attempts are calculated in the GPA. Education courses with the prefixes ED, EL, ER, SC, SE, CE, and HPE may be repeated one time only ; and
5) understand that underlined courses in the minor require admission into the Teacher Education Program (TEP).

1. APPLICABLE GENERAL UNIVERSITY REQUIREMENTS:

To graduate, each student must:

TOTAL MINOR REQ. FOR CERTIFICATION/LICENSURE 33 SEMESTER HOURS

TOTAL HOURS FOR GRADUATION 133 SEMESTER HOURS

The bachelors degree in Computer Science provides students with a strong foundation in programming, problem analysis, problem solving, and software engineering. There are two additional options to the Computer Science Degree: Computer Informations Systems (CIS Option) and Computer Networking (CN Option). The CIS option provides students with a foundation in business and information systems to complement the core requirements in problem solving and programming. The CN option tailors the program for those students seeking expertise in the development, design, and administration of computer networks.

CS, CIS and CN curricula emphasize structured programming, problem solving, and software engineering, and require significant hands-on experience using hardware and software resources available in state-of-the-art computer laboratories maintained by the Department.

The CS curriculum is designed to prepare students for the job market and/or for graduate school.

The CIS curriculum focuses on problem solving in a business environment. The goal of this curriculum is to prepare the student for the job market as a technically oriented member of an information systems development team.

The Computer Networking (CN) program focuses on the technical aspects of computer networking. Combined with the structured programming features found in both the CS and CIS curricula, the student should be well prepared for the job market. The student who successfully completes CN 301, CN 302, CN 303, CN 304, and a locally administered certification exam can certify as a NACSE Associate Network Specialist (NANS); the student who successfully completes all eight CN courses and a locally administered certification exam can certify as a NACSE Senior Network Specialist (NSNS).

The Computer Science Department imposes the following requirements and restrictions on accepting computer science courses from other institutions:

- No RPG or computer applications courses will be accepted.
- Not more than 3 semester hours of FORTRAN will be accepted.
- Introduction to Information Systems and Basic Programming will not be accepted as electives.
- "System Analysis and Design" courses cannot be substituted for CS 451 or CS 452.
- "Work-based experience" credit cannot be substituted for CS 451 or CS 452.
- Locally administered certification examinations are not accepted.

ENGLISH (EH)

The bachelors degree in English aspires to foster life-long learning through expanding literacy and opportunities and an ever-widening understanding of ideas, people, cultures, and histories that shape humanity. The program emphasizes the varied language arts, particularly drama, literature, speech, and writing, and promotes critical reading of literature from a wide range of diverse authors and genres, as well as through analytic and creative writing. Through rigorous coursework, English majors develop their abilities to think clearly, reach well-reasoned decisions, improve self-esteem, and take active and responsible roles in their communities. Program graduates have the skills and competencies to pursue further studies, teach English/Language Arts at the secondary school level, or enter a wide range of career fields.

GENERAL SCIENCE (GS)

The Bachelor of Science degree in General Science and the Bachelor of Science degree in General Science with Teacher Licensure (6-12) prepares students for research and technical areas requiring a baccalaureate degree, and also satisfies some graduate and/or professional school admissions requirements. The objective of the major is to provide the graduate with a comprehensive science education, encompassing standard academic courses in biology, chemistry, mathematics, physics, and earth and space sciences. Courses and programs are structured to provide basic coursework applicable to (1) careers requiring a general preparation in science, (2) graduate and professional programs requiring a multidisciplinary science background, such as medicine, forensics, pharmacy, or law, and (3) secondary school teaching.

Bachelor of Arts - History Major
(Licensure and Certification Track for Teaching in Secondary Education) (Grades 6-12)
MAJOR CODE: 54.0101

(Due to the No Child Left Behind Federal Act of 2001, the program listed below may have changed. See your advisor.)

NOTE: To teach in secondary schools, the students MUST:

1) complete the below listed requirements to include the minor for certification and licensure;
2) contact the certification officer in the College of Education for approval of appropriate professional education courses and compliance with NCLB Federal Act of 2001 and State Department of Education licensure standards;
3) maintain a grade point average of at least a 2.5 on a 4.0 scale in the teaching field and overall edueation. A 2.75 is required in the professional studies. This is a requirement for student teaehing and for graduation.
4) repeat courses in which D's and F's are made and realize that all attempts are calculated in the GPA. Education courses with the prefixes ED, EL, ER, SC, SE, CE, and HPE may be repeated one time only.
5) understand that underlined courses in the minor require admission into the Teaeher Education Program (TEP); and
6) complete the 12 semester hours in History sequence as required by the degree before being admitted to the Teacher Education Program.

1. APPLICABLE GENERAL UNIVERSITY REQUIREMENTS.

To graduate, each student must:

- complete a minimum of 33 semester hours of the last 39 semester hours at ASU.
- complete 60 to 64 semester hours of upper level college/university credit (300-400 level courses).
- eomplete a minimum of 15 semester hours of upper (300/400) level coursework in his or her major at Athens State University, not including courses taken by consortium arrangement. School or departmental regulations may require more than 15 semester hours of coursework in the major at Athens State University.
- complete all course requirements for major(s).
- complete all course requirements for minor (if applicable).
- complete all of the general education requirements for the degree.
- complete the total hour requirement as specified by the degree.
- complete the teacher certifieation requirements (if applicable).

JUSTICE STUDIES (JS)

The bachelors degree in Justice Studies provides students with a knowledge base of the criminal law process, theoretical concepts of crime causation and control, and policymaking and management practices within criminal justice agencies. Program graduates have the skills and competencies to pursue graduate studies in the criminal justice field or gain employment in positions in law enforcement, correctional administration, judicial administration, probation/parole, and security in government and private sectors.

LIBERAL STUDIES

The Liberal Studies major is offered through the College of Arts and Sciences but does not fall under any specific academic department. The program is based on an interdisciplinary approach that allows students the flexibility to develop their own unique program of study by taking courses from any one of the Colleges of Arts and Sciences, Business, or Education. Primarily, the program serves the needs of those students seeking to enrich and to satisfy their personal educational goals through non-specialized collegiate study. The curriculum is structured to produce graduates who possess a diverse range of coursework appropriate to any career that demands a college education but is not closely linked to any particular field of study. Program graduates have the skills and competencies to pursue further studies or seek employment.

While generally no specified major courses are required for the Liberal Studies major, the student must comply with all requirements for the Bachelor of Science degree and applicable university requirements (See General University Requirements). Students will be required to select and pass a capstone course of their choice from one of the disciplines offered by the University. Students should make this decision based on advice from the Liberal Studies advisor.

The following limitations apply to the Bachelor of Science in Liberal Studies:

- A minor is not permitted in the Liberal Studies program.
- Liberal Studies may not be considered as a minor to any other degree program.
- Liberal Studies may not be considered as a second major with any other degree program.
- The Bachelor of Science in Liberal Studies degree will be awarded only to students who have not declared a major in another program of study.
- The Bachelor of Science in Liberal Studies degree will not be awarded concurrently with any other major.

MATHEMATICS (MA)

The bachelors degree in Mathematics prepares students for careers in government, business, and industry or for pursuing graduate studies. The program offers two tracks. Track I is designed to more appropriately prepare students for employment in business and industry in areas requiring detailed and exact scientific analysis. Track II prepares the student to teach mathematics at the secondary school level and meets requirements for certification by the Alabama State Department of Education. Either track will qualify students to pursue graduate studies.

Bachelor of Science - Mathematics Major (Track 1)
MAJOR CODE: 27.0101

Program components for the Bachelor of Science degree with a major in Mathematics include:

MA 441 Special Topics in Mathematics**
MA 445 Mathematical Modeling and Simulation
MA 450 Advanced Calculus I
MA 451 Advanced Calculus II
MA 452 Real Analysis*

Additionally, at least ONE 2-SEMESTER SEQUENCE must be completed for the Mathematics Major. Options are:

MA 401 Complex Analysis and MA 452 Real Analysis or
MA 421 Differential Equations and MA 428 Partial Differential Equations or
MA 431 Introduction to Probability and MA 432 Introduction to Statistics or
MA 450 Advanced Calculus I and MA 451 Advanced Calculus II

TOTAL PROFESSIONAL HOURS: 33 SEMESTER HOURS

*Recommended if planning to attend graduate school.
**Must be approved by Mathematics Department Chairperson.

5. **The Mathematics major must complete a minimum of 12 semester hours of upper division 300/400 level mathematics coursework at Athens State University. To be used toward completing a Mathematics major at Athens State, any mathematics course transferred to Athens State must be a grade of C or higher. Mathematics majors must maintain a 2.5 G.P.A. in mathematics courses taken at Athens State University.**

6. A minimum 18 semester hour MINOR is required and must be approved by a Mathematics faculty advisor. **18 semester hours**

7. **GENERAL ELECTIVES 13 semester hours**

8. **TOTAL HOURS FOR GRADUATION 124-128 SEMESTER HOURS**

9. **ASSESSMENT/ EXIT EXAMS**

Assessment exams and an exit exam are required. For most mathematics courses, the instructor will administer an assessment exam. The Coordinator of Testing administers the exit exam. The student should contact the Testing Office in Founders Hall, 1st floor, for policies, procedures, and times for the exam.

It is the student's responsibility to schedule and take the exit exam. It is suggested that the exit exam be taken during the term prior to the student's last semester. As a condition for graduation, all B.S. mathematics majors must satisfactorily complete an exit exam. The B.S. mathematics/18 hours minor exit exam covers topics and problems from algebra, trigonometry, the calculus sequence, discrete mathematics, linear algebra, modern algebra, differential equations, and introduction to probabil ity.

The following minor can be obtained in the area of Mathematics:

- **Mathematics**

Course requirements for this minor can be found at the end of the College of Arts and Sciences section of the catalog.

6. For the student obtaining high school certification who wishes a middle school endorsement in **mathematics (Grades 4-8)**, the following courses are required:

EL 424 Teaching Mathematics in Intermediate Grades 3 semester hours
EL 413 Teaching Reading in the Intermediate Grades 3 semester hours
PS 332 Child Psychology 3 semester hours

NOTE: IF THE FIFTEEN-WEEK INTERNSHIP WAS NOT COMPLETED IN GRADES 7-8, AN ADDITIONAL SEVEN-WEEK INTERNSHIP MUST BE COMPLETED IN MIDDLE SCHOOL GRADES.

7. **ASSESSMENT/EXIT EXAMS**

Assessment exams and an exit exam are required. For most mathematics courses, the instructor will administer an assessment exam. The mathematics exit exam is the PRAXIS II Math content exam required by the State of Alabama for certification in mathematics. This PRAXIS II exam is administered by ETS. It is the student's responsibility to schedule and take the exit exam. It is required by the College of Education that the Math Content PRAXIS II is taken prior to internship semester. Students are required to submit a copy of their score and break-out scores to their Math advisor.

POLITICAL SCIENCE (PO)

The bachelors degree in Political Science provides students with a foundation in American and non-American politics through rigorous coursework across seven areas of political science: American national government, American state and local government, public policy, constitutional law, public administration, international realtions, and foreign policy. In addition, students are provided a foundation on research methodology and undertake a discipline-related observational experience. The curriculum is structured to provide students with a background appropriate for a pre-law school experience. Program graduates have the skills and competencies necessary for entry into a graduate program in Public Administration, or pursue career opportunities in law-related fields, public administration, or teaching government and politics at the secondary school level. *Note: The Bachelor of Art degree requires a minor in another field.

PUBLIC SAFETY AND HEALTH ADMINISTRATION EXTRA-INSTITUTIONAL CREDIT

Students majoring in Public Safety and Health Administration may be eligible to obtain up to a maximum of 12 semester hours upper-division academic credit for experience and advanced professional certifications. Academic credit may be awarded for official professional certification in a public safety and/or allied health field and/or work experience in a public safety or allied health supervisory and/or administrative position. Credit for basic certificates or credit previously awarded at another level or through another institution will not be duplicated.

Students meeting the qualifications for extra-institutional credit must register for particular courses based upon the students' credentials. Each course is 3 semester hours credit, and carries the standard per hour tuition. Students assume the responsibility for registering for the appropriate course(s), and for submitting to their Public Safety and Health Administration Faculty Advisor all appropriate certificate copies and documentation of appropriate work experiences. Students successfully documenting advanced professional skills and administrative experience will be awarded a score of P (passing) for appropriate coursework. Students may not register for this coursework their first term at Athens State University, but may register for this coursework during any subsequent term.
The particular courses for which qualified students should register are listed below with appropriate criteria.

PSHA 459 Public Safety or Healthcare Supervisor (Must provide a letter of appointment from agency)
PSHA 460 Public Safety or Healthcare Manager/Administrator (Must provide a letter of appointment from agency)
PSHA 461 Paramedic/Public Safety or Healthcare Instructor (Must provide copy of certificate)
PSHA 462 Haz-Mat Technician (Must provide copy of certificate)
PSHA 463 Haz-Mat Specialist (Must provide copy of certificate)

RELIGION (RE)

The bachelors degree in Religion provides students with a broad based knowledge in religion. The degree's core contains rigorous coursework in four major areas of study: (1) world religion including the history of religion, (2) moral values and theology, (3) biblical studies, and (4) sociology of religion. The curriculum focuses on ideas and practices of ancient and modern religions. The program covers these ideas and practices on several levels. It looks at the sacred texts of different religious traditions, the relationship between religion and culture, the historical and literary aspects of the religion, and the sociological research methods needed for understanding the evolution of religious thought throughout history. Program graduates will possess the knowledge, skills, and competencies to engage in ongoing discussion and research of the world's religions and their writings. The program also prepares students to pursue a religious vocation, further education at a graduate level, or enter careers in ministry or teaching.

ART HISTORY MINOR

(This minor is open to students in all majors. Please consult course descriptions for possible prerequisites.)

The Art History minor will teach students to analyze the visual history, art theory, and art criticism of visual traditions in the world. A minor in Art History is particularly suited for students pursuing careers in art, art education, history, anthropology, archaeology, classics, English, foreign literature, cultural studies, international business, and arts administration. The study of art history improves a student's visual perception and enhances their critical understanding of human expression. Students learn to understand art within the contexts of time, place, religion, politics, philosophy, culture, technology, society, and gender. This minor is designed for completion entirely on-line in web-based education.

Stipulations for the art history minor:

- No more than one independent study course may count toward the minor in Art History.
- No more than two courses may be applied toward both this minor and a major or minor. By petition, two upper division courses with substantial art historical content and methodology applied toward the students' majors may also be applied toward this minor. These courses do not have to be in the distance learning (DL) format.
- Courses to be counted in the minor must be taken for a grade (may not be taken pass/fail).

COLLEGE OF BUSINESS

The mission of the College of Business is to offer programs of study to students that will prepare them for positions in business, finance, or government; enhance the professional development of those already employed; and provide an academic framework for graduate study leading to professional positions. The purpose of the College of Business is to provide quality education for all students, teaching them to think independently, to communicate, to make decisions, to solve problems, and to be lifelong learners. To carry out its mission and support its purpose, the College of Business has established the following goals:

1. Provide for continuous improvement of the programs within the College of Business in keeping with the standards set by Athens State University and the Association of Collegiate Business Schools and Programs.
2. Place excellence in teaching as the number one priority for serving students and for evaluating faculty.
3. Encourage growth and diversity in the faculty and student body.
4. Seek community and business relationships for advice and support of student and curriculum needs.
5. Maintain cooperative relationships with other educational institutions to facilitate student transfer, maximize resource utilization and provide quality programs.
6. Support a quality-based, equivalent learning environment for all students in all settings.
7. Graduate students who will be academically and professionally prepared by the quality teaching programs of the College of Business for work in an increasingly diverse, global environment.

Athens State University, through its College of Business, is nationally accredited by the Association of Collegiate Business Schools and Programs (ACBSP) to offer the Bachelor of Science (B.S.) degree with majors in accounting, human resource management, management, and management of technology. Instruction offered by the College of Business is designed to assist in the preparation of competent and effective professionals in the areas of accounting and management. Students completing a degree program offered by the College of Business will possess the following skills and competencies:

1. A knowledge of accounting, economics, management, marketing, quantitative skills, legal issues, and production theories and concepts.
2. A knowledge of technology, as it relates to business.
3. A knowledge of the global economy including an understanding of diversity.
4. A knowledge of and ability to use effective managerial, leadership, and group interaction techniques.
5. An ability to effectively use critical-thinking and decision-making techniques.
6. An ability to effectively communicate, both orally and in writing.
7. An understanding of ethical issues and the importance of maintaining ethical standards.
8. An understanding of and ability to perform at a professional level.

INTERNATIONAL PROGRAM

The College of Business offers an International Business minor which is available to students in all majors (see details in program description section), Opportunity for study abroad is offered to all ASU students through a partnership with Huron University USA London. Students may attend Huron University as ASU students and may take courses in areas such as business, math, social science, natural science, behavioral science, drama, art, computer science and others. For more information, please see "Interdisciplinary Programs" under the College of Arts & Sciences section of this Catalog and the ASU website http://www.athens.edu/sob/ip/ or contact the College of Business.

DISTANCE EDUCATION

The College of Business offers online degree programs in the following majors: Accounting, Management, Human Resource Management, and Management of Technology. All coursework for these majors may be completed via distance learning. For further information regarding distance learning, please consult the ASU website www.athens.edu/blackboard/ .

ASSESSMENT (PRE- AND POST-TESTING)

The College of Business, as a part of its continuous evaluation process, has implemented a program to assess the business knowledge levels of incoming students. This will be accomplished through a pre-test to be administered in a required course, MG 320 Organizational Communication. This course should be taken during a student's first term at Athens State University. New students who have previously completed an equivalent business communication course will take the pre-test in GBA 300 Business Research Skills, a 1-semester hour course designed to familiarize students with business information sources and library research skills (*this course is required for students who do not complete MG 320 at ASU*). A post-test will be administered in the capstone course, MG 420 Business Policy, which should be taken during a student's last term.

ACCOUNTING (AC)

The objective of the major in accounting is to prepare students for a wide variety of careers in professional accounting, including public accounting, industrial accounting, internal auditing, and government service, and to provide an academic framework for future graduate study. Program components for the Bachelor of Science in Accounting are listed below.

Students who plan to sit for the CPA Exam in Alabama must complete a total of at least 150 semester hours. This may be accomplished by completing additional courses or completing a master's degree that provides the coursework required by the Alabama C.P.A. Board. (See Suggested Courses on the next page.)

Bachelor of Science - Management of Technology

MAJOR CODE: 52-9999

Management of Technology with Minor

Minors:

Aviation Management: This minor is designed to accommodate students with two-year degrees in aviation or flight technology, or students with undergraduate credits and aviation and/or military work experience. The minor addresses the coursework most often seen in a bachelor's program for aviation management and prepares the graduate for today's demanding careers in the aviation field.

Information Systems Management:

The ISM minor directly addresses the skills required to successfully manage information systems and organizations in today's world of high technology and rapid change. It is designed for career-minded professionals desiring to specialize their management skills towards information technology management. This minor is ideally suited for students with 2-year associate or technical degrees in information systems, computer science, programming, or related fields, or who have the appropriate work experience and general education requirements. The minor includes critical skills in areas such as information security management, e-commerce, and managing information resources among others.

Manufacturing Management: This minor addresses key skills and topics required for successful management of manufacturing operations in today's high-tech industries. Included are courses on ISO Certification, Lean Manufacturing, Quality Control, and Process/Facilities Design, among others. Relevant and timely issues are discussed in the manufacturing management context. The College of Business also sponsors a Student Chapter of APICS, the American Production and Inventory Control Society, an internationally-recognized professional and educational society in manufacturing and production control which affords Management of Technology students the opportunity to network with local professionals.

Program components for the Bachelor of Science degree with a major in Management of Technology include:

1. APPLICABLE GENERAL UNIVERSITY REQUIREMENTS

 To graduate, each student must:

 - complete a minimum of 33 semester hours of the last 39 semester hours at ASU .
 - complete 60 to 64 semester hours of upper level college/university credit (300-400 level courses).
 - complete a minimum of 15 semester hours of upper (300/400) level coursework in his or her major at Athens State University, not including courses taken by consortium arrangement. School or departmental regulations may require more than 15 semester hours of coursework in the major at Athens State University.
 - complete all course requirements for major(s).
 - complete all course requirements for minor (if applicable).
 - complete all of the general studies curriculum core for the degree.
 - attain an overall grade point average of 2.0, a 2.0 on all coursework attempted at Athens State University and at least a 2.0 in the major field. School or departmental regulations may require more than a 2.0 grade point average (see major requirements in each discipline).
 - complete the total degree requirements at a minimum of 124 to a maximum of 128 semester hours.
 - complete the teacher certification requirements (if applicable).

EACH STUDENT MUST ASSUME RESPONSIBILITY FOR KNOWING THE ACADEMIC REQUIREMENTS FOR THE DEGREE THAT IS BEING PURSUED.

COLLEGE OF EDUCATION

MISSION STATEMENT

The College of Education (COE) has established a conceptual framework for the preparation of teachers based upon a collective vision of the role of education in preparing for the future. Accepting the basic premise that programas with a unified mission are more able to transmit a common vision to pre-service teachers, (Wideen, Meyer-Smith, & Moon, 1998), the faculty has selected the theme *Educators for a Global Future.* This represents viewpoints which are more fully articulated in a shared philosophy.

The purpose of the program is to prepare teachers who will make thoughtful and effective choices when confronted with instructional decisions in today's and tomorrow's classrooms. To support the general purpose, four specific emphases/goals and nine objectives of the Teacher Education Program (TEP) have been determined. They are as follows:

EMPHASES/GOALS

Performance-based ability
Modeling for understanding
Reflective thinking for improvement
Problem-solving for progress

OBJECTIVES

Effective communicators
Knowledgeable scholars
Positive supportive professionals
Resourceful curriculum planners
Skilled facilitators of developmental growth
Student-centered reflective instructors
Capable classroom managers
Competent evaluators
Life long learners

TEACHER EDUCATION PROGRAM

The Teacher Education Program at Athens State University promotes the professional development of students who seek teaching as a career, students who will become Educators for a Global Future. The program is approved by the Alabama State Department of Education and accredited by the National Council for Accreditation of Teacher Education. Students are advised and assisted in each phase of their preparation program. The College of Education offers an undergraduate degree leading to Class B Certification in Early Childhood Education, Elementary Education, Health Education, Physical Education, Special Education, and Secondary Trade and Industry. The College of Education also offers high school certification in the following College of Arts and Sciences degrees: Biology, Chemistry, English/Language Arts, General Science, History, Mathematics, Social Science and Physics. In addition, the College of Education offers a career technical training program in vocational education.

The preparation of teachers is built on a liberal arts foundation. Those students preparing for teaching positions in the secondary schools pursue a major teaching specialization through the College of Arts and Sciences. Students preparing to teach early childhood and elementary education concentrate on subject matter relevant to the major. Those who are preparing to teach physical education pursue a broad program appropriate to both elementary and secondary schools. All groups complete their programs with specific and appropriate professional courses.

All programs are designed to assist students in acquiring knowledge and abilities to become teachers who are effective communicators; knowledgeable scholars; positive and supportive professionals; resourceful curriculum planners; skilled facilitators of developmental growth; student-centered, reflective instructors; capable classroom managers; competent evaluators; advocates of technology; stewards of diversity; and lifelong learners. Faculty model varied methods, strategies and techniques; students demonstrate attainment of knowledge and skills in classes and campus-based and field-based settings. The development of an electronic professional portfolio that reflects evolving professional growth and the ability to integrate general learning, subject matter, professional studies, and pedagogical studies is required of each candidate. The College of Education conducts follow-up studies of graduates in an effort to assess teaching effectiveness and to secure data vital to future planning and development and offers special assistance to beginning teachers.

The College of Education will deny credit for Professional Education courses and Teaching Field courses that were completed five or more years ago. **Students transferring from state institutions must meet the general education requirements established for their program of study as listed in the Athens State University catalog. Courses that require admission to the Teacher Education Program (TEP) are not accepted as transfer credit (no exceptions). The grace period for general education**

requirements taken prior to the fall of 1998 is no longer in effect. Our articulation agreement requires us to accept courses taken at the community colleges if they satisfy requirements we specify as necessary to complete a given degree program. Changes to the requirements of the Teacher Education Program may occur at any time due to certification changes made by the State Department of Education. Students are advised to check updated program of study forms for these changes. Due to policies in public schools, every student registered for any course in any Professional Plan of Study that requires a field experience or clinical experience must undergo the Alacourt background check. This applies to non-degree seeking students, degree-seeking students, and persons seeking classroom recertification or alternative certification.

Admission

No more than five courses in the professional education requirements of the program of study may be completed before admittance to the Teacher Education Program (TEP). Check Program of Study for approved courses. **Courses that require admission to the Teacher Education Program (TEP) are not accepted as transfer credit (no exceptions).** All students wishing to enter the Teacher Education Program should meet the following requirements:

1. Present documentation of having taken the Alabama Prospective Teacher Test (APTT). There are no prerequisites for this test.
2. All general education courses **must be completed** before admission to the Teacher Education Program (TEP) and all transcripts must be on file in the Admissions Office prior to requesting the TEP interview. Students must receive a grade of A, B, or C in all general education courses that are used to meet Certification Program requirements.

3. Complete ED 301, Foundations of Education I, with a grade of "C" or better and complete or be enrolled in ED 302, Foundations of Education II (or have previously taken ED 300). These courses must be taken from Athens State University. No substitutions are allowed. All students will have a preliminary background check during the ED 301 course. This is due to school policies that all persons working in schools must be cleared.
4. Achieve a grade point average of:

Program	Overall	Teaching Field	Professional Studies
Early Childhood	2.5	2.75	2.75
Elementary	2.5	2.75	2.75
Collaborative K-6 & 6-12	2.5	2.75	2.75
Health and Physical Education	2.5	2.75	2.75
Secondary Certification	2.5	2.5	2.75
Technical	2.5	2.5	2.5

A 2.5 **cumulative** GPA is required for all programs.

5. Submit documentation of a current, negative chest x-ray or tuberculosis skin test and have documentation available at the TEP interview.
6. Make an online request to the Certification Office for a TEP interview when all requirements for admission are complete. Candidates for interviews will be notified by email of deadlines each semester.
7. Present and receive a passing score on the required electronic LiveText portfolio.
8. Receive recommendation from a panel of faculty members who review the applicant's personal traits, experiences, interests, and aptitudes, as these relate to the requirements for successful teaching and recommend the student to the College of Education faculty for approval. This assessment occurs at the TEP interview after the applicant has presented documentation of all of the requirements for admission.
9. Receive the approval of the faculty of the College of Education.

Retention

1. A student may be dropped from the Teacher Education Program for failure to maintain the standards of performance required for admission to the program. The student will be supervised and evaluated in an effort to eliminate his or her deficiencies.
2. Elementary, Early Childhood, Collaborative Teacher (K-6 & 6-12), and Health and Physical Education must maintain a grade point average of at least 2.75 on a 4.0 scale in Professional Education and Teaching Field blocks. Secondary majors must maintain a 2.75 in Professional Education classes and 2.5 in Teaching Field (major). Career Tech majors must maintain 2.5. All students must maintain a cumulative grade point average (GPA) of at least 2.5.
3. Courses in which D's and F's are made must be repeated.

4. A Professional Review Board composed of education faculty members meets periodically to review unsatisfactory performance and progress of students referred by faculty members. This review board also hears formal complaints from students. Recommendations are determined by consensus.
5. A student must maintain validation of a negative chest x-ray or tuberculosis skin test. This is to be updated every three years and kept on file in the Certification Office.
6. Prior to beginning internship, the PRAXIS II content knowledge test must be taken.

Completion

In addition to the specified courses in each approved program, the student must meet the following requirements:

1. Elementary, Early Childhood, Collaborative Teacher (K6 & 6-12), and Health and Physical Education must maintain a grade point average of at least 2.75 on a 4.0 scale in Professional Education and Teaching Field blocks. Secondary majors, excluding Career Technical, must maintain 2.75 in Professional Education classes and 2.5 in Teaching Field (major). Career Technical must maintain 2.5 in all areas of program. All students must maintain a 2.5 **cumulative** GPA.
2. Courses in which D's and F's are made must be repeated.
3. Complete the Teacher Education Program within five years from the date of admission.
4. Beginning Fall semester 2007, all students completing requirements for certification must take the PRAXIS II Content Knowledge/Subject Area test and must take the PRAXIS II Pedagogy Test (Principles of Learning and Teaching). Principles of Learning and Teaching must be taken prior to or during Internship.
5. Receive an acceptable rating on the required electronic LiveText portfolio for each assessment checkpoint. The portfolio will reflect evolving professional growth from the start to the completion of the program.

IMPORTANT NOTICE!!!

The State Department of Education retains the right to deny credit for a course with a prerequisite of admission to teacher education if that course was taken prior to admission to teacher education. Students not admitted to the Teacher Education Program who register for courses that require admission can be withdrawn from the course by the College of Education.

4. The internship requires fifteen weeks (75 days) of attendance at the assigned school(s).

The State Board of Education periodically revises the requirements governing certification in the State of Alabama. Therefore, requirements for degrees leading to certification are subject to change from those published in this Catalog. The student is advised to secure a current curriculum guide from the College of Education Certification Office to ensure that both degree requirements and certification requirements are met.

Certification

Issuance of Alabama teaching certificates is the legal responsibility of the Alabama State Department of Education. Universities and colleges cannot issue a professional certificate. However, in order to be certified at the professional "B" level, a student must complete an appropriate course of study at a college or university which has been approved by the State Department of Education. When a student completes the course of study, the institution recommends to the State Department of Education that the appropriate certificate be awarded. It is the responsibility of the student to complete the steps for certification recommendation from Athens State University which are as follows:

1. Satisfy the requirements of the Teacher Education Program.
2. Obtain application for certification from the Certification Officer.
3. Provide a $20.00 money order for each level of certification. (Amount subject to state modification; make money order payable to the Alabama State Department of Education in Montgomery.)
4. Have fingerprints submitted electronically by the Certification Office.
5. Provide a $49.00 money order made payable to the State Department of Education for the background check.
6. Provide the Certification Officer with one copy of an official transcript.
7. Students seeking certification in another state should check with that state for requirements and certification areas available.
8. Fees may be paid online. The website is https://www.alabamainteractive.org/education/

NOTE: Certificates for students who complete certification requirements after September 1 will be dated effective July 1 of the following year.

Background Check for Certification Applications

Alabama requires all applicants to obtain a state and federal background clearance through a fingerprint review conducted by the Alabama Bureau of Investigation (ABI) and The Federal Bureau of Investigation (FBI) unless they hold or have held an Alabama Professional Certificate or Career/Technical Certificate (day trade or health occupations) which was issued on the basis of an application submitted prior to July 1, 1997. The fingerprint cards will remain on file with the ABI and FBI as long as the certificate or license is valid. If the certificate or license is allowed to lapse, the fingerprint card will remain on file with the ABI and FBI no longer than 90 days from the date of its expiration.Students may choose to be fingerprinted by Athens State or contact a law enforcement agency in their communities. After fingerprints are taken, the fee for processing the fingerprint cards through the appropriate law enforcement agency is $49.00, made payable by separate money order or cashier's check to the Alabama State Department of Education. This fee is in addition to the $20.00 fee for certification which must also be included in the application packet. The two fees must be paid by separate money orders or cashier's checks.

Post Graduate Teacher Education Program Planning

A student who holds a baccalaureate degree from an accredited institution may complete certification requirements at Athens State University. In general, this student must meet the same requirements for admission to and exit from the program as a regular undergraduate student. There are several classifications which may be appropriate for this student; consequently, the student must consult the Certification Officer to have a program plan approved before enrolling for a course. Those who plan to apply for a second degree must complete a minimum of 33 semester hours with 15 semester hours being in the major area(s)/teaching field(s) at Athens State University.

A student who holds an Alabama teacher's certificate may seek to add additional areas of certification endorsement. The Certification Officer will assist the student in program planning to meet the State Department of Education requirements.

Job Placement

It is recommended that each student place a resume on file with the Athens State University Placement Office prior to graduation.

Support for Beginning Teachers

Athens State University graduates have completed a program which prepares teachers to be:

1. effective communicators;
2. knowledgeable scholars;
3. positive, supportive professionals;
4. resourceful curriculum planners;
5. skilled facilitators of developmental growth;
6. student-centered, reflective instructors;
7. capable classroom managers;
8. competent evaluators; and
9. lifelong learners

In order to provide support and to assure continued application of and growth in these professional qualities, additional services are available. The College of Education of Athens State University encourages graduates and public school personnel to contact the College for any of the following support services:

1. on-going mentorship of beginning teachers, including utilizing LiveText in day-to-day teaching and planning;
2. curriculum laboratory resources;
3. one-on-one support conferences;
4. content support from other academic areas;
5. site visits;
6. a teaching tips column in the school publication, Teaching, Etc.; and
7. conferences and meetings of the Heritage Society of the College of Education.

Transfers

Students transferring and requesting entry into the Teacher Education Program are required to complete a minimum of 24 semester hours of advisor-approved courses in the professional and subject discipline including department designated capstone course(s), in addition to an internship at Athens State University. All transfer students will be required to take and make a grade of C or better in ED 301 & 302 Foundations of Education I & II taken at Athens State University. No substitutions are allowed.

MIDDLE SCHOOL ENDORSEMENT

For the secondary major, the following courses will be required for a Middle School Endorsement in addition to completing the B.S. Degree in each field:

Social Science:
PS 332 Child Psychology
EL 413 Teaching Reading in the Intermediate Grades
EL 423 Teaching Social Studies

General Science:
PS 332 Child Psychology
EL 413 Teaching Reading in the Intermediate Grades
EL 420 Teaching Science

English/Language Arts:
PS 332 Child Psychology
EL 413 Teaching Reading in the Intermediate Grades
EL 321 Teaching Language Arts

Mathematics:
PS 332 Child Psychology
EL 413 Teaching Reading in the Intermediate Grades
EL 424 Teaching Mathematics in the Intermediate Grades

History:
PS 332 Child Psychology
EL 413 Teaching Reading in the Intermediate Grades
EL 423 Teaching Social Studies

COURSE DESCRIPTIONS

Accounting (AC) Courses

AC 300 Fundamentals of Accounting. 3 Semester Hours.
This course is designed for non-accounting majors only. A survey of accounting concepts and the use of accounting information in financial and managerial decisions.

AC 303 Management Decision Support Systems. 3 Semester Hours. (Lab fee.) (Also listed as MG 303.)
Prerequisite: Windows Applications course (CIS 146). An analysis of the nature of the decision making process and an examination of support systems. Instruction will emphasize an advanced application of spreadsheet and database management software.

AC 321 Intermediate Accounting I. 3 Semester Hours. (Lab fee.)
Prerequisite: Principles of Accounting II. A survey of the financial reporting process, a detailed study of financial statements, and an analysis of generally accepted accounting principles.

AC 322 Intermediate Accounting II. 3 Semester Hours. (Lab fee.)
Prerequisite: AC 321. An in-depth study of accounting theory applicable to the major asset categories of a business entity.

AC 323 Intermediate Accounting III. 3 Semester Hours (Lab fee.)
Prerequisite: AC 322. A review of the application of accounting theory to liability and stockholders equity balance sheet categories, culminating with a study of special purpose financial statements.

AC 325 Accounting Information Systems. 3 Semester Hours. (Lab fee.)
Prerequisite: Principles of Accounting II. Fundamentals of information systems technology, techniques, and capabilities, particularly with respect to the use of accounting information in a computer environment.

AC 361 Federal Tax Accounting I. 3 Semester Hours. (Lab fee.)
Prerequisite: Principles of Accounting II. An overview of federal tax laws and regulations applicable to individuals and sole proprietors.

AC 362 Federal Tax Accounting II. 3 Semester Hours. (Lab fee.)
Prerequisite: AC 361. The application of the federal income tax law as it applies to partnerships and corporations, with emphasis on the differences which exist between financial and tax accounting.

AC 371 Managerial Accounting. 3 Semester Hours. (Lab fee.)
Prerequisite: Principles of Accounting or AC 300. This course is designed for non-accounting majors only. An introduction to the preparation and interpretation of cost accounting data to be used by management in the twin entrepreneurial functions of planning and control. Job order, process, and standard cost systems will be studied in depth.

AC 401 Auditing. 3 Semester Hours. (Lab fee.)
Prerequisite: AC 303, AC 322, AC 325. Auditing theory and practice, with emphasis given to the function of the audit in the certification of financial statements by an independent auditor.

AC 431 Advanced Accounting. 3 Semester Hours. (Lab fee.)
Prerequisite: AC 323. A study of advanced accounting concepts including partnerships, foreign currency transaction, international accounting, estates and trusts, bankruptcy, and related topics.

AC 435 Governmental Accounting. 3 Semester Hours. (Lab fee.)
Prerequisite: AC 321. An introduction to fund and budgetary accounting for government and not-for-profit organizations in education, health care, and social welfare agencies.

AC 441 Special Topics in Accounting. 3 Semester Hours. (Lab fee.) To be offered on occasion of student demand or need.

AC 442 Advanced Auditing and Fraud Examination. 3 Semester Hours. (Lab fee.)
Prerequisite: AC 322 and AC 401. An advanced study of auditing theory and practice.

AC 460 Directed Study/Research in Accounting. 3 Semester Hours.
A course designed to allow students an opportunity to perform research/directed studies in accounting. Offered at the discretion of the professor with approval of the College Dean.

AC 471 Cost Accounting. 3 Semester Hours. (Lab fee.)
Prerequisite: AC 321. Cost data analysis and accounting controls in planning and controlling operations and in making special decisions.

AC 481 Financial Accounting Theory. 3 Semester Hours. (Lab Fee.)
Prerequisite: AC 323. An intensive study of recent developments, research in literature in accounting theory promulgated by the various professionals and accounting associations and related financial organizations.

AR 301 Painting. 3 Semester Hours. (Lab fee.)
Oil painting theory and techniques and a study of the history of painting. Museum visits and critiques will be included.

AR 310 Fine Arts Connection. 3 Semester Hours. (Lab fee.) (Education or Art Majors Only.) (Former titles AR 309 and MU 451.) An integrated fine arts course that assists students in acquiring the knowledge to use the visual arts, music, and creative movement in developmentally appropriate ways in regular classroom instruction.

AR 311 Landscape Painting and Drawing. 3 Semester Hours.
Prerequisite: AR 301 or equivalent. The environment as a subject for drawing and painting in a variety of media. Direct study from nature.

AR 312 Figure Drawing. 3 Semester Hours. (Lab fee.)
Emphasis upon the human figure.

AR 313 Portrait Drawing and Painting. 3 Semester Hours. (Lab fee.)
Students will use a variety of media to develop skills in portraiture.

AR 314 Topics in Watercolor. 3 Semester Hours.
Students will use transparent and opaque water color techniques and a variety of subject matter to become more proficient as painters.

AR 315 Topics in Ceramics. 3 Semester Hours. (Lab fee.)
An introduction to basic ceramic techniques with emphasis on hand-constructed ceramics. The course will include a study of the history of ceramics from prehistory to modern times.

AR 317 Ceramic Sculpture. 3 Semester Hours. (Lab fee.)
An exploration of sculptural media, particularly clay and terra cotta.

AR 321 Set Design. 3 Semester Hours. (Lab fee.) (Also listed as EH 321.)
This course will cover the designing of a stage set from construction to mock-up, construction, and implementation.

AR 330 Topics in Photography. 3 Semester Hours. (Lab fee.) (Note: Course requires the student to purchase supplies in addition to the lab fee.) Students will need a SLR 35mm camera with adjustable/stop, shutter speed and focus and a working internal light meter. An exploration of black and white photography with emphasis upon creativity and darkroom activities. The course will include criticism and aesthetics.

AR 331 Photography II. 3 Semester Hours. (Lab fee.) (Note: Course requires the student to purchase supplies in addition to the lab fee.) ***Prerequisite: AR 330 or photography experience and consent of instructor.*** Advanced theory and practice in primarily black and white photography.

AR 340 Medical and Biological Visualization. 3 Semester Hours. (Lab fee.) (Also listed as BI 340.)
This course helps students develop perceptual motor ability (the ability to deal with objects through visualization). Perceptual motor ability has long been an indicator of success in fields like dentistry, medicine, architecture, art and 3-D computerization. The course will teach the visualization of anatomical and biological structures, to survey the common components of graduate courses in medical and biological illustration for the purpose of preparing pre-health and/or art undergraduates to express thinking through diagrams, sculpture, illustrations and computer graphics.

AR 342 Art of the Ancient Americas. 3 Semester Hours.
Focusing on the period before the European conquest, this course explores the art and archaeological record of South American aboriginal cultures and societies in sculpture, architecture, ceramics and paintings. The goal is to understand the aesthetics, philosophy and social historical and religious contexts of the visual arts and speak to the function of these artworks as ideological statements.

AR 343 Renaissance Art History. 3 Semester Hours.
The history of art from the Early Renaissance through the first part of the 19th century including the Renaissance, Mannerism, Baroque, Neo Classicism, and 19th-Century Realism and Romanticism.

AR 401 Advanced Figure Drawing. 3 Semester Hours. (Lab fee.)
Prerequisite: AR 312. A continuation of Figure Drawing, building on the techniques learned in AR 312 to create a finished product.

AR 402 Portfolio, Exhibition and Art Research. 3 Semester Hours.
Prerequisite: Graduating Senior. To familiarize the students with the proper utilization of the art reference books, abstracts, monographs, and indices for the purpose of college writing and research in the content area of art. Students will compile a professional portfolio and hang their senior exhibition.

AR 404 Art Studio in Photography. 3 Semester Hours. (Lab fee.)
Prerequisite: Art major or minor or permission of instructor. This course is designed to enable the student to produce works in photography making use of personal innovations, carefully considered form, techniques, and materials. Skills in art analysis and criticism will be used regularly. Students will define their creative projects in a written statement. This statement will be discussed and possibly modified. A body of work will be created.

AR 406 Art Studio in Graphics. 3 Semester Hours. (Lab fee.)
Prerequisite: Art major or minor or permission of instructor. This course is designed to enable the student to produce works in graphic art making use of personal innovations, carefully considered form, techniques, and materials. Skills in art analysis and criticism will be used regularly. Students will define their creative projects in a written statement. This statement will be discussed and possibly modified. A body of work will be created.

AR 408 Printmaking. 3 Semester Hours. (Lab fee.)
Development of techniques in various print media.

AR 410 Layout and Design. 3 Semester Hours. (Lab fee.)
Concepts will be covered from visualizations through finished projects. Problems in composition in commercial as well as fine arts projects will be assigned. This course is designed to produce a portfolio of finished projects.

AR 418 Art Studio. 3 Semester Hours.
Prerequisite: Art major or minor or permission of instructor. Designed to enable the student to produce works in visual art making use of personal innovations, carefully considered form, techniques, and materials. Skills in art analysis and criticism will be used regularly. This course involves a significant amount of criticism of historical and contemporary art works. Students will define their creative projects in a written statement. This statement will be discussed and possibly modified. A body of work will be created.

AR 420 Art Studio. 3 Semester Hours.
Prerequisite: Art major or minor or permission of instructor. Designed to enable the student to produce works in visual art making use of personal innovations, carefully considered form, techniques, and materials. Skills in art analysis and criticism will be used regularly. Students will define their creative projects in a written statement. This statement will be discussed and possibly modified. A body of work will be created.

AR 421 Sacred Art in History. 3 Semester Hours. (Also listed as RE 421.)
This course explores the relationships between art and religion bringing theories of religious and aesthetic experience together. It gives an overview of the history of sacred art worldwide and it introduces students to religious functions of contemporary art. The course concentrates on the ways in which sacred and spiritual beliefs influence the creation of works of art using various cultures from around the world and throughout history. Students learn to understand aesthetic experiences with critical reflection and explain it to others.

AR 423 History of Modern Art. 3 Semester Hours. The post-impressionist period through 1945.

AR 424 Late Modern Art History. 3 Semester Hours. 1945 to present.

AR 430 Advanced Drawing and Design. 3 Semester Hours. Advanced concepts in drawing and composition.

AR 442 Special Topics in Art. 3 Semester Hours. To be offered on occasion of student demand or need.

AR 450 Internship in Art. 3 Semester Hours.
An internship program in which the student will receive training with a commercial enterprise relating to his or her area of experience.

AR 460 Special Workshop. 1 Semester Hour. Arts and Crafts.

AR 461 Special Workshop in Sculpture. 3 Semester Hours.
Special workshop in sculpture. Advanced exploration in various 3D materials and methods with an emphasis on design and craftsmanship.

Biology (BI) Courses

BI 300 Microbes and You. 3 Semester Hours. (Lab fee.)
Corequisite: BI 300L. Prerequisite: Principles of Biology I and II, or consent of instructor. An introductory microbiology course which examines the major groups of bacteria and instills awareness of the importance of microbes to the Earth's ecology.

BI 300L Microbes and You Lab. 1 Semester Hour. ***Corequisite: BI 300.***

BI 301 Cell Structure and Function. 3 Semester Hours. (Lab fee.)
Corequisite: BI 301L. Prerequisite: Principles of Biology I and II, Introductory Chemistry with lab, or CH 301, or CH 303, or equivalent or consent of instructor. Considers molecular organization of basic cellular components, including membranes, nucleic acids, and proteins, and how these are assembled into organelles and other cellular structures. Explores mechanisms of enzyme and organelle function and coordination.

BI 301L Cell Structure and Function Lab. 1 Semester Hour. ***Corequisite: BI 301.***

BI 302 Genetics. 3 Semester Hours. (Lab fee.)
Corequisite: BI 302L. Prerequisite: Principles of Biology I and II, Introductory Chemistry with lab, or CH 301, or CH 303, or equivalent, or consent of instructor. Up-to-date treatment emphasizing structure, function, and regulation of genes, recombinant DNA techniques and applications, principles and patterns of Mendelian inheritance, and population genetics.

BI 302L Genetics Lab. 1 Semester Hour. ***Corequisite: BI 302.***

BI 303 General Ecology. 3 Semester Hours. (Lab fee.)
Corequisite: BI 303L. Prerequisite: Principles of Biology I and II, or Plant Biology and Animal Biology, or consent of instructor. Study of extant organisms and how they interact with one another and with their nonliving environments. Interactions investigated at individual, population, community, and ecosystem levels. Qualitative, quantitative, and theoretical aspects of ecology discussed.

BI 303L General Ecology Lab. 1 Semester Hour. ***Corequisite: BI 303.***

BI 311 Biodiversity of North Alabama. 3 Semester Hours. (Lab fee.)
Corequisite: BI 311L. This course is designed as an introduction to the diversity of habitats and organisms found in northern Alabama. A broad variety of topics relating to the natural history and adaptations of the various organisms inhabiting this region will be discussed. Field trips required.

BI 311L Biodiversity of North Alabama Lab. 1 Semester Hour.
Corequisite: BI 311. Lab runs concurrently with lecture.

BI 321 Conservation Biology. 3 Semester Hours.
A synthetic discipline addressing loss of biological diversity throughout the world, incorporating population biology, community ecology, evolution, genetics, taxonomy, paleontology, zoo management, wildlife ecology, agriculture, forestry, and elements of history, philosophy, economics, anthropology, and public policy.

BI 340 Medical and Biological Visualization. 3 Semester Hours. (Lab fee.) (Also listed as AR 340.)
This course helps students develop perceptual motor ability (the ability to deal with objects through visualization). Perceptual motor ability has long been an indicator of success in fields like dentistry, medicine, architecture, art and 3-D computerization. The course will teach the visualization of anatomical and biological structures, to survey the common components of graduate courses in medical and biological illustration for the purpose of preparing pre-health and/or art undergraduates to express thinking through diagrams, sculpture, illustrations and computer graphics.

BI 342 Economic Botany. 3 Semester Hours.
Presents important role plants have played in development of civilizations and cultures, past and present. Emphasis placed on origins of agriculture and domestication of plants, on development of early irrigation and rainfall agriculture civilizations, on importance of plants in religion, medicine, commerce, politics, and war, and on future of plants in relation to man.

BI 342L Economic Botany Lab. 1 Semester Hour. Corequisite: BI 342.

BI 361 Human Structure and Function. 3 Semester Hours.
This course is designed to be a one-semester study of human anatomy and physiology. Lecture and laboratory topics include human cells, tissues, skin and integument, skeletal, nervous, muscular, cardiovascular, respiratory, digestive, endocrine and reproductive systems, and fluid and electrolyte balance.

BI 361L Human Structure and Function Lab. 1 Semester Hours. Corequisite: BI 361.

BI 409 Biochemistry. 3 Semester Hours. (Also listed as CH 409.)
Prerequisite: CH 305 or CH 311. Study of proteins, carbohydrates, lipids, and other important biochemical compounds and their metabolic functions. Enzyme reaction mechanisms and biological oxidations are included.

BI 411 Invertebrate Systematics and Morphology. 3 Semester Hours. (Lab fee.)
Corequisite: BI 411L. Prerequisite: Principles of Biology I and II, or Animal Biology, or consent of instructor.
Inclusive and in-depth survey of invertebrate animals covering all phyla from protozoa through echinoderms. Emphasis on morphological structures characterizing each phylum, on systematic approach taken in each phylum, and on phylogenetic relationships among the various phyla.

BI 411L Invertebrate Systematics and Morphology Lab. 1 Semester Hour. ***Corequisite: BI 411.***

BI 413 Vertebrate Zoology. 3 Semester Hours. (Lab fee.)
Corequisite: BI 413L. Prerequisite: Principles of Biology I and II, or Animal Biology, or consent of instructor. Presents principles of vertebrate systematic biology, factors governing distribution of vertebrates, methods used by vertebrates to solve environmental problems, reproductive physiology and behavior, and population dynamics. Laboratory emphasis on identification of local vertebrates and statistical interpretation of population and community data.

BI 413L Vertebrate Zoology Lab. 1 Semester Hour. ***Corequisite: BI 413.***

BI 414 Comparative Vertebrate Anatomy. 3 Semester Hours. (Lab fee.)
Corequisite: BI 414L. Prerequisite: Principles of Biology I and II, or Animal Biology, or consent of instructor. Presents functional and comparative morphology of chordates with additional emphasis on development and evolution. Lab emphasis on structural-functional relationships.

BI 414L Comparative Vertebrate Anatomy Lab. 1 Semester Hour. ***Corequisite: BI 414.***

BI 415 Microbial Toxins and Human Health. 3 Semester Hours.
Prerequisites: Principles of Biology I and II and an introductory course in microbiology or consent of instructor. This advanced microbiology course examines the roles of microbes as human pathogens and as a source of contamination in the food industry.

BI 420 Field Vertebrate Zoology I: Ichthyology and Herpetology. 4 Semester Hours. (Lab fee.)
Prerequisite: Principles of Biology II, and either BI 303 or BI 413, or consent of instructor. A course in systematic and ecological ichthyology and herpetology. Introduces diversity of fishes, amphibians, and reptiles, position and content of major groups, their classification, relationships, and basic structure, with emphasis on living representatives, particularly those of the Tennessee Valley region of North Alabama.

BI 422 Field Vertebrate Zoology II: Ornithology and Mammalogy. 4 Semester Hours. (Lab fee.)
Prerequisite: Principles of Biology II, and either BI 303 or BI 413, or consent of instructor. A course in systematic and ecological ornithology and mammalogy. Introduces diversity of birds and mammals, position and content of major groups, their classification, relationships, and basic structure, with emphasis on living representatives, particularly those of the Tennessee Valley region in North Alabama.

BI 423 Histology. 3 Semester Hours. (Lab fee.)
Corequisite: BI 423L Prerequisites: Principles of Biology I and II.
This course studies the groups of specialized cells called tissues. Tissue organization is examined at all levels, from the whole organ to the molecular components of cells. Histological techniques include tissue culture, fixing and staining, microscopy, and biochemistry.
BI 423L Histology Lab. 1 Semester Hour. ***Corequisite: BI 423.***

BI 424 Animal Physiology. 3 Semester Hours. (Lab fee.)
Corequisite: BI 424L. Prerequisite: Principles of Biology I and II, or Animal Biology, and Introductory Chemistry with lab, or CH 301, or CH 303, or equivalent, or consent of instructor. Examines mechanisms of various physiological processes in animals at molecular and cellular levels, including muscle and nerve action, signal transduction via hormones, operation of immune system, AIDS, tumor formation, and development of cancer.
BI 424L Animal Physiology Lab. 1 Semester Hour. ***Corequisite: BI 424.***

BI 425 Developmental Biology. 3 Semester Hours. (Lab fee.)
Corequisite: BI 425L. Prerequisites: Principles of Biology I and II. This course considers the period of growth and differentiation from fertilization until hatching or birth of an animal or, in plants, germination. Vertebrate and human models will be emphasized. Concepts explored in terms of cell biology, genetics, and comparative vertebrate anatomy.
BI 425L Developmental Biology Lab. 1 Semester Hour. ***Corequisite: BI 425.***

BI 427 Parasitology. 3 Semester Hours. (Lab fee.)
Corequisite: BI 427L. Prerequisites: Principles of Biology I and II. Study of the relationships between parasites and their hosts, with emphasis on vertegrate and human models. Concepts discussed in terms of systematics, molecular biology, ecology, and evolutionary biology.
BI 427L Parasitology Lab. 1 Semester Hour. ***Corequisite: BI 427.***

BI 429 Immunology. 3 Semester Hours. (Lab fee.)
Corequisite: BI 429L. Prerequisites: Principles of Biology I and II. This course examines the evolution, organization, and function of immune systems, with an emphasis on vertebrate and human models. Concepts discussed in terms of cell biology, genetics, and evolutionary biology.
BI 429L Immunology Lab. 1 Semester Hour. ***Corequisite: BI 429.***

BI 431 Plant Systematics and Morphology. 3 Semester Hours. (Lab fee.)
Corequisite: BI 431L. Prerequisite: Principles of Biology I and II, or Plant Biology, or consent of instructor. In-depth survey of non-vascular and vascular plants. Emphasis on morphological structures characterizing each division, subdivision, class, and subclass of plants, on systematic approach taken at each level of taxonomic hierarchy, and on phylogenetic relationships among the various groups of plants.
BI 431L Plant Systematics and Morphology Lab. 1 Semester Hour. ***Corequisite: BI 431.***

BI 441 Special Topics in Biology. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

BI 442 Special Topics in Biology. 2 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

BI 443 Special Topics in Biology. 3 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need. (Course may be used to award credit to SIM in-service teachers who meet the established criteria.)

BI 444 Special Topics in Biology. 4 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

BI 450 Research Seminar. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need. Affords biology major opportunity to develop and present results of laboratory and/or field research.

BI 451 Marine Biology. 3 Semester Hours.
Prerequisite: Principles of Biology I and II *Corequisite: BI 451L*
This course is an introduction to salt water and salt marsh environments. This course is offered for students to obtain first hand field experience in marine ecosystems especially on the Gulf Coast. Class lecture content includes the microbial, and planktonic life forms, marine invertebrates, and marine vertebrates around the world, and specifically on the Gulf Coast. Laboratory and field exercises will include sampling, collecting, preserving and identification techniques for specimens on the Gulf Coast using various dichotomous keys for the species observed and collected.

BI 451L Marine Biology Lab. 1 Semester Hour.
Corequisite: BI 451.

BI 452 Marine Ecology. 3 Semester Hours.
Prerequisite: Principles of Biology I and II *Corequisite: BI 452L.*
This course is an introduction to salt water and salt marsh ecology. This course is offered for students to obtain first hand field experience in marine ecosystems especially on the Gulf Coast. Class content includes a study of several types of marine ecosystems including the rocky shore community, the soft-bottom intertidal community, estuaries, the continental shelf, the ecology of coral reefs, organisms that build coral reefs, the epipelagic and the deep sea communities. Laboratory and field exercises will include observation of the salt marsh community, the beach and dune community, coastal forests, and the organisms that live in each of these marine environments.

BI 452L Marine Ecology Lab. 1 Semester Hour.
Corequisite: BI 452.

BI 453 Plant Ecology. 3 Semester Hours.
Prerequisite: Principles of Biology I and II *Corequisite: BI 453L.*
This course is designed to provide the student with information about types of plant communities and the various forest types in the Southeastern United States. Lab and field exercises will include field trips to Wheeler National Wildlife Refuge and/or other suitable forest types, and to the Great Smoky Mountains National Park in East Tennessee, for forest evaluation and treatment of data.

BI 453L Plant Ecology. 1 Semester Hour.
Corequisite: BI 453.

BI 456 Materials and Methods of Teaching Biology in the Middle School/High School. 3 Semester Hours.
Prerequisite: SC 331, Issues and Management for Secondary Education and full standing as a student in the Teacher Education Program and senior standing at Athens State University. This course should be taken the semester prior to internship.
This course is intended to enhance the students' abilities to plan, implement, and evaluate instructional activities and to select and use appropriate materials and equipment in the field of biology. Students will actively participate in demonstration and modeling of strategies and technique. Emphasis will be placed on the integration of laboratory activities into the curriculum. This will include the use of technology, safety instructions, treatment of hazardous waste, teaching resources, student textbooks, and the Alabama Course of Study. Five days (35 hours) of field experience are required. Does not satisfy requirements for biology major, minor, or general studies.

BI 461 Directed Study/Research in Biology. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

BI 462 Directed Study/Research in Biology. 2 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

BI 463 Directed Study/Research in Biology. 3 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

BI 470 Biology Capstone. 3 Semester Hours.
This capstone course will provide students with the knowledge and skills to formulate a thesis, do research on the thesis topic, write the thesis, and orally present the findings to the class. The laboratory will include a variety of exercises that pertain to cell biology, genetics, ecology, and physiology. This course does not count as part of the eighteen hours of upper division biology course work required for biology majors.

BI 470L Biology Capstone Lab. 1 Semester Hour.
Corequisite: BI 470.

Career and Technical (CE) Education Courses

CE 302 History and Principles of Career/Technical Education. 3 Semester Hours.
A course designed to relate the development of career and technical education from historic apprenticeships to contemporary career and technical programs. Philosophies and principles of career and technical education are also reviewed.

CE 305 Meeting the Needs of Exceptional Career/Technical Education Students. 3 Semester Hours.
The purpose of this course is to assist students in understanding the unique needs of special needs students who are enrolled in career/technical education courses. Laws governing special needs students, categories of exceptional students, referral and placement procedures, services available, curriculum, instructional, and facility modifications and adaptations, and career opportunities are concepts addressed in the course. The focus of the course will be on the provision of appropriate educational services to students with special needs with special attention given to strategies and practices for addressing the needs of the special needs student in the regular classroom.

CE 432 Teaching Career/Technical Education. 3 Semester Hours.
A review of teaching strategies, procedures, audiovisual lab, and concrete experiences which may be used to develop specific performance objectives for instruction for onsight course.

CE 433 Learning Resources and Technology in Career/Technical Education. 3 Semester Hours.
Includes teaching devices and methods of application, desirable teaching facilities, motivation and development of skill, reasoning qualities, lesson planning. A computer lab is included.

CE 434 Course Development and Evaluation in Career/Technical Education. 3 Semester Hours.
A course designed to provide a knowledge of the problems, techniques, and procedures in the selection and organization of subject matter for instructional purposes. Each student is required to develop a two-year career/technical curriculum suitable for implementation in career/technical schools.

CE 435 Industrial Health and Shop Safety. 3 Semester Hours.
Identifies potential safety hazards as they pertain to occupational education classes, labs, and industrial settings. Accident prevention is addressed. OSHA is introduced and discussed as applicable in the education/industry setting.

CE 436 Career/Technical Information Guidance. 3 Semester Hours.
Introductory course in career/technical guidance to provide principles and techniques necessary to organize and operate career guidance services in the public school.

CE 438 Classroom/Laboratory Management. 3 Semester Hours.
Provides a knowledge of the problems, techniques, and procedures used to maintain and manage career-oriented classroom and labs for instructional purposes or for business, industry, and manufacturing. Deals with the organization, management, and care of career-oriented classrooms and labs. Developing student leadership skills is addressed.

CE 439 Career/Technical Student Youth Organizations. 3 Semester Hours.
Provides the procedures for establishing, implementing and operating student organization and advisory committees. ASU students participate in state skills competition events.

CE 440 Testing and Evaluation in Career/Technical Education. 3 Semester Hours.
Prerequisite: Admission to the Teacher Education Program. A course designed to review the techniques and methods used to measure and interpret student achievement.

CE 441 Special Topics in Career/Technical Education. 1 Semester Hour.
To be offered on occasion of student demand or need.

CE 442 Special Topics in Career/Technical Education. 2 Semester Hours.
To be offered on occasion of student demand or need.

CE 445 Functions of the Coordinator. 3 Semester Hours.
Prepares the student to organize and administer the various programs in career/technical education that are of a cooperative nature. Field experience is required.

CE 446 Individualizing Instruction in the Career and Technical Programs. 3 Semester Hours.
A study of instructional strategies and procedures for meeting the individual needs of students.

CE 450 Practicum in Advanced Technical Studies. 3 Semester Hours.
Prerequisite: Requires B average in core. May only take one of the following per semester: CE 450, 451, or 452. Must be in-service teacher. Individually designed laboratory studies in a variety of state-of-the-art technologies.

CE 451 Practicum in Advanced Technical Studies. 3 Semester Hours.
Prerequisite: Requires B average in core. May only take one of the following per semester: CE 450, 451, or 452. Must be in-service teacher. Requires permission of the Department Chair. Individually designed laboratory studies in a variety of state-of-the-art technologies.

CE 452 Practicum in Advanced Technical Studies. 3 Semester Hours.
Prerequisite: Requires B average in core. Must be in-service teacher. Requires permission of the Department Chair. Individually designed laboratory studies in a variety of state-of-the-art technologies.

CE 459 Advanced Career and Technical Specialty. 12 Semester Hours.
This course designates credit that is to be awarded for advanced industrial or educational work experience (nonteaching) in the specialization area. No credit will be granted for work experience which does not exceed in advancement beyond the original level of training. Fee is charged for review.

CE 460 Directed Study/Research Career/Technical Education. 3 Semester Hours.
To be offered on occasion of student demand or need. To be taken only during graduating semester with permission of Department Chair.

CE 461 Related Training Career and Technical Education. 3 Semester Hours. (To be taken the semester before graduation.) Courses designed to include attendance at an approved industrial, company-operated school for the purpose of providing the career/technical teacher with advanced related technical training. Courses are open to qualified teachers or individuals preparing to enter this field of teaching. Detail planning for each course will be conducted by a team of post-secondary trade and industrial teachers from throughout the state, academic deans of technical colleges, presidents of technical colleges, State Department representatives, and the academic personnel of the college. Planning relates to ED 460, also.

CE 469 Career and Technical Specialty. 3 Semester Hours.
Prerequisite: Limited to In-Service Teachers. Three semester hours of credit may be awarded for each year of documented vocational specialty teaching experience verified by the director or supervisor in vocational and technical school. A limit of six semester hours credit is granted. Only three semester hours may be earned for a 12-month period. This teaching experience must have been supervised and evaluated and may be from an approved military school, industrial and business school, proprietary school, or public career/technical school at either the secondary or post-secondary level. Fee is charged for review.

CE 470 Practicum-Supervised Work Experience. 3 Semester Hours. (Lab fee.)
Prerequisite: Admission to the Teacher Education Program. Requires permission of the Department Chair. College/University supervised work experience in a program area work setting. Consult with Department Chair before enrolling.

CE 471 Practicum-Supervised Work Experience. 3 Semester Hours. (Lab fee.)
Prerequisite: Admission to the Teacher Education Program. College/University supervised work experience in a program area work setting.

CE 472 Practicum-Supervised Work Experience. 3 Semester Hours. (Lab fee.)
Prerequisite: Admission to the Teacher Education Program. College/University supervised work experience in a program area work setting.

CE 483 Practicum in Teaching Career and Technical Education. 3 Semester Hours.
Prerequisite: CE 434. Requires permission of the Department Chair. A series of studies designed to expand the current teaching skills of in-service teachers of technical subjects. These courses may not be substituted.

CE 484 Practicum in Teaching Career and Technical Education. 3 Semester Hours.
Prerequisite: CE 432. Requires permission of the Department Chair. A series of studies designed to expand the current teaching skills of in-service teachers of technical subjects. These courses may not be substituted.

CE 485 Practicum in Teaching Career and Technical Education. 3 Semester Hours.
Prerequisite: CE 440. Requires permission of the Department Chair. A series of studies designed to expand the current teaching skills of in-service teachers of technical subjects. These courses may not be substituted.

CE 487 Internship Career/Technical Education (Pre-service.) 9 Semester Hours. (Lab Fee.)
A course which provides an opportunity for prospective teachers to observe and implement instruction in a technical college setting under the guidance of a cooperating teacher. Participation in the full-school program is required. Consult with advisor two semesters before enrolling.

Chemistry (CH) Courses

CH 301 Introductory Chemistry. 3 Semester Hours. (Lab fee.)
Prerequisite: Precalculus Algebra. Basic chemistry for science majors. Emphasis on elementary concepts of atomic theory, thermodynamics, kinetics, acids, bases, and equilibrium. Course will not serve as upper-level chemistry for science majors nor as substitute for CH 303.

CH 301L Introductory Chemistry Lab. 1 Semester Hour. ***Corequisite: CH 301.***

CH 302 Introduction to Forensic Science. 3 Semester Hours. (Lab fee.)
Prerequisite: General Education Science requirements. Basic study of investigation methodology, forensic science techniques and procedures, evidence collection and development, and laboratory techniques. May not be used as credit toward a chemistry major or minor.

CH 303 Chemistry I. 3 Semester Hours. (Lab fee.)
Corequisite: CH 303L. Prerequisite: Precalculus Algebra. Study of chemical principles important to student of scientific technologies. Topics include atomic theory, the periodic table, thermochemistry, gases, solids, and liquids.
CH 303L Chemistry I Lab. 1 Semester Hour. ***Corequisite: CH 303.***

CH 304 Chemistry II. 2 Semester Hours. (Continuation of CH 303.)
Prerequisite: General Chemistry I, or CH 303. Topics include kinetics, equilibrium, and acids and bases.

CH 305 Chemistry III, Fundamentals of Organic Chemistry. 2 Semester Hours. (Lab fee.)
Corequisite: CH 305L. Prerequisite: General Chemistry I, II, or CH 303, 304. Introduction to organic molecules and their functional groups. Some characteristic reactions also included. Course is not required prerequisite for CH 311 and may be omitted if CH 311, 312 sequence is to be taken.
CH 305L Fundamentals of Organic Chemistry Lab. 1 Semester Hour. ***Corequisite: CH 305.***

CH 311 Organic Chemistry I. 4 Semester Hours. (Lab fee.)
Corequisite: CH 311L. Prerequisite: General Chemistry I, II, or CH 303, 304. Basic study of aliphatic and aromatic compounds, their properties, preparation, and reactions, with emphasis on theory and mechanisms of reaction.
CH 311L Organic Chemistry I Lab. 1 Semester Hour. ***Corequisite: CH 311.***

CH 312 Organic Chemistry II. 4 Semester Hours. (Lab fee.)
Corequisite: CH 312L. Prerequisite: CH 311. Basic study of aliphatic and aromatic compounds, their properties, preparation, and reactions, with emphasis on theory and mechanisms of reaction. Laboratory includes organic qualitative analysis.
CH 312L Organic Chemistry II Lab. 1 Semester Hour. ***Corequisite: CH 312.***

CH 314 Polymer Science. 3 Semester Hours. (Lab fee.)
Corequisite CH 314L. Prerequisite: CH 305, or 311. Study of synthesis, characterization, testing, and reactions of polymers, including step-reaction polymerization, ionic chain reactions, free radical chain polymerization, copolymerization, and inorganic polymers, in addition to effects of additives and fillers.
CH 314L Polymer Science Lab. 1 Semester Hour. ***Corequisite CH 314.) Prerequisite: CH 305, or 311.***

CH 324 Analytical Chemistry. 3 Semester Hours. (Lab fee.)
Corequisite: CH 324L. Prerequisite: General Chemistry I, II, or CH 303, 304. Classical volumetric techniques in chemical analysis, modern methods of chemical separation, and basic instrumentation techniques.
CH 324L Analytical Chemistry Lab. 1 Semester Hour.
Corequisite: CH 324.

CH 330 Environmental Chemistry. 3 Semester Hours. (Lab fee.) (Also listed as GS 330.)
Study of natural chemical processes of Earth and actual and possible effects of humans on natural chemical systems. Environmental problems such as air and water pollution, ozone depletion, and global warming discussed. Also may include introduction to some methods of environmental analysis and pertinent environmental regulations.

CH 409 Biochemistry. 3 Semester Hours. (Also listed as BI 409.)
Prerequisite: CH 305, or CH 311. Study of proteins, carbohydrates, lipids, and other important biochemical compounds and their metabolic functions. Enzyme reaction mechanisms and biological oxidations included.

CH 410 Instrumental Analysis. 3 Semester Hours. (Lab fee.)
Corequisite: CH 410L. Prerequisite: CH 324. Theoretical application of modern instrumentation to problems in analytical chemistry. Optical, electrochemical, and other instrumentation techniques covered.
CH 410L Instrumental Analysis Lab. 1 Semester Hour.
Corequisite: CH 420. Prerequisite: CH 324. Practical application of modern instrumentation to problems in analytical and environmental chemistry.

CH 420 Intermediate Inorganic Chemistry. 3 Semester Hours.
Prerequisite: General Chemistry I, II, or CH 303, 304. Atomic structure, bonding, trends in the periodic table, and coordination chemistry. Also may include catalysis, group theory, structure and properties of solids or bio-inorganic chemistry.

CH 430 Physical Chemistry I. 4 Semester Hours. (Lab fee.)
Corequisite: CH 430L. Prerequisite: General Chemistry I, II, or CH 303, 304, and MA 304, and PY 302.
Application of laws of physics and mathematics to study of thermodynamics, equilibria, and kinetics.
CH 430L Physical Chemistry I Lab. 1 Semester Hour. ***Corequisite: CH 430.*** Laboratory includes introduction to working with personal computers and spreadsheet programs.

CH 431 Physical Chemistry II. 3 Semester Hours. (Lab fee.)
Corequisite 431L. Prerequisite: CH 430, 420, or consent of instructor. Application of laws of physics and mathematics to study of quantum chemistry, molecular structure, and spectroscopy. Laboratory includes experience with computer programs pertinent to chemistry.
CH 431L Physical Chemistry II Lab. 1 Semester Hour. ***Corequisite: CH 431.***

CH 441 Special Topic in Chemistry. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

CH 442 Special Topic in Chemistry. 2 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

CH 443 Special Topic in Chemistry. 3 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need. (Course may be used to award credit to SIM in-service teachers who meet the established criteria.)

CH 456 Materials and Methods of Teaching Chemistry in the Middle School/High School. 3 Semester Hours.
Prerequisite: SC 331, Issues and Management for Secondary Education and full standing as a student in the Teacher Education Program and senior standing at Athens State University. This course should be taken the semester prior to internship.
This course is intended to enhance the students' abilities to plan, implement, and evaluate instructional activities and to select and use appropriate materials and equipment in the field of chemistry. Students will actively participate in demonstration and modeling of strategies and technique. Emphasis will be placed on the integration of laboratory activities into the curriculum. This will include the use of technology, safety instructions, treatment of hazardous waste, teaching resources, student textbooks, and the Alabama Course of Study. Five days (35 hours) of field experience are required. Does not satisfy requirements for chemistry major, minor, or general studies.

CH 461 A Directed Study/Research in Chemistry. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

CH 462 Directed Study/Research in Chemistry. 2 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

CH 463 Directed Study/Research in Chemistry. 3 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

Computer Information Systems Courses (CIS)

CIS 301 Problem Solving With Computers. 3 Semester Hours. (Lab fee.)
Designed for non-computer science, non-CIS majors.
This course is designed to strengthen student's grounding in common computer terminology and applications. Students with minimal skills will learn to enhance their personal productivity and problem solving skills by applying information technologies to problem situations and by designing and using small information systems for individuals and groups. The course will be conducted through lecture, in-class computing laboratories, and out-of-class assigned problems and projects. CIS 301 may only be taken for CIS majors as a substitution for the Microcomputer Applications course required.

CIS 325 The Digital Enterprise. 3 Semester Hours. (Lab fee.)
Prerequisites: CIS 146, CIS 301 or equivalent Microsoft Windows applications course.
This course examines e-business strategy, solution architecture, and their components. These components create the link between organizational strategy and networked information systems, and support the implementation of a rich variety of business models in both national and global contexts. Technology applications that support organizational, managerial and decision support, as well as those that support business changes necessitated by evolution in the digital economy are covered. Other topics include: legal and ethical issues, information privacy, and supply chain management.

CIS 365 Visual Application Development. 3 Semester Hours. (Lab fee.)
Prerequisite: CS 317.
Course introduces students to programming in visual, event-driven environments. Students learn concepts of visual programming and underlying design principals used in developing applications in visual programming environments. An emphasis will be placed on design of user interfaces, on-line documentation, input, and output components including menus, forms, queries, and reports.

CIS 440 Database Systems. 3 Semester Hours. (Lab fee.)
Prerequisite: CS 317
In this course, students are introduced to the design, implementation, and management of systems in a database environment. Emphasis will be placed on data models, normalization, and Structured Query Language (SQL). Other topics include: comparison of relational and object oriented models, data warehousing, and data mining.

CIS 450 Human-Computer Interaction. 3 Semester Hours. (Lab fee.)
Prerequisite: Any course where students learned to create graphical user interfaces or web pages.
Course covers interaction between modern computer interfaces and system users. Students examine user diversity and its impact on design of user interfaces. Techniques for task analysis, interface prototyping, and methods for using usability tests to evaluate effectiveness of human-computer dialogs are also covered. Emphasis is placed on the integration of human-computer interaction principles into software engineering life cycle. Theories, principles, and guidelines for interface development and testing are learned through design and development of prototypes for various types of user interfaces.

Contract Management (CM) Courses

CM 394 Introduction to Contract Management. 3 Semester Hours.
An introduction to that aspect of management science concerned with federal contracting.

CM 395 Contract Pricing. 3 Semester Hours.
An examination of the role of the government contracting officer in the acquisition process. Emphasis is given to considering pricing practices and theories and to assessing the government's procedures and methods of evaluating pricing and costing activity.

CM 396 Contract Administration. 3 Semester Hours.
An examination of the management of government contracts in the post-award phase. The content provides insight into the variety of administrative matters that arise during the life of a contract. Emphasis is given to a consideration of the rights and responsibilities of the government and contractor.

CM 397 Contract Negotiation. 3 Semester Hours.
Prerequisite: CM 394. An examination of the concepts and techniques of negotiation. Topics covered include strategies and tactics of contract negotiation, preparation for sound negotiation, organization and operation of a procurement team, the relative positions of strength required for successful negotiation, and limitations as imposed by law. In addition to class lectures, the students will participate in mock negotiations using case studies.

CM 398 Contract Law. 3 Semester Hours.
Detailed examination of the FAR to include recent interpretations of government contract law.

CM 399 Advanced Contract Research/Project. 3 Semester Hours.
Prerequisite: CM 394, CM 395, CM 396, CM 397, CM 398. Advanced studies of the contract management function within the DOD Integrated Defense Acquisition, Technology and Logistics Life Cycle Management Framework. The study consists of a series of individual and group research projects which build upon material presented within the contract management curriculum.

CM461 Internship in Contract Management. 1 Semester Hour.
Prerequisite: MG 320 or GBA 300; compliance with College of Business Internship Policies and Procedures. This internship in the field of contract management is designed to provide the student with practical work experience leading to a potential career-field in business. At least 50 hours of work-based experience is required.

CM 462 Internship in Contract Management. 2 Semester Hours.
Prerequisite: MG 320 or GBA 300; compliance with College of Business Internship Policies and Procedures. This internship in the field of contract management is designed to provide the student with practical work experience leading to a potential career-field in business. At least 100 hours of work-based experience is required.

CM 463 Internship in Contract Management. 3 Semester Hours.
Prerequisite: MG 320 or GBA 300; compliance with College of Business Internship Policies and Procedures. This internship in the field of contract management is designed to provide the student with practical work experience leading to a potential career-field in business. At least 150 hours of work-based experience is required.

Computer Networking (CN) Courses

CN 301 Networking Fundamentals. 2 Semester Hours. (Lab fee.)
Prerequisite: Any two Computer Science classes.
Introduces the student to underlying concepts of data communication, telecommunications, and networking. Focuses on terminology and technologies in current networking environments. Provides general overview of field of networking as basis for continued study in field.

CN 302 Local Area Networks. 2 Semester Hours. (Lab fee.)
Prerequisite: CN 301.
Presents the latest concepts of local area network (LAN) technologies. Provides a comprehensive introduction to the concepts, technologies, components, and acronyms inherent in today's local networking environments.

CN 303 Wide Area Networks. 2 Semester Hours. (Lab fee.)
Prerequisite: CN 302.
Provides conceptual and working knowledge of how LANs communicate over wide area. Introduces telephony and the technology of switched-voice communications. Provides an understanding of how communication channels of public switched-telephone networks are used for data communication and how voice data communication have become integrated.

CN 304 Network Architectures. 2 Semester Hours. (Lab fee.)
Prerequisite: CN 302.
Outlines three important networking architectures in today's corporate environments: TCP/IP, SNA, and DNA. The major components and functions of each of these architectures are discussed, as well as methods used to connect different architectures. Provides concepts important to the field of Systems integration and conceptual basis for understanding network architecture.

CN 401 Internetworking Devices. 2 Semester Hours. (Lab fee.)
Prerequisite: CN 302.
Advanced course intended for networking professionals and students who already grasp the general concepts of data communications and networking but would like a more detailed understanding of internetworking. Techniques and components for managing network growth and connecting disparate network architectures will be presented and solutions to internetworking problems will be developed.

CN 402 The Internet. 2 Semester Hours. (Lab fee.)
Prerequisite: CN 302.
Familiarizes the student with the operation and function of the Internet. Covers the underlying components and protocols that make up the Internet and the services provided. Internet tools will be used to illustrate concepts. Provides concepts necessary to establishing and maintaining Internet connectivity. Tools used to navigate and access information on the Internet will be studied.

CN 403 Network Processes and Protocols. 2 Semester Hours. (Lab fee.)
Prerequisite: CN 304.
Advanced course intended for networking professional and students who grasp the basic concepts of networking but would like to understand, in more detail, some of the major protocols controlling the flow of information between data communication layers and between cooperating processes on network nodes. Trace and analysis tools will be used to analyze the frames and packets traversing a network.

CN 404 Enterprise Network Design and Management. 2 Semester Hours. (Lab fee.)
Prerequisite: CN 304.
Advanced course intended for networking professionals and students who grasp basic concepts of networking but would like to understand methods used to analyze, design, and manage LANs and point-to-point networks. Exercises are geared toward learning techniques used to design and analyze networks.

Cooperative Education (CP) Courses

Prerequisite: A minimum overall grade point average of 2.5 and prior approval of the Co-op Education Office. Courses must be taken in sequential order.

CP 301 Parallel Co-op Practicum I. 1 Semester Hour.
Prerequisite: Prior approval of Instructor. Co-op Work Experience. This is the **first in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 302 Parallel Co-op Practicum II. 1 Semester Hour.
Prerequisite: CP 301. Co-op Work Experience. This is the **second in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 303 Parallel Co-op Practicum III. 1 Semester Hour.
Prerequisite: CP 302. Co-op Work Experience. This is the **third in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 304 Parallel Co-op Practicum IV. 1 Semester Hour.
Prerequisite: CP 303. Co-op Work Experience. This is the **fourth in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 305 Parrallel Co-op Practicum V. 1 Semester Hour.
Prerequisite: CP 304. Co-op Work Experience. This is the **fifth in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 306 Parallel Co-op Practicum VI. 1 Semester Hour.
Prerequisite: CP 305. Co-op Work Experience. This is the **sixth in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 307 Parallel Co-op Practicum VII. 1 Semester Hour.
Prerequisite: CP 306. Co-op Work Experience. This is the **seventh in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 308 Parallel Co-op Practicum VIII. 1 Semester Hour.
Prerequisite: CP 307. Co-op Work Experience. This is the **eighth in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 401 Alternating Co-op Practicum I. 2 Semester Hours.
Prerequisite: Prior approval of instructor. Co-op Work Experience. This is the **first in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 402 Alternating Co-op Practium II. 2 Semester Hours.
Prerequisite: CP 401. Co-op Work Experience. This is the **second in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 403 Alternating Co-op Practium II. 2 Semester Hours.
Prerequisite: CP 402. Co-op Work Experience. This is the **third in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 404 Alternating Co-op Practium II. 2 Semester Hours.
Prerequisite: CP 403. Co-op Work Experience. This is the **fourth in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 405 Alternating Co-op Practium II. 2 Semester Hours.
Prerequisite: CP 404. Co-op Work Experience. This is the **fifth in a series** of courses wherein students work on a part-time basis in a job directly related to their academic major. Grades will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

CP 410 Alternating Co-op Practium II. 2 Semester Hours.
Prerequisite: Prior approval of instructor. A course wherein the student works a minimum of 20 hours in a job directly related to their academic major. Grade will be based on the employer's evaluation of the student's productivity and the student's completion of vocational self-assessment workbook exercises and reports, work evaluation, and a personal SWOT analysis leading to the development of a professional career portfolio and class presentation.

Computer Science (CS) Courses

CS 305 Concepts of Computer Programming. 3 Semester Hours. (Lab fee.)
Prerequisites: Any Introduction to Computer course.
This course is offered for those in-coming students who have not taken programming courses to fulfill their pre-professional requirements and to fulfill the prerequisite for CS 317. Introduces the fundamental techniques of programming as a foundation for more advanced study of computer science. Considerable attention is devoted to developing effective software engineering practice, emphasizing such principles as design, decomposition, encapsulation, procedural abstraction, testing, and software reuse. Topics include standard programming constructs, problem-solving strategies, the concept of an algorithm, and fundamental data structures (strings, arrays, and records) along with an introduction to machine representation, and graphics.

CS 309 Introduction to Digital Logic Design. 3 Semester Hours. (Lab fee.)
Corequisite: CS 309L, MA 308 or consent of instructor. A comprehensive introduction to Boolean Algebra and methods for designing circuits which implement Boolean expressions. Topics include binary numbers and codes, axioms and theorems of Boolean Algebra, standard algebraic forms of Boolean expressions, the use of methods such as Karnaugh Maps and the Quine-McCluskey procedures for simplification of Boolean expression, analysis and design of combinational and sequential circuits, register operations, and introduction to fault tolerance design.

CS 309L Digital Design Lab. 1 Semester Hours.
Corequisite: CS 309, MA 308, or consent of instructor.

CS 316 **ADA Programming. 3 Semester Hours.** (Lab fee.)
Prerequisite: CS 317 or any other programming course. Introduction to the basic concepts of the ADA language including conceptual overview and introduction to the design rationale for the ADA programming language. Discussion of terminology, data types and the ADA data typing rules, object declarations and rules of object visibility, functions, and subprograms. A brief discussion of the concepts of data abstraction, packages, and tasks.

CS 317 **Computer Science I (C++). 3 Semester Hours.** (Lab fee.)
Prerequisite: Pre-Calculus Algebra and an introductory programming course. This is the first course for any new CS or CIS student or minor at ASU. It covers the fundamentals of programming in C++. This course reviews introductory programming and problem-solving techniques and expands upon the following topics: Arithmetic and relational operations; I/O for elementary data types; logic-control constructs for selection and iteration; functions and parameter passing mechanisms. Students are introduced to the concepts and the rationale for object-oriented programming using classes and class functions. This course will also cover the use of arrays, including basic sorting and searching algorithms. Programming assignments focus on the techniques of good programming style and how to design, code, debug, and document programs.

CS 318 **Computer Science II (C++). 3 Semester Hours.** (Lab fee.)
Prerequisite: CS 317. This is an advanced course in object-oriented computer programming using C++. The focus for this course is on the principles of object-oriented programming, abstraction, and software design. It also provides an introduction to recursion, pointers, and linked lists. Object-oriented design and programming, using classes, operator overloading, member functions and inheritance are emphasized. Students will learn the principle of encapsulation (information hiding) and code reuse. Programming assignments will focus on the techniques of design as a prerequisite of good programming.

CS 340 **Introduction to Assembly Language. 3 Semester Hours.** (Lab fee.)
Prerequisite: CS 309, 318. An introduction to computer architecture at the assembly language level. Methods for representing data in computers, the study of the assembly language of a specific computer. Studies addressing modes, instruction formats, and control structures of a typical assembly language. Introduction to the use of an assembler.

CS 372 **Data Structures. 3 Semester Hours.** (Lab fee.)
Prerequisite: CS 318. Continuation of CS 318 stressing concepts of abstraction, software engineering, analysis of algorithms, and problem solving skills. Introduces lists, linked lists, stacks, queues, and trees, and presents problems and algorithms using these advanced data structures. Explains more efficient searching and sorting algorithms. Students are required to show understanding of each concept through programming assignments.

CS 380 **Programming for the Web. 3 Semester Hours. (Lab fee.)**
Prerequisites: CS 318: Computer Science II
Course introduces students to developing interactive web pages and client-server computing. Course topics include XHTML, cascading style-sheets, HTML Forms processing, java applets, JavaScript, internet servers, and the perl programming language. These languages allow the programmer to add interactive content to their web pages. Principals of event-driven, user-oriented websites are covered. Emphasis is placed on hands-on design of working web pages and software using a variety of web programming technologies.

CS 403 **Data Communications Management. 3 Semester Hours.** (Also listed as ISM 403.) (This course may not be taken for credit by CS or CN majors.)
Prerequisite: CIS 325. This course provides the student with an understanding of the concepts and methods associated with telecommunications and distributed information systems. Students learn the fundamentals of data communications, including network architectures, communicate on protocols, transmission standards and media access control methods.

CS 409 **Computer Organization and Architecture. 3 Semester Hours.** (Lab fee.)
Prerequisite: CS 309, CS 340, and MA 308. A comprehensive study of the architecture of a hypothetical digital computer. The course will present an overview of computer architecture and then a detailed design of each major functional subsystem, including: memory, central processing unit (control unit and arithmetic-logic unit), Input/Output devices, and hardware for the support of the Operating System. Study of the implications of computer architecture for systems programming and Operating System design.

CS 414 **Programming Language. 3 Semester Hours.** (Lab fee.)
Prerequisite: CS 372 and CS 409. This course is an in-depth study of similarities and differences of modern programming languages such as Pascal, FORTRAN, C, Ada, and LISP. Emphasis is on the implementation of basic language features and in the choice of a language most appropriate for a given problem. Programming assignments will require the use of the unique features of various languages.

CS 415 **Operating Systems. 3 Semester Hours.** (Lab fee.)
Prerequisite: Any computer networking course. This course is an applied introduction to Operating Systems, appropriate for students who are interested in using and understanding computer operating systems and networks. The goal is to learn why operating systems are needed and what, at a functional level, they do. The course approaches these materials from a perspective to include experienced users who may or may not know how to program. Concepts covered include: Operating System Fundamentals, User Interfaces, File Systems, Resource Management (memory, multiprogramming, peripherals), Client/Server Information Systems. Modern commercial operating systems as well as supporting components are studied including: Microsoft Windows XP, Unix/Linux, and Macintosh OS X, as well as Client/Server Information Systems, Middleware, and Network Services.

CS 417 Object Oriented Applications. 3 Semester Hours. (Lab fee.)
Corequisite: CS 372. Advanced topics in C++ programming including programming with the .NET framework, GUI event-driven programming, reinforcement of object-oriented programming fundamentals, and designing code using the Standard Template Library.

CS 418 Advanced Object Oriented Applications. 3 Semester Hours. (Lab fee.)
Prerequisite: CS 318. This course will cover advanced object-oriented and event-driven programming using modern programming languages such as Java. Materials covered will include implementation of inheritance, techniques to achieve encapsulation and improve code reusability, using UML as modeling language for program design, GUI development, event handling, and multithreading programming. Students will be required to design, develop and write advanced working applications.

CS 423 Computer Graphics. 3 Semester Hours. (Lab fee.)
Prerequisite: CS 318 and MA 308. An introduction to the basic concepts and tools of computer graphics. Discussion of graphic devices and the use of software to control them. Review of coordinate systems, vectors and matrix algebra, and transformations on pictures. Basics of drawing curves and elementary geometric figures. Windowing and clipping. Introduction to three dimensional graphics

CS 430 Software Ethics and Professionalism. 3 Semester Hours.
Prerequisites: Successful completion of 12 semester hours of 300-400 level Computer Science courses at Athens State.
The ethics and professionalism course addresses ethical, professional, social and team issues inherent in software development. Interaction with software development team members, clients, system users, and others is covered. Written and oral communications documents, standards and sensitivity issues are discussed. Confidentiality, privacy, copyrights, and harassment are just a few of the topics explored.

CS 441 Special Topic in Computer Science. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need. Topics which may be covered include special programming languages, compilers, system design, graphics, and special applications.

CS 442 Special Topic in Computer Science. 2 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need. Topics which may be covered include special programming languages, compilers, system design, graphics, and special applications.

CS 443 Special Topic in Computer Science. 3 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need. Topics which may be covered include special programming languages, compilers, system design, graphics, and special applications.

CS 451 Software Engineering. 3 Semester Hours. (Lab fee.) ***(Also listed as ISM 451.)***
Corequisite: CS 417. Prerequisite: CS 372; CIS majors also must complete CIS 365, 440 and 450. The course will familiarize the student with the entire software life cycle, spanning from the time of conception of the actual requirements, through the analysis, design, and development of the software. The course will study various methodologies of software engineering; i.e., the analysis and comparison of methods which use sound engineering principles to develop software that is reliable, cost-effective, and easily maintainable. The course will emphasize the concept of a software development team where students work on real-world software development projects to solve software problems for users.

CS 452 Senior Software Engineering Project. 3 Semester Hours. (Lab fee.)
Prerequisite: CS 417, CS 451, Senior standing, and consent of instructor. This course provides students with the opportunity to apply the knowledge and skills mastered in the computer science discipline through development of complex software projects. Emphasis is placed on the concept of software development teams to create project plans, software requirements, design specifications, test plans, and other written documentation for the selected software project. Student software teams also code, test, and integrate the software according to the requirements and design specifications produced. Technical walk throughs and software demonstrations are required at the completion of various milestones.

CS 452L Senior Software Engineering Project Lab. 1 Semester Hour.
Corequisite: CS 452.

CS 453 Software Economics. 3 Semester Hours.
Corequisite: CS 451: Software Engineering. Computer Information Systems students should complete MG 353: Project Management as well.
The goal of this course is to teach students the importance of delivering high quality software on established time schedules and within the allocated budgets. Software cost and time estimations for projects following the software lifecycle methods are covered. Estimation techniques such as cost-benefit analysis, return on investment, present value analysis, risk analysis, and function point techniques are learned. Software project management techniques and other advanced cost estimation models such as COCOMO are discussed as well.

CS 454 System Security Management. 3 Semester Hours.
Prerequisites: Successful completion of 12 hours of 300-400 level Computer Science courses at Athens State.
The focus of this course is security engineering and building systems to remain dependable in the face of malice, error, or mishaps of other sorts. This course will cover tools, processes, and methods needed to design, implement, and test complete security systems and to adapt existing systems as their environment evolves. Students will use real-world case studies to gain practical experience in solving complex problems, like the ones encountered in industry.

CS 460 Directed Study/Special Computer Science Projects. 1 Semester Hour.
Prerequisite: 15 semester hours of upper level computer science coursework, and consent of instructor. This course is designed to allow students majoring in computer science to pursue special projects of interest to both the student and instructor. Projects undertaken for this course might well be continuations of projects begun in other courses.

CS 461 Directed Study/Special Computer Science Project. 2 Semester Hours.
Prerequisite: 15 semester hours of upper level computer science coursework, and consent of instructor.
This course is designed to allow students majoring in computer science to pursue special projects of interest to both the student and instructor. Projects undertaken for this course might well be continuations of projects begun in other courses.

CS 462 Directed Study/Special Computer Science Project. 3 Semester Hours.
Prerequisite: 15 semester hours of upper level computer science coursework, and consent of instructor. This course is designed to allow students majoring in computer science to pursue special projects of interest to both the student and instructor. Projects undertaken for this course might well be continuations of projects begun in other courses.

CS 472 Algorithm Analysis. 3 Semester Hours. (Lab fee.)
Prerequisite: MA 308 and CS 372. An introduction to the classic methods for designing algorithms. The course will study specific problems such as sorting, graph traversals, and matrix multiplication in order to illustrate these methods. The methods studied will include: Divide and Conquer, Back-Tracking, Branch and Bound, and Dynamic Programming. A brief introduction to computational complexity.

CS 474 Introduction to Formal Language Theory. 3 Semester Hours. (Lab fee.)
Prerequisite: CS 472 and MA 320. Formal definition of programming languages. Examples of formal grammars, including methods for language parsing. Study of regular and context-free languages. Definition of automata and their relation to formal language definitions. Other topics will include the Chomsky hierarchy, Church-Turing thesis, and theory of computability.

Economics (EC) Courses

EC 310 Modern Economics. 3 Semester Hours. (Also listed as SS 310.)
A macro examination of the operation of modern economic systems including price determination, aggregate demand and supply theory, public policy options, and the philosophical foundations of free market and command systems.

EC 311 Economic Geography. 3 Semester Hours. (Also listed as GO 311.)
Analysis of the origins, nature and distributions of man's economic activities over the world. Elementary models of economic patterns, processes, and relationships in geographic space are stressed and the relation of these factors to the present position of the nations of the world is emphasized.

EC 320 Introduction to International Commerce. 3 Semester Hours. (Also listed as PO 320.)
Examines the international economic system and the challenges faced by multinational corporations in the conduct of international business. Special attention is given to the mechanics of importing and exporting, international finance, and private international law.

EC 321 Money and Banking. 3 Semester Hours. (Also listed as SS 321.) (Lab fee.)
Prerequisite: Principles of Economics. A study of how money, credit, and interest rates affect the level of employment, production, and prices in the economy. Topics of study will include the Federal Reserve System, the operations of commercial banks, credit controls, the theory of interest rate determination, and recent trends in banking.

EC 348 Labor Economics. 3 Semester Hours. (Lab fee.)
Introduction to labor in the economy and the relationships among workers, management, labor organizations, and public policy.

EC 410 International Finance and Monetary Economics. 3 Semester Hours.
Prerequisite: Principles of Macro and Micro Economics (or equivalent) and EC 321 Money and Banking (or equivalent). This course provides students with a strong foundation in the theory and practice of international finance and macroeconomics policies, and will explore emerging topics of interest such as a single currency (Euro) in Europe and financial crises in developing countries. The course consists of four parts: foreign exchange markets, the international monetary system, open-economy macroeconomics and international financial markets.

EC 441 Special Topics in Economics. 3 Semester Hours.
To be offered on occasion of student demand or need.

EC 450 Materials and Methods of Teaching Economics. 3 Semester Hours.
Students will gain an understanding of basic economic principles and learn innovative methods of transferring economic knowledge to elementary and secondary students. Students will also become well versed in the Alabama State and National Standards of Learning in Economics. Five days (35 hours) of field experience are required.

EC 460 Directed Study/Research in Economics. 3 Semester Hours.
A course designed to allow students an opportunity to perform research/directed studies in economics. Offered at the discretion of the professor with approval of the College Dean.

Education (ED) Courses

ED 301 Foundations of Education I. 1 Semester Hour.
This survey course is designed for students preparing for the teaching profession and includes an examination of schools as organizations, the impact of variables on the learning process, and appropriate professional behavior. Students will begin their professional portfolios and their personal educational philosophies. Field experience is required.

ED 302 Foundations of Education II. 2 Semester Hours.
This survey course is designed for students preparing for the teaching profession and includes current educational issues and trends, research for continuing professional and leadership development, school law, and the influence of groups in a democratic society. Field experience is required.

ED 305 Technology & Media in Education. 3 Semester Hours. (Lab fee.)
This course is designed to assist prospective teachers to acquire knowledge of technology available to enhance the teaching of the curriculum, including the Alabama Course of Study and textbooks currently used in N-12. The focus of this course includes development of basic knowledge and skills in instructional design, selection of appropriate technology, and applications in all areas of the curriculum N-12. This course has a computer laboratory experience. Field experience is required.

ED 306 Computers: A Tool for Teaching. 1 Semester Hour. (Lab fee.)
Prerequisite: Fundamental computer concepts. This elective course is designed to increase the student's ability to use computers in the classroom. Demonstrations and hands-on experiences will include computers with peripheral devices such as scanners, laser discs, CD-ROM, Presenter Plus, still cameras, modems, and multimedia hardware.

ED 312 Educating Teachers for Diversity. 3 Semester Hours. (Formerly titled as The Child in a Diverse Society.)
This course is designed to assist prospective teachers to develop understanding and appreciation of various social and ethnic groups and their cultures including the impact of these cultural phenomena on the education process. Field experience is required.

ED 322 Basic Principles of ELL Education. 3 Semester Hours.
Prerequisite: Admission to the Teacher Education Program. (Does not apply to Special Education Majors.) A course designed to provide all educators the fundamental theories and knowledge about second language acquisition, with an emphasis on instructional methods for teaching English language learners. Field experience is required.

ED 361 Measurement and Management. 3 Semester Hours.
Prerequisite: Admission to the Teacher Education Program. A course designed to provide future teachers with the skills and attitudes necessary to create a positive learning environment and assist them in being able to develop and implement proper evaluative techniques and give direction to pupil growth and development. Field experience is required. This course must be taken the semester immediately before or during the internship.

ED 364 Career Management. 1 Semester Hour. (Also referred to as GBA 364 and PS 364.)
This course is designed to prepare students to make a successful transition from an academic environment to the work environment. The course covers the following: traditional and non-traditional job search tactics, to include resume preparation, cover letter writing, networking concepts, development of a professional portfolio, interviewing skills, salary negotiation, work ethics, and corporate culture expectations.

ED 400 Reading Strategies. 1 Semester Hour.
This elective course is designed to prepare in-service teachers to implement current reading strategies in order to raise comprehension skills of students in K-12.

ED 406 Computers For Teacher Productivity. 1 Semester Hour. (Lab fee.)
Prerequisite: Fundamental computer concepts. This elective course will focus on increasing the student's ability to use computers as an organizational professional tool to assist in operating a modern classroom. Topics include lesson planning, grade books, test generators, presentation programs, desktop publishing, draw and paint programs, research programs, schedule and calendar programs.

ED 490 Supervision of Interns. 1 Semester Hour.
This elective course is designed to prepare in-service teachers to be cooperating teachers and supervisors of interns. Topics will include overview of the Teacher Education Program, conceptual framework, curriculum, portfolio, team building strategies, requirements of the internship, and observation and evaluation techniques. Teachers who complete the course, have a master's degree, and three years minimum teaching experience will be eligible to apply for a supervisor's position.

English (EH) Courses

EH 303 Journalism. 3 Semester Hours. (Lab fee.) (Will not satisfy literature requirements.) (Designed to fulfill requirements for language arts majors.)
Study and practical experience with journalistic principles, processes, and practices of the news media, utilizing media outlets both in schools and in the community with special emphasis on work with school publications.

EH 304 Southern Literature. 3 Semester Hours.
An appreciative and critical study of the body of fine literature written by and about residents of the American South with a concentration on literature in the 20th century. Oral and written student response.

EH 307 Major Authors I. 3 Semester Hours.
A survey (Ancient to Renaissance) of contributions to western civilization by the great writers of ancient and medieval times, beginning with the Old Testament and concluding with John Milton. Oral and written student response.

EH 308 Major Authors II. 3 Semester Hours.
A survey of contributions to western civilization made by the great writers of the 18th century through the 20th century, beginning with the Enlightenment and ending with contemporary writers. Oral and written student response.

EH 311 Drama Production. 3 Semester Hours. (Lab fee.) (Will not satisfy literature requirement. Designed to fulfill requirements for Language Arts majors.)
Study and practical experience in producing, acting, and directing, or otherwise active participation in stage craft in school or community theatre. An opportunity exists for qualified students to study with the Alabama Shakespeare Festival Theatre.

EH 312 Dramatic Literature. 3 Semester Hours.
Selected studies in drama, from classical through contemporary, designed to provide a wide familiarity with dramatic literature. Close study of specific plays. Oral and written student response.

EH 314 19th Century British Studies. 3 Semester Hours.
A critical study of the major and minor works of the Romantic and Victorian periods. Oral and written analysis.

EH 316 American Masterpieces. 3 Semester Hours.
An indepth study of the major works of American literature form the colonial period to the present. Oral and written analysis.

EH 319 Technical Theatre. 3 Semester Hours.
This course will cover the technical aspects of play production, designed for students who intend to direct a play or teach Drama.

EH 320 Grammar for Teachers. 3 Semester Hours. (Will not satisfy literature or composition requirement.)
Prerequisite: Two courses in freshman composition. A teaching-oriented course, using both traditional standard grammar and linguistics-based grammatical systems. Includes some work in elements of composition.

EH 321 Set Design. 3 Semester Hours. (Lab fee.) (Also listed as AR 321.)
This course will cover the designing of a stage set from construction to mock-up, construction, and implementation.

EH 323 Dramatic Interpretation. 3 Semester Hours.
This course is an introduction to the practice of formal and specialized dramatic speech.

EH 325 Myth: Ritual and Culture. 3 Semester Hours.
A study of the basic belief systems of major cultures and their impact on literature and thought. Special emphasis on Greek/Roman and on eastern and western religions.

EH 330 Literary and Critical Theory. 3 Semester Hours.
An introduction to the major figures and principles of literary theory from Plato to the present.

EH 333 Acting. 3 Semester Hours.
This course is a study and practice in the art and skills of acting in live theater to include emphasis on the use of voice, gesture, and body language to convey meaning and emotion.

EH 400 Creative Writing. 3 Semester Hours.
Study and practice in the art and skills of creative writing--poetry, prose, and drama.

EH 401 Conflict Management. 3 Semester Hours. (Will satisfy general speech requirement. Will not satisfy literature requirement.)
A course in interpersonal communication, and group dynamics. Emphasis on conflict, resolution, problem solving and mediation.

EH 405 Playwrighting. 3 Semester Hours.
This course is a study and practice in the art and skills of playwrighting. The student will learn to write plays by writing plays.

EH 413 Composition for Teachers. 3 Semester Hours. (For prospective teachers only. Will not satisfy literature or general composition requirements.)
A study of essential features of composition writing and evaluation. Product-centered as well as process-centered techniques will be examined.

EH 414 History of the English Language. 3 Semester Hours. (Will not satisfy literature or composition requirements.)
The development of American English from early and medieval British beginnings to the current linguistic standards and variations. Designed to increase ease of use, vocabulary, and appreciation of the English language. Analytical writing required.

EH 416 Interpreting the Text. 3 Semester Hours. (Also listed as RE 416.)
An examination of various ancient, historical, and literary methods of interpreting literature covering the range from ancient ways of reading texts to current poststructuralist approaches. Even though primary emphasis will center on religious texts, there will be considerable attention given to issues and methods that emerged from the realms of the social sciences, literature, and philosophy. Religion majors must take this course their senior year as their capstone course.

EH 425 Shakespeare. 3 Semester Hours.
Designed to provide familiarization with the range of Shakespeare's work as well as close critical appreciation of certain sonnets and plays.

EH 431 Poetry and Poetics. 3 Semester Hours.
Prerequisite: Two composition courses and one literature course. A critical study of the major poems in English and American literature with an emphasis on language, forms, themes, poetic theory, analysis, interpretation, and explication. Oral and written analysis.

EH 433 Fiction. 3 Semester Hours.
Study of a wide range of fiction. Study is designed both to increase enjoyment of fiction and to develop analytical and evaluative reading skills. Both oral and written response required.

EH 440 African-American Studies. 3 Semester Hours.
A study of the major works of African-American writers from the 1700's to the present day. Includes the history of the African-American culture with an emphasis on literature related to the civil rights movement: 1865-1965.

EH 441 Special Topics in English. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

EH 442 Special Topics in English. 2 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

EH 443 Special Topics in English. 3 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

EH 450 Renaissance Literature 1550-1680. 3 Semester Hours.
A critical study of the major works of the English Renaissance from Spenser through Milton, (1550-1680) exclusive of Shakespeare. Oral and written analysis.

EH 451 Restoration/18th Century. 3 Semester Hours.
A critical study of the major and minor works of the late 17th and 18th century with an emphasis on Dryden, Pope, Swift, and Johnson. Oral and written analysis.

EH 452 Chaucer and Medieval Literature. 3 Semester Hours.
A critical study of the major literary works of the middle ages with an emphasis on Chaucer and The Canterbury Tales. Oral and written analysis.

EH 454 Young Adult Literature. 3 Semester Hours. (Also listed as ED 454.)
This is a survey course of novels for middle and high school readers. Various themes and a diverse representation of authors will be studied.

EH 457 Materials and Methods of Teaching English/Language Arts in the Middle School/High School. 3 Semester Hours.
Prerequisite: SC 331, Issues and Management for Secondary Education and full standing as a student in the Teacher Education Program and senior standing at Athens State University. This course should be taken the semester prior to internship.
This course is intended to enhance the students' abilities to plan, implement, and evaluate instructional methods, activities and equipment into instruction; to expand knowledge of curriculum in drama, journalism, literature, speech and writing; and to improve student-centered instructional techniques. Students will actively participate in demonstration and modeling of strategies and techniques. Research-based decision making will be emphasized. Does not satisfy requirements for any English major, minor, or general studies. Five days (35 hours) of field experience are required.

EH 460 Directed Study of English. 1 Semester Hour.
Prerequisite: Consent of instructor. A special research or creative writing course designed to meet specific needs and interest.

EH 461 Directed Study of English. 2 Semester Hours.
Prerequisite: Consent of instructor. A special research or creative writing course designed to meet specific needs and interest.

EH 462 Directed Study of English. 3 Semester Hours.
Prerequisite: Consent of instructor. A special research or creative writing course designed to meet specific needs and interest.

EH 469 English Capstone Seminar. 1 Semester Hour.
This capstone course for English majors, which must be taken during students' final semester as seniors, will consist of three main components: a comprehensive examination based on required Professional courses in English major, a research paper/project designed around students' needs and interests, and a presentation of research. Upon successful completion of this course, students will understand how to formulate a thesis, collect, assess and integrate scholarly research into a 25-page research paper and present the findings of their research orally and before peers. Like all humanities classes at Athens State University, this one increases students' awareness of cultural heritage and helps them develop the research abilities for graduate work.

Elementary Education (EL) Courses

EL 315 Principles and Methods of Teaching Kindergarten. 3 Semester Hours.
This is a course designed to teach Elementary Education majors (K-6) appropriate methodology specifically for kindergarten. This course includes developmental characteristics of five-year-old children with emphasis on language and intellectual development. The course will provide theoretical and philosophical bases for selecting materials and methods for a developmentally appropriate kindergarten curriculum. Implications for equipment selection, room arrangements, daily schedules, and learning experiences are discussed. **Field experience is required.**

EL 320 Children's Literature. 3 Semester Hours.
This is a survey course of current and traditional prose and poetry thought to be applicable to diverse populations of children. Emphasis is placed on the integration of children's literature throughout the curriculum. **Field experience is required.**

EL 321 Teaching Language Arts. 3 Semester Hours.
Prerequisite: Admission to the Teacher Education Program. **(This does not apply to Special Education Majors.)** A course designed to teach appropriate methodology for all areas of language arts with an emphasis on effective teaching of written composition in the elementary grades. Course reflects the integrative nature of the language arts; the need for wholeness; the importance of being able to transfer skills, abilities, and attitudes learned in one context to another. **Field experience is required.**

EL 323 Teaching Reading in the Primary Grades. 3 Semester Hours.
Prerequisite: Admission to the Teacher Education. **(This does not apply to Special Education Majors.)** An in-depth study of early literacy development; word identification strategies including phonics, structural analysis, contextual analysis, and whole word methodology; various approaches to reading including the language experience and basal reader approaches and the uses of computers in the reading/writing program. **Field experience is required.**

EL 324 Teaching Mathematics in the Primary Grades. 3 Semester Hours.
A course designed to assist prospective teachers of young children in presenting early mathematical concepts and skills. Application of psychological principles to the teaching and learning of mathematics is included. **Field experience is required.**

EL 351 Assessment Strategies for the Elementary Classroom. 3 Semester Hours.
A junior level course designed to provide elementary teachers the skills necessary to develop and implement proper assessment strategies. Special emphasis will be on types of assessment used in the classroom including state mandated assessments and interpretation of data from standardized testing. **Field experience is required.**

EL 352 Management Strategies for the Elementary Classroom. 3 Semester Hours.
Prerequisite: Admission to the Teacher Education A junior level course designed to prepare prospective elementary teachers to provide an environment for effective learning. Special emphasis will be on classroom organization, discipline, and the establishment of fair rules and procedures. **Field experience is required.**

EL 413 Teaching Reading in the Intermediate Grades. 3 Semester Hours. (Lab fee.)
Prerequisite: EL 323 and Admission to the Teacher Education Program.
Utilization of metacognitive strategies; instructional decision-making; and critical thinking to develop reading comprehension processes, to assist at-risk readers, and to foster the enjoyment of reading through balanced literacy. **Field experience is required.**

EL 420 Teaching Science. 3 Semester Hours. (Lab fee.)
Prerequisite: Admission to the Teacher Education Program. A course designed to provide a study of the science concepts for elementary education. Emphasis is placed on materials and methods, processes of discovery, and the role of children as investigators. Students are required to teach a lab-based lesson in class and conduct two activities. **Field experience is required.**

EL 423 Teaching Social Studies. 3 Semester Hours.
Prerequisite: Admission to the Teacher Education Program. A presentation of instructional materials, resources and strategies to be used for teaching social science concepts from the disciplines of economics, geography, history, political science, psychology, and sociology to children in the elementary school. Ten (10) hours of volunteer service with social service agencies, including those available to children within the community, are required while enrolled in this course. **Field experience is required.**

EL 424 Teaching Mathematics in the Intermediate Grades. 3 Semester Hours. (Lab fee.)
Prerequisite: EL 324 and Admission to the Teacher Education Program. (This **does not apply to Special Education Majors.)**
A course designed to provide study of the mathematics skills and concepts in grades 4-8 with an emphasis on materials and methods of instruction. **Field experience is required.**

EL 482 Internship in Elementary Education. 9 Semester Hours. (Lab fee.)
Prereqnisite: Senior standing and admission to the Teacher Education Program. Fifteen-week internship program. This culminating experience of the Teacher Education Program provides practical experience in teaching classes in state-accredited schools under the guidance of a cooperating teacher and supervision of a college professor. Seminar attendance is required.

EL 483 Internship in Elementary Education. 5 Semester Hours. (Lab fee.)
Seven-week internship program for persons seeking additional certification.

EL 484 Curriculum Seminar in Elementary Education. 3 Semester Hours. ***To be taken concurrently with EL 482 Internship in Elementary Education***
A senior level course with special emphases on intergrating the curriculum and planning for and implementing strategies to ensure a successful school year. The course will include an action policy project, an in-depth study of the PEPE system, a survey of relevant school law, and strategies for successful communication and interviewing. Field experience is required.

Early Childhood Education (ER) Courses

ER 302 Theories and Stages in Language Development. 3 Semester Hours.
Prerequisite: Admission to the Teacher Education Program. This course is designed to familiarize the student with language acquisition and theory including phonology, syntax, semantics and pragmatics with emphasis on the varied home, cultural and school influences in language and literacy development. Field experience is required.

ER 303 Professional Education Communication. 3 Semester Hours.
This beginning education course is designed to facilitate the acquisition of professional attributes, and to improve oral and written communication skills by refining study and research skills, using professional vocabulary, sharing research findings about educational trends and issues, seeking funding for educational programs, and sharing information with families. Attributes and dispositions will be articulated, defined, and modeled. These dispositions will be encouraged in oral presentations and collegial interactions. Practice in oral and written language usage will occur through writing and speaking about current educational concerns. Field experience is required.

ER 309 Early Brain Development. 3 Semester Hours
The purpose of this course is to help students understand how early brain development might be related to changes in cognitive and affective development in infants and toddlers. Topics will include (1) normal development in infants and toddlers in all domains, physical, social, emotional and cognitive; (2) the history, theory and research on early brain development; (3) biological perspectives on development; (4) the processes of brain maturation; (5) the educational implications of early brain research; (6) brain plasticity; (7) the neurological basis development disorders; and (8) the effects early experiences have on the infant and toddler's development. **May be used as a substitution for CHD 209.** Field experience is required.

ER 310 Principles of Early Childhood Education. 3 Semester Hours.
This beginning education course, designed for **Early Childhood Education majors (P-3)**, will provide prospective teachers of young children with the historical, theoretical, and practical issues of early childhood education. Emphasis is on early childhood philosophical and sociological foundations, facets of development, principles of learning, trends and issues, and program models.
Field experience is required.

ER 318 Literature in Early Childhood Education. 3 Semester Hours.
This course has a two-fold purpose. As a survey course, it is designed to assist preservice teachers in becoming acquainted with the great wealth of trade books available for today's young children. An equally important purpose is to assist pre-service teachers so they may guide young children toward more creative, insightful utilization of literary materials in a classroom setting.
Field experience is required.

ER 319 Literacy and Literature for the Young Child. 3 Semester Hours.
Prerequisite: Admission to the Teacher Education Program and Senior Standing.
This course examines methods and materials for planning, implementing, and assessing developmentally and culturally appropriate language arts and literature curricula for early childhood education. Emphasis will be on developing the process skills for facilitating emergent literacy, early writing, listening, and speaking, as well as teaching language arts and literature to ESL children.
Field experience is required.

ER 326 Assessment in Early Childhood Classrooms. 3 Semester Hours.
This beginning course examines the goals, benefits, and uses of developmentally and culturally appropriate assessment processes that positively influence children's development and learning. It focuses on the family's significant role in the assessment process. It includes developmental and health screenings, systematic observations, play-based assessments, diagnostic evaluations, documentation of learning, and curriculum and criterion referenced assessments. Strengths, limitations, problems, and the developmental and cultural appropriateness of the selected practices and strategies will be addressed. Field experience is required.

ER 327 Classroom Management in Early Childhood Education. 3 Semester Hours.
This course is designed to provide prospective teachers of young children with a rationale for thoughtful provision of an appropriate environment for effective learning and development in early childhood programs. This course will provide early childhood educators with the factors that influence quality programs in the area of management. Field experience is required.

ER 330 Children's Constructions of Relationships through Arithmetic and Mathematical Reasoning. 3 Semester Hours.
Prerequisite: Admission to Teacher Education Program and Senior Standing.
Students will examine how young children construct number and mathematical concepts. They will identify and examine developmentally and culturally appropriate techniques, strategies, and materials for teaching young children arithmetic and mathematical concepts. Field experience is required.

ER 350 Administering and Managing Early Childhood Programs. 3 Semester Hours.
Prerequisite: Admission to Teacher Education Program, Senior Standing. This course should be taken the semester prior to internship. It is designed to provide future administrators of childcare programs with a knowledge of the factors that influence quality programs which include: program philosophy, policies and evaluation; assessing, recording, and reporting children's progress; scheduling; nutrition and health services; home and school collaboration; administrative organization and regulations; managing personnel; organizing the physical environment; financing and budgets; and contributing to the profession. Field experience is required.

ER 430 Investigation, Experimentation and Inquiry. 3 Semester Hours.
Prerequisite: Admission to Teacher Education Program and Senior Standing.
Students will examine how young children use investigation, experimentation, and inquiry to build theories in science and social studies. Emphasis will be placed on developmentally and culturally appropriate approaches that integrate the content and concepts for science and social studies. Field experience is required.

ER 450 Administering/Managing Early Childhood Programs. 3 Semester Hours.
Prerequisite: Admission to Teacher Education Program and Senior Standing.
This course should be taken the semester prior to internship. It is designed to provide future administrators of childcare programs with a knowledge of the factors that influence quality programs which include: program philosophy; policies and evaluation; scheduling; nutrition and health services; home and school collaborations; administrative organization and regulations; managing personnel; working with families; organizing the physical environment; financing and budgets; advocacy and contributing to the profession. Field experience is required.

ER 460 Practicum in Early Childhood Education. 3 Semester Hours. (Lab fee.)
Prerequisite: Admission to Teacher Education Program, senior standing and EL 323 and ER 330.
This field experience consists of tutoring kindergarten or first grade students in math and reading and select inservice opportunities.

ER 461 Practicum in Early Childhood Education. 3 Semester Hours. (Lab fee.)
Prerequisite: Admission to Teacher Education Program, senior standing and SE 301 or CHD 210.
This is a field experience in an elementary school designed to increase knowledge of how to relate to special education K-3rd grade students. Assignments are intended to link theory of early childhood education to practice.

ER 462 Practicum in Early Childhood Education. 3 Semester Hours. (Lab fee.)
Prerequisite: Admission to Teacher Education Program, senior standing and AR 310 or CHD 202.
This is a field experience in an elementary school designed to increase knowledge of planning fine arts experiences for K-3rd grade students. Assignments are intended to link theory of early childhood education to practice.

ER 470 Early Childhood Curriculum. 3 Semester Hours.
Prerequisite: ER 310, Admission to Teacher Education Program, Senior Standing. This is the capstone course for early childhood majors and should be taken the semester prior to internship. This course is designed to teach the basic principles and considerations underlying planning a developmentally appropriate curriculum for young children, birth through third grade (P-3), in all areas of development. This course examines the content, methods, materials and assessment appropriate for young children and the teacher's role in organizing and integrating the early childhood curriculum. Implications for equipment selection, room arrangement, daily schedules, and learning experiences are discussed. This is a candidate assisted practice site (C.A.P.S.) course. Field experience is required.

ER 480 Internship in Early Childhood Education. 9 Semester Hours. (Lab fee.)
Prerequisite: Senior standing and admission to the Teacher Education Program. The internship is the culminating experience of the Teacher Education Program which provides practical experience in teaching classes in state-accredited schools under the guidance of a cooperating teacher and supervision of a college professor. For students who have not taken a preschool practicum at the community college level, the internship will also consist of time spent in a four-year-old program. Seminar attendance is required.

ER 481 Internship in Early Childhood Education. 5 Semester Hours. (Lab fee.)
Seven-week internship program for persons seeking additional certification.

ER 486 Seminar in Early Childhood Education. 3 Semester Hours.
This course is designed to teach the basic principles and considerations underlying planning a developmentally appropriate curriculum for young children in preschool through 3rd grade. **It is to be taken the same semester as the internship** so that students can come to class one evening, reflect on their teaching during the internship and adjust or revise their teaching plans.

Finance (FIN) Courses

FIN 355 General Insurance. 3 Semester Hours.
A study of fundamental principles and uses of various types of insurance: life, fire, automobile, homeowners, and other casualty and business forms.

A course designed to give students a broad understanding of the principles of real estate. Instruction includes historical background, freehold estates, leasehold estates, deeds, transferring of interests, financing, appraising, and the Alabama Real Estate License Law.

General Business (GBA) Courses

GBA300 Business Research Skills. 1 Semester Hour.
This course is designed to familiarize students with business information sources and library research skills in business fields, including information about corporations, industries, economics and career resources. It will include periodical literature, books, electronic resources, reference materials, government resources, and finding relevant tools.

GBA301 Windows Applications for Business. 3 Semester Hours. (Lab fee.)
An examination of the many uses for windows applications in the modern business setting. Emphasis given to a "hands on approach" of assessing the usage of personal computers for preparing spreadsheets, managing files, word processing, and graphics.

GBA305 Statistical Methods of Business I. 3 Semester Hours. (Lab fee.)
Prerequisite: College algebra or equivalent. Introduction to descriptive and inductive methods to evaluate data. Coverage will include the calculation of central tendency, tests of hypothesis, probability theory, and sampling.

GBA306 Statistical Methods of Business II. 3 Semester Hours. (Lab fee.)
Prerequisite: GBA 305. An advanced course covering topics such as analysis of variance, time series analysis, simple and multiple regression, and index numbers.

GBA307 Quantitative Business Analysis. 3 Semester Hours. (Lab Fee.)
Focuses on the concepts, processes and problem solving tools related to the quantitative aspects associated with management and operation of a business. Topics include applied linear programming, decision theory, waiting line analysis, regression analysis, forecasting techniques, inventory management and similar topics. In addition to an in-depth study of these subjects, the course will include case studies, optimization techniques, and multi-criteria decision-making applications.

GBA311 The Legal Environment of Business. 3 Semester Hours.
An analysis of the legal, social, and ethical environment of business.

GBA312 Law for Accountants. 3 Semester Hours.
Prerequisite: Legal Environment (BUS 263). A study of law subjects the accountant encounters including contracts, the UCC, business organizations, and accountant liability.

GBA 314 Business Ethics. 3 Semester Hours.
An examination of moral philosophy and its relevance to business operation and managerial decision making. Ethical choices and their impact will be considered. Extensive use of the case study approach will be utilized.

GBA332 History of American Business. 3 Semester Hours. (Cross listed as HY 332)
This course familiarizes the student with the major developments in the history of American business since colonial times. Particular emphasis is given to the evolution of the firm and the role of entrepreneurs.

GBA350 International Business Law. 3 Semester Hours.
Prerequisite: None. However, it is recommended that the student complete GBA 311 or PO 350, and MG 352 before taking GBA 350. This course focuses on the legal framework within which international trade takes place. Within this large framework public and private international law are important as a sub-focus. Areas to be studied include international organizations, environmental law, human rights, economic/commercial law, public and private international law, tax law, comparative law and ethics.

GBA357 Personal Finance. 3 Semester Hours.
A study and review of consumer money management problems, choices, and decision-making. Topics such as investing in stocks, bonds, mutual funds, commodities, and options will be covered.

GBA364 Career Management. 1 Semester Hour. (Also referred to as ED 364 and PS 364.)
This course is designed to prepare students to make a successful transition from an academic environment to the work environment. Also included are traditional and non-traditional job search tactics, to include resume preparation, cover letter writing, networking concepts, development of a professional portfolio, interviewing skills, salary negotiation, work ethics, and corporate culture expectations.

Areas of consideration include morale and group processes, supervisory leadership, selection and placement, training, motivation, fatigue, accidents, interviewing and industrial counseling.

GBA460 Directed Study/Research in Business. 3 Semester Hours.
A course designed to allow students an opportunity to perform research or directed studies. This course is offered at the discretion of the professor with the approval by the School Dean.

Gerontology (GE) Courses

GE 320 Nutrition. 3 Semester Hours. (Also listed as GS 320)
This course considers contemporary nutrition from the viewpoint of practical application. Emphasis is on the relationship of nutrition to health, growth, development, and disease prevention.

GE 320L Nutrition Lab. 1 Semester Hour. (Also listed as GS 320L).
Corequisite GE 320. Prerequisite: Basic computer skills in Microsoft Word and Excel.

GE 335 Adult Psychology. 3 Semester Hours. (Also listed as PS 335).
Indepth survey of theory, research findings, and methods of obtaining knowledge regarding biological, cognitive, and psychosocial aspects of adult development. Topics include physical change, development of identity and social roles, intellectual changes over the life span, relationships, career and retirement choices, and coping with death and dying. Critical analyses of scientific research designs and methods will be emphasized.

GE 410 Physiology of Aging. 3 Semester Hours.
A study of the physiological process of aging and the special problems encountered by such process.

GE 412 Aging Policy and Programs. 3 Semester Hours.
The federal, state, and local framework of services and programs for the aging.

GE 471 Aging in a Mass Society. 3 Semester Hours. (Also listed as SO 471.)
A study of the aging process, the special problems encountered by the aging and by the institutions of society involved in the care of the aging.

GE 497 Practicum in Psychology/Sociology/Gerontology. 3 Semester Hours. (Also listed as PS/SO 497.)
This course provides the student an opportunity to experience the theoretical concepts and knowledge obtained in the classroom. The practicum entails approximately eight hours per week of supervised field experiences in appropriate community agencies, institutions, industrial or research settings, and bi-weekly in-class seminars.

Geography (GO) Courses

GO 300 World Regional Geography. 3 Semester Hours.
This course examines recent trends and research concerning the physical, historical, cultural, economic, and political developments in North America, Europe, South America, Africa, and Asia. The five basic themes of geography--location, place, relationships within places, movement, and regions--are stressed. There is also emphasis on patterns of social and political development, cultural diffusion, conflict, and cooperation in each region.

GO 309 North America and Europe. 3 Semester Hours. (Does not satisfy B.A. History requirements.)
This course examines the physical, historical, cultural, economic, and political characteristics of four geographical regions: the United States, Canada, Western Europe, and Eastern Europe. Except for the United States, there is considerable emphasis on the historical evolution of each region. The five basic themes of geography--location, place, relationships within places, movement, and regions will also be stressed.

GO 311 Economic Geography. 3 Semester Hours. (Also listed as EC 311.)
This course examines the origin, types, and distribution of economic activities around the world as well as the theories that explain the location of economic activities. There is some discussion of environmental determinants of economic activities as well as the role of people and cities in a nation's economy. The student should demonstrate a knowledge of the five basic themes of geography as they relate to economic activities: location, place, relationships within places, movement, and regions.

GO 320 The Geography of North America. 3 Semester Hours.
This course emphasizes the geography of the United States, Canada, and Mexico. The relationship of the Caribbean region and Central America to North America is also considered. There is an emphasis on location, place, relationships within places, movement, and regions.

GO 332 Physical Geography. 3 Semester Hours. (Also listed as GS 332). (Lab fee.)
Corequisite: GO 332L.
Designed to instill greater appreciation and awareness of man's physical environment. Areas of emphasis include mineralogy, petrology, plate tectonics, diastrophism, weathering, mass wasting, agents of erosion, soil layers, and remote sensing.

GO332LPhysical Geography Lab. 1 Semester Hour. ***Corequisite: GO 332.***

GO 340 South America, Africa, and Asia. 3 Semester Hours. (Also listed as HY 340.)
This course stresses the major events in the historical development of South America, Africa, and Asia. In addition to ancient empires and culture, consideerable attention is given to colonization, indepcndence, historical figures, and current events in each region.

Designed to instill greater appreciation and awareness of man's physical environment and of mechanisms which control the distribution of plants and animals on planet Earth.

General Science (GS) Courses

GS 300 Introduction to Astronomy. 3 Semester Hours. (Lab fee.)
Corequisite: GS 300L. Prerequisite: College level Mathematics. A study of the laws and principles of astronomy, designed to help the student gain an understanding of how the astronomer studies his subject. To help the student appreciate the scope of the universe, discussion will include the solar system, stars, galaxies, and the Big Bang theory.
GS 300L Introduction to Astronomy Lab. 1 Semester Hour. (Lab fee.) ***Corequisite: GS 300.***

GS 301 Atmospheric Science. 3 Semester Hours. (Lab fee.)
Corequisite: GS 301L. A survey course in meteorology at the introductory level. This course provides the student with physical explanations for those phenomena collectively called weather.
GS 301L Atmospheric Science Lab. 1 Semester Hour. ***Corequisite: GS 301.***

GS 302 Earth Science. 3 Semester Hours. (Lab fee.)
Corequisite: GS 302L. A study of the materials that comprise the Earth and of the processes that change the features of the Earth. Areas of emphasis may include mineralogy, erosional processes, soils and groundwater, plate tectonics, oceanography, and environmental issues related to the Earth sciences.
GS 302L Earth Science Lab. 1 Semester Hour. ***Corequisite: GS 302.***

GS 320 Nutrition. 3 Semester Hours. (Also listed as GE 320.) (Lab fee.) (This course may be used to satisfy the Health requirement for B.S.Ed. Majors. It will not count as a physical science for B.S.Ed. Physical Education majors or Elementary Education majors.) ***Corequisite: GS 320L.*** This course considers contemporary nutrition from the viewpoint of practical application. Emphasis is on the relationship of nutrition to health, growth, development, and disease prevention.
GS 320L Nutrition Lab. 1 Semester Hour. ***Corequisite GS 320. Prerequisite: Basic computer skills in Microsoft Word and Excel.***

GS 321 Environmental Science. 3 Semester Hours. (Lab fee.)
Corequisite: GS 321L. Emphasis on biological, chemical, and physical aspects of environmental problems, integrating current legal, economic, social, and technical developments.
GS 321L Environmental Science Lab. 1 Semester Hour. ***Corequisite: GS 321.***

GS 330 Environmental Chemistry. 3 Semester Hours. (Also listed as CH 330). (Lab fee.)
Study of natural chemical processes of Earth and actual and possible effects of humans on natural chemical systems. Environmental problems such as air and water pollution, ozone depletion, and global warming discussed. Also may include introduction to some methods of environmental analysis and pertinent environmental regulations.

GS 456 Materials and Methods of Teaching General Science in Middle School/High School. 3 Semester Hours.
Prerequisite: SC 331, Issues and Management for Secondary Education and full standing as a student in the Teacher Education Program and senior standing at Athens State University. This course should be taken the semester prior to internship.
This course is intended to enhance the students' abilities to plan, implement, and evaluate instructional activities and to select and use appropriate materials and equipment in the fields of biology, chemistry, physics, and earch/space science. Students will actively participate in demonstration and modeling of strategies and technique. Emphasis will be placed on the integration of laboratory activities into the curriculum. This will include the use of technology, safety instructions, treatment of hazardous waste, teaching resources, student textbooks, and the Alabama Course of Study. Field experience required. Does not satisfy requirements for any natural science major, minor, or general studies.

Health Care Management (HCM) Courses

HCM 340 Introduction to Health Care Systems. 3 Semester Hours.
Prerequisite: MG 346 Principles of Management and Leadership. This course provides an overview of the organization and administration of health care delivery systems in the United States. It examines the history, roles, and interactions of the various providers, consumers and governments.

HCM 345 Management of Health Care Organizations. 3 Semester Hours.
Prerequisite: MG 346 Principles of Management and Leadership. This course is designed to prepare students for managing health care organizations, and the development of strategies for addressing the increasing pressure to contain costs and at the same time maintain quality health care. Topics covered will include an understanding of the daily tasks managers face and the knowledge and skills required; the management of health care teams; and the concepts of total quality management to continuously evaluate and improve health care delivery.

HCM 355 Survey of Issues in Health Care Management. 3 Semester Hours.

Prerequisite: MG 346 Principles of Management and Leadership Health Care organizations are under continual pressure to contain costs while maintaining high quality health care. This course is designed to help students learn about the many controversial issues facing the health care industry and to develop skills for analysis of issues facing health care organizations, including ambulatory, acute care, and long-term care facilities. Attention will be given to the often conflicting demands health care organizations face from the various stakeholders including state and federal agencies, managed care organizations, employers, health care professionals, and patients.

HCM 356 Legal & Ethical Issues in Health Care Management. 3 Semester Hours.

Prerequisite: HCM 340 Introduction to Health Care Systems. This course examines the basic concepts of legal aspects and philosophical approaches to ethical dilemmas in the health care setting. Topics to be discussed include health care laws and ethical choices and their impact to patients and health care professionals.

HCM 430 Principles of Long-Term Care. 3 Semester Hours

Prerequisite: MG 346 Principles of Management and Leadership. This course will examine basic and advanced concepts of long term care organizations and management of health care organizations. The course will enhance understanding of the current health care delivery systems, and will emphasize the challenges faced by administrators and organizations.

HCM 440 Ambulatory Care Management. 3 Semester Hours.

Prerequisite: MG 346 Principles of Management and Leadership. This course will examine issues related to management of ambulatory care organizations. Topics included will be organizational and financial management issues, patient care systems, managed care, human resource management principles, planning and marketing.

HCM 450 Managed Care. 3 Semester Hours.

Prerequisite: MG 346 Principles of Management and Leadership. This course examines the basic concepts and development of managed care in the United States. Topics to be discussed include managed care structure and products, the principles of third party payment and health insurance, risk management, cost and quality control, and the role of the healthcare administrator.

HCM 455 Health Care Management Internship. 3 Semester Hours.

Prerequisite: Senior standing plus completion of all other required HCM minor courses. Proof of health care insurance is required. A fee will be assessed for liability insurance. This internship course is required of all students in the health care management program. The course is designed to give students experience in a variety of health care settings. In addition, upon completion of the course, students will have gained effective tools to pursue employment in the health care management field.

Health and Physical Education (HPE) Courses

HPE 301 Theory of Coaching and Officiating. 3 Semester Hours. (Recommended for Physical Education majors only.)
A course designed to familiarize students with officiating techniques, coaching principles, basic coaching philosophies, effective methodology, motor skills, and strategic and theoretical elements leading to the development of championship teams. Field experience is required.

HPE 320 Nutrition. 3 Semester Hours. Recommended for Health or Physical Education Majors Only.
This course considers contemporary nutrition from the viewpoint of practical application. Emphasis is on the relationship of nutrition to health, growth, development, and disease prevention.

HPE 321Analysis and Teaching of Rhythms and Dance. 3 Semester Hours. (Recommended for Physical Education majors only.)
A course dealing with the analysis and movement involved in the performance of rhythmic and dance activities. Practical experiences in conditioning, skill improvement, and movement analysis are included. Field experience is required.

HPE 322 Analysis and Teaching of Individual Sports. 3 Semester Hours. (Recommended for Physical Education majors only.)
A course dealing with the analysis and teaching of movement patterns involved in the performance of badminton, golf, and tennis. Practical experience writing lesson plans, designing conditioning programs, officiating, and designing strategies used in competition.

HPE 323 Aquatics and Advanced Lifesaving. 3 Semester Hours. (Recommended for Physical Education majors, wellness majors, or students seeking an additional health endorsement.)
A course dealing with the analysis of movement involved in the performance of a variety of aquatics and lifesaving techniques. This course provides training in the procedures of administering first aid and CPR. American Red Cross Certification is awarded for the successful completion of this course.

HPE 324 Analysis and Teaching of Team Sports. 3 Semester Hours. (Recommended for Physical Education majors only.)
A course dealing with analysis and teaching of movement patterns involved in the performance of volleyball, basketball, and soccer. Practical experience in writing lesson plans, designing conditioning programs, officiating, and designing strategies used in competition. Field experience is required.

HPE 325 Kinesiology. 3 Semester Hours. (Recommended for Physical Education majors only or approval of instructor.)
Prerequisite: Anatomy and Physiology. Anatomical, mechanical, and functional aspects of human movement are studied with emphasis on analysis of joint actions, mechanical principles, and laws of motion as they apply to efficient movement.

HPE 326 History and Principles of Physical Education. 3 Semester Hours. (Recommended for Physical Education majors only.)
A course designed to provide the professional student an overview of the body of knowledge encompassing the discipline of physical education. Historical, psychological, biological, and sociological foundations of human movement are studied. Field experience is required.

HPE 327 Physiology of Exercise. 3 Semester Hours. (Recommended for Physical Education majors only or approval of instructor.)
Prerequisite: Anatomy and Physiology. A course designed to provide the student an opportunity to develop a better understanding of the effects of exercise on body systems, factors affecting performance, and the role of physical education in health-related fitness.

HPE 333 Care and Prevention of Athletic Injuries. 3 Semester Hours. (Lab fee.) (Recommended for Physical Education majors only or approval of instructor.)
A course designed to familiarize students with the most prevalent athletic injuries, their anatomical explanation and physiological complications, and treatment of such injuries. Field experience is required.

HPE 350 Adapted Physical Education and Sports. 3 Semester Hours. (Recommended for Physical Education majors only or approval of instructor.) A course designed to provide students with the information necessary to understand, evaluate, and develop programs of physical activities to meet the special needs, interests, and abilities of exceptional children and youth. Class will interact with exceptional students at field sites. Field Experience is required.

HPE 354 Contemporary Health and Physical Education Activities. 3 Semester Hours. (Also listed as PSHA 354.)
This course introduces the student to the basic concepts of optimal health and physical activity, with the primary emphasis being on healthy lifestyle. The course is designed around such topics as basic health and lifestyle concepts; including such things as accident prevention, stress management, and smoking cessation. In addition, nutrition topics and basic physical fitness concepts will be discussed and students will engage in a variety of physical activities. A variety of topics will be discussed including: the role of physiological and psychological health, stress factors, physical fitness, nutrition, weight control, products of dependence, infectious diseases, and lifestyle choices.

HPE 355 Health-Related Fitness and Nutrition. 3 Semester Hours.
A course dealing with the development of cardiovascular endurance, muscle strength, flexibility, nutrition, and appropriate body composition as these elements contribute to health-related fitness. The course also provides the student with the opportunity to participate in an exercise program which emphasizes cardiovascular endurance, muscular strength, and flexibility. (Meets Area V Health and Physical Education requirement for education majors with approval of instructor.) Field Experience is required.

HPE 356 Health Promotions. 3 Semester Hours.
This health promotion course aims to provide students with competencies to assess individual and community needs, plan and implement health education programs, and evaluate effectiveness of health education programs. This course concentrates on the most fundamental of all health education skills-- the ability to develop, plan fund/budget, implement, and evaluate programs.

HPE 400 Organization and Administration of Physical Education. 3 Semester Hours.
(Recommended for Physical Education majors only.)
A course designed to provide the professional student theoretical and practical information about specific aspects of the process of organizing and administering physical education and athletic programs. Field experience is required.

HPE 401 Measurement and Evaluation of Physical Education. 3 Semester Hours. (Also listed as PSHA 401.)
Prerequisite: For students seeking Health and Physical Education certification, this course requires admission to the Teacher Education Program.
This course is designed for the purpose of providing Health Education, Physical Education, Health and Wellness Management, and Public Safety and Health Administration majors with opportunities to increase their knowledge and understanding of techniques utilized to administer, score, and analyze the results of health science, health and safety administration, human performance, and physical education tests. A number of topics will be considered, including basic statistical concepts, techniques utilized in test administration, techniques utilized in data collection, and techniques utilized in data analysis. Field experience is required.

HPE 420 Teaching Health in the High School. 3 Semester Hours. (Recommended for students seeking an additional health endorsement.)
Prerequisite: Requires admission to the Teacher Education Program. Emphasis is placed on approved teaching techniques, theories of learning, characteristics and health risks of high school students, planning for instruction, instructional management, and selection of learning activities. Lesson planning and unit construction are an important part of this course. Field experience is required.

HPE 427 Principles of Exercise Prescription and Assessment. 3 Semester Hours. (Lab fee.) (Recommended for Wellness Majors only or approval of instructor.)
Prerequisites: Biology, Human Anatomy and Physiology, Physiology of Exercise. A course designed to provide the student with an opportunity to increase knowledge and practical experiences in exercise prescription and health fitness assessment. The course will emphasize strategies and procedures for the implementation of human performance concepts, including the design of health fitness and exercise programs for healthy individuals as well as for individuals with health complications.

HPE 430 Teaching Physical Education in the Elementary School. 3 Semester Hours. (Lab fee.) (Recommended for Physical Education majors only.)
Prerequisite: Three of the following analysis courses: HPE 321, 322, 323, 324 and admission to the Teacher Education Program. A course designed to study source materials, planning and organizing instruction, selection of suitable activities, and preparation of teaching units for physical education in the elementary school. Field experience is required.

HPE 431 Motor Development and Physical Activities. 3 Semester Hours.
Prerequisite: Child Psychology or equivalent. The influence of various tissues (i.e., muscle, bone, adipose), and coordinated neural function are central concerns of this course. Physical activities intended to enhance the physical and motor growth and development of young children are examined. The relationship of physical and motor growth and development to all other aspects of human development is studied.

HPE 440 Teaching Physical Education in the High School. 3 Semester Hours. (Lab fee.)
Prerequisite: Three of the following analysis courses: HPE 321, 322, 323, 324 and admission to the Teacher Education Program. Emphasis is placed on approved teaching techniques, theories of learning, characteristics of high school students, planning for instruction, instructional management, and selection of learning activities. Lesson planning and unit construction are an important part of this course. Field experience is required.

HPE 450 Introduction to Epidemiology. 3 Semester Hours. (Also listed as HS 450.) **Recommended for students seeking an additional health endorsement.**
Epidemiology is the study of the distribution of disease and other health events in a population. This course will discuss the general field of epidemiology, but will focus on behavioral epidemiology, specifically the field of physical activity epidemiology. Students in this course will learn how the methods of epidemiology are being used to scientifically confirm that physical inactivity is a burden on public health and what can be done about it. Field experience is required.

HPE 460 Directed Study/Research in Physical Education. 1-3 Semester Hours.
To be offered on occasion of student need and may be taken 1 to 3 times.

HPE 465 Senior Research Project. 4 Semester Hours.
Provides grant writing experience, opportunities to learn of advanced health certification and employment options, as well as practical data collection procedures. Field experience is required.

HPE 480 Wellness Internship in Physical Education. 9 Semester Hours. (Lab fee.)
To be offered as an internship. Students are supervised by college faculty at community sites for fourteen weeks.

HPE 484 Internship in Health Education. 5 Semester Hours. (Lab fee.)
Prerequisite: Senior standing and Admission to the Teacher Education Program. Seven week internship program for health education in grades 6-12.

HPE 488 Internship in Physical Education, P-12. 9 Semester Hours. (Lab fee.)
Prerequisite: Senior standing and admission to the Teacher Education Program. Fifteen-week internship program for physical education with seven weeks in an elementary school and seven weeks in a secondary school. This culminating experience of the Teacher Education Program provides practical experience in teaching classes in state-accredited schools under the guidance of a cooperating teacher and supervision of a college professor. Seminar attendance is required.

HPE 490 Internship in Health Education, 6-12. 9 Semester Hours. (Lab Fee).
Prerequisite: Senior standing, admission to the Teacher Education Program and satisfactory completion of all TEP courses. Fifteen-week internship program. This culminating experience of the Teacher Education Program provides practical experience in teaching classes in state-accredited schools under the guidance of a cooperating teacher and supervision of a college professor. Seminar attendance is required.

Health Science (HS) Courses

HS 320 Biomedical Ethics. 3 Semester Hours. (Also listed as PH 320.)
The course is designed to create a greater understanding of modern ethical issues in the biomedical field. Key topics will include: research on human and animal subjects, stem-cell research, genetic engineering, abortion, euthanasia, issues of justice, healthcare access, and confidentiality. The course begins with an overview of ethical theory and principle, and then explores the practical issues relating to biomedical ethics.

HS 400 Public Safety and Health Education. 3 Semester Hours. (Also listed as PSHA 400.)
This course surveys the development and current state of training and education for selected safety and health related professions and "paraprofessional" fields. The focus of the course will be on the development of professional education in allied health and safety fields, and students will be able to pursue research regarding education and training programs from particular safety and health disciplines and paraprofessional fields.

HS 447 Public Health Concepts and Systems. 3 Semester Hours. (Also listed as PSHA 447.)
This course is designed for the purpose of providing students with opportunities to increase their knowledge and understanding of the public health system and the critical issues facing today's public health agencies.

HS 450 Introduction to Epidemiology. 3 Semester Hours. (Also listed as HPE 450.) **Recommended for students seeking an additional health endorsement.**
Epidemiology is the study of the distribution of disease and other health events in a population. This course will discuss the general field of epidemiology, but will focus on behavioral epidemiology, specifically the field of physical activity epidemiology. Students in this course will learn how the methods of epidemiology are being used to scientifically confirm that physical inactivity is a burden on public health and what can be done about it. Field experience is required.

Humanities (HU) Courses

HU 311 Beginning French Conversation I. 3 Semester Hours.
Designed for students with no previous expertise in French, this course is intended to enable the student to recognize and speak French in a practical manner. Emphasis is given to language skills necessary for conducting business and successful mobility in French-speaking countries or communities.

HU 312 Beginning French Conversation II. 3 Semester Hours.
Prerequisite: HU 311 or equivalent. A continuation of Beginning French Conversation I, this course is intended to enhance the student's ability to recognize and speak French in a practical manner. Emphasis is given to language skills necessary for conducting business and successful mobility in French-speaking countries or communities.

HU 313 Beginning Spanish Conversation and Culture I. 3 Semester Hours.
Designed for students with no previous expertise in Spanish, this course is intended to enable the student to recognize and speak Spanish in a practical manner. Emphasis is given to language skills necessary for conducting business and successful mobility in Spanish-speaking countries or communities.

HU 314 Beginning Spanish Conversation and Culture II. 3 Semester Hours.
Prerequisite: HU 313 or equivalent. A continuation of Beginning Spanish Conversation I, this course is intended to enhance the student's ability to recognize and speak Spanish in a practical manner. Emphasis is given to language skills necessary for conducting business and successful mobility in Spanish-speaking countries or communities.

HU 315 Beginning Japanese Language and Culture I. 3 Semester Hours.
Designed for students with no previous expertise in Japanese. This course is intended to enable the student to recognize and speak basic Japanese and to gain an appreciation of Japanese culture. Emphasis is on language skills necessary for conducting business and for successful mobility in Japanese communities.

HU 316 Beginning Japanese Language and Culture II. 3 Semester Hours.
Prerequisite: HU 315 or equivalent. A continuation of Beginning Japanese Language and Culture I. This course is designed to enhance the student's ability to recognize and speak Japanese in a practical manner and to expand the student's knowledge and appreciation of Japanese culture. Emphasis is on the language skills necessary for conducting business and successful mobility in Japanese communities.

HU 321 Research Sources and Skills. 1 Semester Hour.
This course familiarizes the student with the online catalog, periodical databases, and basic reference sources in a variety of formats. The course focuses on efficient research strategies, evaluation of source material, and appropriate techniques for documenting sources. It is applicable to all subject areas and lifelong learning.

HU 330 Landmarks of Civilization. 3 Semester Hours. (Also listed as HY 330). (Occasional lab time is required.)
Classical World to present. A review of selected examples of man's creative achievements in drama, literature, philosophy, art, and music. This course is designed to demonstrate the integration of human knowledge. Stresses expository writing and critical thinking.

HU 341 Community Concert Band. 1 Semester Hour.
This course offers rehearsal and performance opportunities in a concert band composed of college students and community members. The band performs traditional symphonic band literature and rehearses once a week for one and one-half hours.

History (HY) Courses

HY 301 Social Science Research Methods. 3 Semester Hours. (Also listed as PO 301 and SS 301.) (Required of B.S.Ed. degree-seeking History and Social Science majors; may not be taken by B.A. degree-seeking history major.) Should be taken at the beginning of the junior year. A course designed to develop the techniques of social science research and to explore varying historical interpretations.

HY 302 Alabama History. 3 Semester Hours.
The history of Alabama and its southern heritage from early times to the present. Study of present day problems and an examination of the space age as it has effected Alabama's development are included.

HY 303 The South In United States History. 3 Semester Hours.

HY 306 20th Century America. 3 Semester Hours.
An examination of the political, social, cultural, and economic developments in 20th-century America. Emphasis is placed on the Progressive Movement, role of the United States in world affairs, the Interwar period, and developments after World War II, particularly the Vietnam Era and its aftermath.

HY 307 American Constitutional Law. 3 Semester Hours. (Also listed as PO 307 and JS 307.)
This course examines the text of the nation's primary law and key decisions of the U.S. Court interpreting certain phrases. Organization and operation of the Court are also covered. This course focuses on separation of powers, federalism, interstate commerce, taxation, the contract clause and the takings clause. This course provides a foundation in American constitutionalism for students who plan to attend law school or teach social studies in the secondary schools.

HY 308 America and the World. 3 Semester Hours. (Also listed as PO 308.)
Examines America's foreign relations with the main geographical regions of the world, including issues that affect human survival, such as energy crisis, disarmament, foreign aid, and economic cooperation.

HY 309 American Civil War and Reconstruction. 3 Semester Hours.
Causes, events, and results of the Civil War. Also political, economic, and social aspects of reconstruction.

HY 310 A History of American Religion. 3 Semester Hours.
The role of religion in America's development is the focus of this course. Each period from European settlement to the triumph of the people over their land at the end of the 19th century and through the tribulations of the two World Wars is examined. Theology is explored only when it directly explains particular historical events.

HY 312 Early Modern Europe, 1610-1789. 3 Semester Hours.
This course is a survey of European history during the seventeenth and eighteenth centuries including the Scientific Revolution, the establishment of the great empires of trade, the Enlightenment, and the rise of Russia.

HY 313 Revolutionary Europe. 3 Semester Hours.
A study of the background and the events of the French Revolution and the Napoleonic Period (1789-1815). Emphasizes the revolutionary wellsprings of the contemporary Western world.

HY 314 19th Century Europe. 3 Semester Hours.
A study of the social, political, and industrial forces which shaped modern Europe between 1815 and 1914. Particular attention is given to the development of large state and business bureaucracies, the spread of industry and steam transportation, European imperialism, the rise of totalitarian ideologies, and the increase in popular participation in political and social events.

HY 315 20th Century Europe. 3 Semester Hours.
The major themes of the course are the rise and demise of totalitarian dictatorships, the continued spread of democracy, the appearance of the welfare state, and the general improvement of the European standard of living since 1918.

HY 321 England and Britain to 1688. 3 Semester Hours.
This course covers British history from the Roman occupation to the Glorious Revolution with emphasis on the development of the English people and state.

HY 322 England and Britain. 3 Semester Hours.
A survey of English and British history from 1688 to the present. Encompasses political, constitutional, socioeconomic, cultural, intellectual, and imperial movements.

HY 323 Tudor and Stuart Britain, 1485-1714. 3 Semester Hours.
This course is a survey of the political, religious, social and economic history of England and the British Isles during the sixteenth and seventeenth centuries.

HY 324 Nazi Germany. 3 Semester Hours.
The course is designed to provide students with a comprehensive, sophisticated account and analysis of the Nazi period in German history. It will explore issues related to the content and implications of Nazi ideology, the role of Hitler, the complicity of elites such as the Junkers, the military the churches and big business. The course will examine the origins both of the Nazi movement and of the conditions in Germany that led to the movement's rise to power. It will provide a detailed analysis of the consequences of the implementation of Hitler's policies in the forms of genocide, military conquest, and defeat.

HY 325 America's Vietnam War. 3 Semester Hours.
This course explores America's experience in Vietnam from the 1940s to the 1970s in depth. This course grapples with this strange and terrible war as it attempts to answer questions such as, why did the United States make such a vast commitment to a part of the world with such little importance to its own national interests, what was the United States trying to accomplish in Vietnam, and why did the United States fail to fulfill its intentions in Vietnam.

HY 330 Landmarks of Civilization. 3 Semester Hours. (Also listed as HU 330.) (Occasional lab time is required.)
Classical World to present. A review of selected examples of man's creative achievements in drama, literature, philosophy, art, and music. This course is designed to demonstrate the integration of human knowledge. Stresses expository writing and critical thinking.

HY 332 History of American Business. 3 Semester Hours. (Also listed as GBA 332.)
This course familiarizes the student with the major developments in the history of American business since colonial times. Particular emphasis is given to the evolution the firm and the role of entrepreneurs.

HY 334 Middle East. 3 Semester Hours.
A survey of the historical and cultural characteristics of those countries from Mauritania and Morocco to Afghanistan. Emphasis is placed on the historical development and Arabization of the region, current socio-economic problems, the strategic significance of the area, and its relations to the rest of the world.

HY 335 Past Imperfect: A Study of World War II Film and History. 3 Semester Hours.
This course is designed to introduce the student to the topic of film and history. Attention will focus on World War II with a selection of representative prewar, wartime, and postwar films.

HY 336 A History of Criminal Justice. 3 Semester Hours. (Also listed as JS 336.)
The subject of this course is the historical development of American criminal justice philosophy, institutions, and practices in the political, cultural, and social context of the Western world and the United States from ancient Hebraic Law to the present. Emphasis is on the contribution and effect of the Enlightenment, Puritanism, American Revolution and Constitution, and Frontier experience on the origins and evolution of the American administration of justice.

HY 340 South America, Africa, and Asia. 3 Semester Hours. (Also listed as GO 340.)
This course stresses the major events in the historical development of South America, Africa, and Asia. In addition to ancient empires and culture, considerable attention is given to colonization, independence, historical figures, and current events in each region.

HY 342 Modern Russia. 3 Semester Hours. (Formerly titled Russia and Eastern Europe.) (Does not satisfy European history requirement for a B.A. in history.)
Examines the history, geography, and current political systems in the Russia.

HY 350 Warfare in the Western World. 3 Semester Hours.
This course covers the history of military operations in the West from the 17th century to the present with concentration on selected campaigns in major wars, political and military leadership and the waging of war, and the formulation of war aims and strategy.

HY 351 Columbus and the Age of Discovery, 1400-1600. 3 Semester Hours.
This course is a survey of European contacts with and explorations of Africa, the Americas, and Asia during the fifteenth and sixteenth centuries.

HY 401 American History Seminar. 3 Semester Hours.
The seminar will survey recent literature covering American history and allow the student to pursue a particular topic indepth.

HY 402 European History Seminar. 3 Semester Hours.
The seminar will survey recent literature covering modern European economic and political history. Its emphasis will be on major research projects by the students.

HY 414 Modern Africa. 3 Semester Hours.
An exploration of sub-Sahara Africa from the beginnings of European Colonization. Emphasis is focused on the effects of World War II on the region including the rise of black nationalism, the region's special mineral offerings and their influence on global developments, the Cold War, and Independence movements particularly in Zimbabwe, Zaire, and South Africa.

HY 441 Special Topics in History. 1 Semester Hour.
Prerequisite: Consent of the instructor. To be offered in accordance with student demand or need.

HY 442 Special Topics in History. 2 Semester Hours.
Prerequisite: Consent of the instructor. To be offered in accordance with student demand or need.

HY 443 Special Topics in History. 3 Semester Hours.
Prerequisite: Consent of the instructor. To be offered in accordance with student demand or need.

HY 450 Materials and Methods of Teaching History in Middle School/High School. 3 Semester Hours. (Also listed as SS 450.)
Prerequisite: SC 331, Issues and Management for Secondary Education and full standing as a student in the Teacher Education Program and senior standing at Athens State University. This course should be taken the semester prior to internship.
This course is intended to enhance the students' abilities to plan, implement, and evaluate instructional activities in teaching history and to select and use appropriate materials and equipment. Knowledge of history curriculum and middle and high school student characteristics will be increased. Students will actively participate in demonstration and modeling of strategies and techniques. The role of research will be emphasized. Does not satisfy requirements for any history major, minor, or general studies. Five days (35 hours) of field experience are required.

HY 451 Senior History Seminar. 3 Semester Hours.
This capstone course which must be taken during students' senior year, will provide students with an introduction to the main currents of historical scholarship in the modern era. We will examine various approaches to the past, the ways historical interpretations have changed, and how those changes are related to contemporary concerns. Upon successful completion of this course, students will understand how to formulate a thesis, gather and assess historical evidence, structure a research paper, and orally present the findings of their research. Like all history classes at Athens State University, this one increases students' awareness of our cultural heritage and helps them develop the research abilities for graduate work.

Information Systems Management (ISM) Courses

ISM 400 Information Systems Management. 3 semester hours.
An introduction to the language, concepts, strucures and processes involved in the management of information systems including fundamentals of computer-based technology and the use of business-based software for support of managerial decisions.

ISM 402 Decision Systems Management. 3 semester hours.
Prerequisite: ISM 400. The objective of this course is to introduce the concepts of management support systems and technologies, including decision support systems (DSS), group decision support systems (GDSS), executive information systems (EIS) and expert systems (ES). The emphasis will be on understanding the decision making process while focusing on methods and techniques for developing and implementing systems which allow for easy access to data to support decision making processes.

ISM 403 Data Communications Management. 3 semester hours. (Also listed as CS 403.)
This course provides the student with an understanding of the concepts and methods associated with telecommunications and distributed information systems. Students learn the fundamentals of data communications, including network architectures, communication protocols, transmission standards and media access control methods.

ISM 404 Managing Information Resources. 3 semester hours.
Prerequisite: ISM 402. Note: This class is designed to be taken at the end of the student's program of study.
A survey of managerial and technical issues facing IS professionals. Class discussions focus on understanding how different organizations respond to the challenges of distributed processing, business process reengineering, managing the data utility, maintaining legacy systems and other current trends. Analytical and communication skills are emphasized along with management issues.

ISM 405 Interface Design Management. 3 semester hours.
This course introduces students to theories of human-computer interaction as well as the principles and practice of user interface design, evaluation, and integration. Topics covered include command, menu, and direct manipulation interfaces. Using a visual design tool such as Visual Basic, students develop an actual user interface. Emphasis placed on management aspects of GUI design.

ISM 407 Global Information Management. 3 semester hours.
The role of information technology in global business organizations and the challenges in building information systems to enable global operations from a management perspective.

ISM 408 E-Commerce Systems Management. 3 semester hours.
Prerequisite: ISM 400. This course explores the many opportunities and challenges organizations must address in order to effectively and securely market their products and services via the internet. Web page design and construction are studied and implemented using HTML. Management issues emphasized.

ISM 451 Systems Design Management. 3 semester hours. (Lab fee.) ***(Also listed as CS 451.)***
The course will familiarize the student with the entire software life cycle, spanning from the time of conception of the actual requirements, through the analysis, design, and development of the software. The course will study various methodologies of software engineering; i.e., the analysis and comparison of methods which use sound engineering principles to develop software that is reliable, cost-effective, and easily maintainable. The course will emphasize the concept of a software development team where students work on real-world software development projects to solve software problems for users.

Instrumentation (IT) Courses

IT 306 Interfacing Techniques. 4 Semester Hours. (Lab fee.)
Prerequisite: Microprocessor fundamentals. This course is designed to have students become familiar with interfacing input and output devices to microprocessor and computer interfacing systems. Students should already have some knowledge of microprocessor operation and fundamentals. Students will be involved in individual and team assignments in design, construction, and implementation of interfacing systems.

IT 316 Applied Digital Design. 4 Semester Hours. (Lab fee.)
Prerequisite: Introductory digital electronics. During the course, the tools of digital design will be developed, and then these tools will be used to investigate problems in digital design with computers and large-scale solutions to digital problems. The course will also cover the use of devices, such as programmable logic devices (PLD's), in digital problems and design.

IT 320 Math Methods for Instrumentation. 4 Semester Hours. (Lab fee.)
Prerequisite: Calculus II. Designed to introduce student to advanced mathematical methods necessary for understanding complex instrumentation systems. Includes introductions to complex numbers, Laplace transforms, Fourier analysis, and elementary statistical analysis.

IT 400 Advanced Analog Instrumentation. 4 Semester Hours. (Lab fee.)
Prerequisite: IT 320 and PY 302. This course is designed to familiarize the student with theories and methods used in analyzing and understanding complex electronic systems. Students are expected to be already familiar with basic circuit analysis, basic physics, and the elements of calculus. During the course, the fundamentals of circuit analysis will be reviewed, and then more advanced topics and methods of analysis will be introduced.

IT 401 Applied Data Communications. 4 Semester Hours. (Lab fee.)
Prerequisite: Introductory electronics courses. This course is designed to familiarize the student with the basic systems and concepts used in electronic communication systems. The mathematical techniques used in the course include algebra, geometry and trigonometry, and may introduce and employ some basic concepts of calculus.

IT 420 Electro-optics. 4 Semester Hours. (Lab fee.)
Prerequisite: IT 320 and PY 303. This course investigates electro-optical techniques and systems. This will include discussions of: electromagnetic waves, the optical spectrum, the modern theory of light, interaction of light with matter (geometrical and physical optics), optical sources (including LEDs and lasers), optical detectors, and electro-optic systems, such as fiber-optic systems and optical data storage. Course content will be based on the text and on lecture notes taken from a variety of sources.

IT 425 Introduction To Robotics. 4 Semester Hours. (Lab fee.)
Prerequisite: IT 320 and PY 302. This course is designed to familiarize the student with the basic systems and concepts used in robotic control. A major component of the course will require students to develop and implement group projects using the various robotic systems.

IT 440 Process Control Instrumentation. 4 Semester Hours. (Lab fee.)
Prerequisite: Senior standing and consent of instructor. This course is designed to familiarize the student with the basic systems and concepts used in process control. Topics will include signal conditioning, sensors, and controllers.

IT 441 Computer Instrumentation. 4 Semester Hours. (Lab fee.)
Prerequisite: IT 440. This course is designed to familiarize the student with the basic concepts used in computer control and instrumentation. A major component of the course will require students to develop and implement group projects using the LabVIEW data acquisition system.

IT 461 Directed Study/Special Instrumentation Project. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

IT 462 Directed Study/Special Instrumentation Project. 2 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

IT 463 Directed Study/Special Instrumentation Project. 3 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

IT 464 Directed Study/Special Instrumentation Project. 4 Semester Hours.
Prerequisite: Consent of academic unit coordinator and/or instructor. To be offered on occasion of student demand or need.

Justice Studies (JS) Courses

JS 301 Criminal Justice Process. 3 Semester Hours.
An overview of the major steps in the processing of a criminal case in the United States, including pretrial, trial, and post-conviction phases.

JS 302 Criminal Law. 3 Semester Hours. (Also listed as PO 302.)
Definitions of crimes to include the specific elements of various criminal offenses. Defenses to criminal conduct also are discussed.

JS 307 American Constitutional Law. 3 Semester Hours. (Also listed as HY 307and PO 307.)
This course examines the text of the nation's primary law and key decisions of the U.S. Supreme Court interpreting certain phrases. Organization and operation of the Court are also covered. This course focuses on separation of powers, federalism, interstate commerce, taxation, the contract clause and the takings clause. This course provides a foundation in American constitutionalism for students who plan to attend law school or teach social studies in the secondary schools.

JS 326 International and Domestic Terrorism. 3 Semester Hours. (Also listed as PO 326.)
This course examines the threat of international and domestic terrorism. There is an emphasis on the people and groups involved in international terrorism; the goals and ideology of the terrorists; major terrorist events; the global war on terrorism; homeland security; and strategies for containing and defeating the terrorist threat.

JS 336 A History of Criminal Justice. 3 Semester Hours. (Also listed as HY 336.)
The subject of this course is the historical development of American criminal justice philosophy, institutions, and practices in the political, cultural, and social context of the Western world and the United States from ancient Hebraic law to the present. Emphasis is on the contribution and effect of the Enlightenment, Puritanism, American Revolution and Constitution, and frontier experience on the origins and evolution of the American administration of justice.

JS 350 Introduction to the American Legal System. 3 Semester Hours. (Also listed as SO 350, PSHA 350, and PO 350.)
This course is a review of basic legal doctrines and processes in the U.S. system of jurisprudence. Students are introduced to a wide variety of topics in civil and criminal justice. Topics include the theory and nature of law as a device for social control, torts, contracts, and ownership of property. The course is structured to provide prelaw majors with limited exposure to the many social conflicts managed by law and courts, and to provide education majors with an overview of law-related topics necessary for civics instruction.

JS 364 Civil Liberties. 3 Semester Hours. (Also listed as PO 364.)
Analysis of leading cases and doctrines which balance governmental/societal interests with individual rights across a broad spectrum of social relationships. Explores the constitutional foundations for freedom of expression, due process, and equal protection under the law.

JS 400 Law Enforcement In America. 3 Semester Hours.
An in-depth examination of American policing. Includes history, structure, functions, processes, and administrative issues of contemporary law enforcement agencies/systems.

JS 401 Adult Corrections. 3 Semester Hours. (Also listed as SO 401.)
Prerequisite: Introduction to Sociology. Socioeconomic facets of crime and principles and practices of delinquency, probation, and parole. Interaction (environmental and attitudinal) of persons from sentencing to return to society will be stressed.

JS 446 Public Safety Concepts and Systems. 3 Semester Hours. (Also listed as PSHA 446.)
This course examines the organizational structure and historical development of government, quasi-governmental, and non-governmental systems and agencies concerned with the delivery of public safety services. Also, this course presents current issues that impact public safety agencies.

JS 452 Advanced Criminology. 3 Semester Hours. (Also listed as SO 452.)
Prerequisite: Introduction to Sociology. Analysis of social causal process and theories by which individuals become criminals and evaluation of the effectiveness of the criminal justice system in returning helpful, contributing citizens back to society. Historical and contemporary orientation.

JS 453 Juvenile Delinquency. 3 Semester Hours. (Also listed as SO 453.)
Prerequisite: Introduction to Sociology. The course applies a sociological approach to analyzing juvenile delinquency. While recognizing a variety of the causes (physiological, psychological, and social) of juvenile delinquency, this approach focuses on the impact of societal conditions on juvenile delinquency. The course combines a theoretical and an empirical emphasis.

JS 455 Public Administration Ethics. 3 Semester Hours. (Also listed as PO 455 and PSHA 455).
Examines ethical issues encountered by administrators of government agencies. More specifically, this course explores the application of codes of ethics, theories of ethical decision-making, and ethical principles affecting public administration.

JS 460 Directed Studies in Justice Studies. 1 Semester Hour. Consent of instructor required.

JS 462 Directed Studies in Justice Studies. 2 Semester Hours. Consent of instructor required.

JS 463 Directed Studies in Justice Studies. 3 Semester Hours. Consent of instructor required.

JS 464 Internship in Justice Studies. 3 Semester Hours. Consent of instructor required.
This course provides an opportunity for students to gain experience in a Justice Studies career field under the guidance of a faculty and agency supervisor.

JS 465 Senior Research Project. 4 Semester Hours.
This course provides a capstone experienee for senior Justice Studies majors. It is available only to Justice Studies majors and must be taken during their last term in the degree program. The course consists of four elements: (1) an observation experience at an office or agency engaged in the application of theories and conccpts in a subfield of Justice Studies; (2) an issue papcr on a contemporary issue facing eriminal justice leaders at the national, state, or local levels and presentation of this researeh to selected full-time faeulty at Athens State University; (3) a supervised review of selectcd professional literature, and (4) a sufficient score on an externally validated exit exam. Students should consult with their academic advisor **prior** to registration for this course.

Mathematics (MA) Courses

MA 301 Pre-Calculus Algebra. 3 Semester Hours. (Lab fee.)
Prerequisite: Two years of high school algebra; geometry recommended.
For students preparing to take Calculus sequence. Topics covered include real number system, simplification of algebraic expressions, functions and graphs, rational and polynomial functions, exponcntial and logarithmic functions, conic sections, binomial theorem, finite induction, arithmetic and gcometrie progressions, and business and behavioral seienee applied word problems.

MA 302 Pre-Calculus Trigonometry. 3 Semester Hours. (Lab fee.)
Prerequisite: MA 301 or equivalent. For students preparing to take Calculus sequence. Includes set notation, concept of functions, extended study of geometric and trigonometric functions, analytic trigonometric functions, radian measure, computation and numerical application.

MA 303 Calculus I. 4 Semester Hours. (Lab fee.)
Prerequisite: MA 301 and MA 302 or equivalents.
Introduction to limits plus techniques and applications of differential and integral calculus.

MA 304 Calculus II. 4 Semester Hours. (Lab fee.)
Prerequisite: MA 303 or equivalent.
Continuation of MA 303 and integral calculus covering advanccd techniques, applications of integration and L'Hopital's Rule.

MA 305 Calculus III. 4 Semester Hours. (Lab fee.)
Prerequisite: MA 304.
Continuation of MA 304 covering sequences and series, conics, parametric and polar equations, vectors, and multivariable differential and integral calculus.

MA 308 Discrete Mathematics. 3 Semester Hours. (Lab fee.)
Prerequisite: MA 301 or equivalent. Introduces topies in mathematieal models, mathematical reasoning, sets, relations and functions, Boolean algebra, special data structures, and special algebras. Application of these topics teaches nature and purpose of mathematical models, algebra of logic, sets and groups, and relationships between mathematics and Computer Science.

MA 309 Business Calculus. 3 Semester Hours. (Cannot be used to satisfy requirement for upper-level mathematics elective.) (Lab fee.)
Prerequisite: Precalculus Algebra. Covers basic business applications using calculus, including functions, graphs and limits as encountered in professional business environments. Some solutions require use of computer.

MA 310 Matrices and Linear Algebra. 3 Semester Hours.
Prerequisite: MA 304. Matriccs, systems of equations, determinants, vcctor spaces, and applications.

MA 311 Advanced Mathematics for Teachers. 3 Semester Hours. (Lab fee.) (Cannot be uscd to satisfy requirement for upper-level mathematics elective.) ***Prerequisite: At least one college-level mathematics course.*** Develops greater mathematical skills and insight. Introduces student to topics in numeration systems, elementary numbcr theory, problem solving, introduetion to probability theory, statistics, and geometry.

MA 314 College Geometry. 3 Semester Hours. (Cannot be used to satisfy requiremcnt for upper-level mathematics elective.)
Prerequisite: MA 304. Foundations of Euclidean geometry to include geometric eonstruction and properties of regular polygons and circles. Based on logieal statements and formal proofs.

MA 316 Vector Analysis. 3 Semester Hours.
Prerequisite: MA 305. Vector algebra, vector operations, vector functions, scalar and vector fields, divergence, curl, Laplacian, line and surface intcgrals, orthogonal eurvilincar coordinatcs, divcrgcnce thcorem, Stoke's and Grecn's theorems.

MA 320 Modern Algebra. 3 Semester Hours.
Prerequisite: MA 308 and 310 or permission of instructor. Axiom approach, group fundamental properties, introduction to rings, fields and ideals. Emphasis on proofs.

MA 330 Advaneed Mathematieal Software. 3 Semester Hours. (Cannot be used to satisfy requiremcnt for upper-level mathcmatics elective.) ***Prerequisite: MA 303, 304, 305 or equivalent calculus sequence, and knowledge of computer programming.*** This class teaches the usc of mathematical software (MAPLE). Emphasis is placed both on solving problems from the calculus and appropriatcly prescnting thc rcsults. Tcchniqucs will bc taught which will ultimately increasc productivity in the workplace and provide insight for research.

MA 331 Applied Statistics and Probability. 3 Semester Hours.
Prerequisite: MA 301 Precalculus Algebra or MA 302 Precalculus Trigonometry. This is a non-calculus based introduction to basic probability used for statistical inference, including discrete functions like the Binomial, and continuous functions like the normal; proper simple data collection methods; calculating and the use of descriptive statistics; basic statistical inference including confidence intervals, hypothesis testing, one-way ANOVA (analysis of variance), and Pearson's Chi-Squared tests for contingency tables and categorical data.

MA 401 Complex Analysis. 3 Semester Hours.
Prerequisite: MA 305. Covers complex numbers, analytic functions and integrals, conformal mapping, sequences and series, and integration by the method of residues.

MA 421 Differential Equations. 3 Semester Hours. (Lab fee.)
Prerequisite: MA 305 or equivalent. Theory and techniques of solution for ordinary differential equations with applied examples from different scientific disciplines. Introduction to Laplace transforms.

MA 423 Numerical Analysis. 3 Semester Hours. (Computer programming required.) (Lab fee.)
Prerequisite: MA 305, 310. Introduction to numerical methods for interpolation, evaluating roots of polynomials, systems of equations, integration, differentiation, differential equations, and approximation and error analyses.

MA 428 Partial Differential Equations. 3 Semester Hours.
Prerequisite: MA 421. Fourier series, classical PDE's (heat, wave and Laplace's equations), and numerical methods.

MA 431 Introduction to Probability. 3 Semester Hours.
Prerequisite: MA 304 Calculus II. This is a calculus based introduction to probability that studies the development and analysis of probability models through the basic concepts of sample spaces, random variables, probability distributions (including distributions for discrete functions like the Binomial, Hypergeometric, and Poisson, etc., and distributions for continuous functions like the Normal, Exponential, Gamma, Chi-Squared, t-distribution, and F-distribution, etc.). The course will also cover expected values of random variables, conditional probabilities, moment generating functions, and the Central Limit Theorem.

MA 432 Introduction to Statistics. 3 Semester Hours.
Prerequisite: MA 431 Introduction to Probability. This is a calculus based introduction to statistics that studies the development and analysis of point and interval estimation of population parameters, testing hypotheses about population means, population variances, and population proportions, from one to several means/variances/proportions, including Pearson's Chi-Squared for categorical data and Analysis of Variance (ANOVA). This course also covers simple Linear Regression and analysis of the regression.

MA 441 Special Topics in Mathematics. 3 Semester Hours.
Prerequisite: MA 304. Considers topics in abstract algebra, theory of equations, and various mathematical applications.

MA 445 Mathematical Modeling and Simulation. 3 Semester Hours.
Prerequisite: MA 310, 421 or equivalent. Covers techniques in vector rotation of three-space coordinates, Perron's eigenvalue theorem, date fitting by the normalization processes for multivariable function approximation, Bezier representation of polynomials for "real-time", computer graphic application, and other topics.

MA 450 Advanced Calculus I. 3 Semester Hours.
Prerequisite: MA 305, 310. Vector operations and spaces, linear transformations, functions of several variables, limits, continuity, total differential, Jacobian, general chain rule, implicit functions, higher order derivatives, change of variables in integrals.

MA 451 Advanced Calculus II. 3 Semester Hours.
Prerequisite: MA 450. A continuation of MA 450 with various applications of multivariate calculus.

MA 452 Real Analysis. 3 Semester Hours.
Prerequisite: MA 310, 320, 421. Covers logic and the foundation for differential and integral calculus of a function of one variable.

MA 454 Materials and Methods of Teaching Mathematics in Middle School/High School. 3 Semester Hours.
Prerequisite: MA 314, College Geometry and SC 331, Issues and Management for Secondary Education and full standing as a student in the Teacher Education Program and senior standing at Athens State University. This course should be taken the semester prior to internship.
This course presents fundamental principles and techniques for the teaching and learning of secondary mathematics and is designed to prepare prospective secondary mathematics teachers to identify, cultivate, and display essential knowledge, skills, and attitudes necessary for the successful planning, teaching, and evaluating of middle and high school mathematics. The course also includes a study of selected topics in mathematics. Opportunities will be provided for the student to demonstrate techniques and methods of teaching various components of the secondary mathematics curriculum. Five days (35 hours) of field experience are required. Does not satisfy requirements for mathematics major, minor, or general studies.

MA 461 Directed Study/Research in Mathematics. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

MA 462 Directed Study/Research in Mathematics. 2 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

MA 463 Directed Study/Research in Mathematics. 3 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

MA 470 Senior Mathematics Seminar. 3 Semester Hours.
Prerequisite: MA 320, 421. Review of mathematical ideas in calculus, linear algebra, differential equations, abstract algebra, and other selected topics.

Management (MG) Courses

MG 302 Management Information Systems. 3 Semester Hours. (Lab fee.)
Prerequisite: Windows applications course (CIS 146). An examination of the role of information systems in organizations and how they relate to the objectives and structure of an organization. Emphasis is given to providing a broad overview of the information system management function.

MG 303 Management Decision Support Systems. 3 Semester Hours. (Also listed as AC 303.) (Lab fee.)
Prerequisite: Windows applications course (CIS 146). An analysis of the nature of the decision making process and an examination of support systems. Instruction will emphasize an advanced application of spreadsheet and database management software.

MG 305 Industrial Processes. 3 Semester Hours.
This course presents a solid overview of today's industrial/business world. Topics of discussion and review include: print reading, geometric dimensioning and tolerancing; process control and quality management, safety in the manufacturing environment, metallurgy and materials; machining and fabrication; welding principles and theory; adhesive bonding and procedures; manufacturing, electronic, and aerospace assembly; and chemical processes and control.

MG 320 Organizational Communication. 3 Semester Hours. (Also listed as ATC 320) (Lab fee.)
The purpose of this course is to enhance the student's ability to communicate effectively and efficiently in the workplace. Assignments, exercises, and projects emphasize locating and evaluating relevant information, and communicating through writing, listening, reading, and speaking. Research, group collaboration, and intercultural communication skills are stressed in assignments and demonstrated in projects.

MG 346 Principles of Management and Leadership. 3 Semester Hours.
An introductory course that explores both the underlying theory and the practical application of management practices and organizational development. In addition to the basic management functions, the course deals with ethical questions, international competition, leadership, and other issues stemming from management's relationship with its increasingly complex legal, social, and competitive environment.

MG 349 Human Resources Management. 3 Semester Hours. (Also listed as PSHA 349)
A study of the technical functions of HRM. Emphasis is on their application to programs that foster employee commitment to objectives in a competitive, global economy.

MG 350 Financial Management. 3 Semester Hours. (Lab fee.)
Prerequisite: Principles of Accounting, Principles of Economics, and Algebra. A study of the art of money capital management on the level of the firm in an enterprise economy. Topics covered include analysis of financial statements, investment decision making, and calculation of the firm's cost of capital.

MG 351 Labor/Management Relations. 3 Semester Hours.
An examination of managerial issues affecting development of industrial and labor relations policy. Topics examined include impact of public policy, negotiation, administration of collective bargaining agreements, the NLRB, and arbitration cases.

MG 352 International Business. 3 Semester Hours.
An analysis of the cultural, economic, ethical, legal, and social environment of the global market.

MG 353 Project Management. 3 Semester Hours. (Lab fee.)
An examination of the use of critical path method (CPM)and Program Evaluation Review Technique (PERT) on project planning and control.

MG 375 Organizational Behavior and Teambuilding. 3 Semester Hours. (Lab fee.)
This course is designed to enhance class members' understanding of the causes and consequences of the behavior of people within the context of organizations, with emphasis on teamwork. To accomplish the learning goals for the course, varying instructional methodologies will be employed including lecture, and assigned readings from the text, journal articles, and the web. A significant amount of class time will be spent in experiential exercises.

MG 377 Public Administration. 3 Semester Hours. (Also listed as PO 377 and PSHA 377.)
An examination of the major issues and concepts associated with management of governmental agencies.

MG 390 Production/Operations Management. 3 Semester Hours.
Prerequisite: MG 346. Production and Operations Management examines manufacturing and services industries and the multitude of activities needed to produce or process goods and services in the private and public sectors. It also examines the problems of facilities layout, plant location, statistical quality control, process control, and various models utilized in these areas.

MG 401 Process, Product and Facilities Design. 3 Semester Hours.
A course emphasizing the integration of all aspects of manufacturing activities and material handling systems. A systematic approach is used to design a manufacturing facility to produce a complete product. Particular attention is given to efficiency and productivity in layout, work-flows, and product handling systems.

MG 402 Manufacturing Issues. 3 Semester Hours.
A study of issues in manufacturing, including tooling systems for the integrated manufacturing environment, with an emphasis on design, geometric dimensioning and tolerances, fast change-over techniques, and acceptance of quality levels. The course will emphasize product reliability, sampling planning, loss functions, and the design of experiments to improve manufacturing.

MG 403 Industrial Economy. 3 Semester Hours.
An examination of the operation of modern industrial economic systems in the United States, Western Europe, Japan, and Third World countries. Topics examined will include price determination, aggregate demand and supply theory, public policy options and the philosophical foundation of free market and command system economies. Time value of money, equivalence, and replacement analyses will also be addressed.

MG 404 Introduction to Quality Control. 3 Semester Hours.
An introductory course covering the basic concepts of quality control systems in manufacturing settings. The course covers the use of statistical process control methods and equipment on a variety of products and processes. Basic statistical methods as applied to quality control problems, sampling plans, product/process reliability, and the use of control charts for variables and attributes data are included.

MG 406 Introduction to Lean Manufacturing. 3 Semester Hours.
An introductory course covering the origins and basic concepts underlying the principles of lean manufacturing. The causes of waste in a company's operation, as well as the basic tools used to eliminate manufacturing waste, will be addressed.

MG 408 ISO Certification Issues. 3 Semester Hours.
This course covers the fundamental concepts of ISO 9000 issues, problems, and outcomes. The course covers the history of ISO 9000, quality concepts relating to ISO certification, and the organization and activities necessary to achieve this certification. The course will also cover the management and organizational commitment necessary to successfully reach this plateau of performance.

MG 410 Employment Law for Business. 3 Semester Hours.
Prerequisite: Legal Environment (BUS 263). An applied study of significant legal issues in labor and employment law including labor-management relations, wage and hour laws, safety and health laws, retirement, welfare and privacy laws that prepare future managers, supervisors, and business owners for responsibilities in management-employee relations.

MG 412 Cultural Diversity and Communication Issues in International Businesss. 3 Semester Hours.
Prerequisite: None. However, it is recommended that MG 352 and EC 320 be completed before taking MG 412. This is the capstone course for the international business minor. It focuses on two broad areas: case studies in political, legal, economic, and cultural areas and the in-depth study of multicultural diversity. Areas to be covered include religion, family, time, gender, race, ethnicity, aesthetics, power distance, individual vs. collective, masculine vs. feminine and uncertainty avoidance.

MG 415 Technical Risk Management. 3 Semester Hours. (Lab fee.)
Prerequisite: Statistics (BUS 271). This course examines the use of the scientific method and statistical analysis to minimize the risk exposure in management decision making, particularly when bringing high-technology products to the market place within allotted time and financial specifications.

MG 416 Entrepreneurship. 3 Semester Hours.
Prerequisite: Accounting I, CIS 146, MG 346, and MK 331. In this course, students bring their knowledge of management, marketing, accounting, and microcomputer applications to bear on the problems of planning and operating a small business. Student teams research, prepare, and present complete business plans including proforma financial statements for startup ventures. Market research, site selection, pricing, promotion, and financial analysis for the small firm are among the topics stressed.

MG 417 Management of Change. 3 Semester Hours.
This course examines the various approaches to organizational change, the resistance and driving forces for change, and the implementation and control of change in organizations.

MG 418 Management of Technology. 3 Semester Hours. (Lab fee.)
A case study approach to the integration of technical knowledge with management science.

MG 419 Technology Transfer and Commercialization. 3 Semester Hours.
Technology Transfer and Commercialization offers an overview of how government-sponsored technology and expertise can be transferred into commercial and private sectors to maintain business competitiveness. Specific case studies are employed to illustrate the effectiveness and importance of technology transfer to global commerce.

MG 420 Business Policy. 3 Semester Hours.
(Student should schedule this course during one of the last two semesters of their degree program.)
Prerequisite: Senior standing, MG 346, MG 350, MK 331. A capstone course which examines the interrelations of the various business functions from the viewpoint of middle management's decision process. There is heavy emphasis on both oral and written case study analysis. NOTE: Students must earn a minimum grade of "C" in this course in order to graduate with a major in accounting, management, human resources management, or the management of technology.

MG 441 Special Topics in Management. 3 Semester Hours.
To be offered on occasion of student demand or need.

MG 449 Advanced Human Resource Management. 3 Semester Hours. (Also listed as PSHA 449.)
Prerequisite: MG 349. This course will examine the functions of Human Resource Management by investigating both the theoretical advance of HRM, and the practical application of these functions as they apply to the manager's responsibility in the global marketplace.

MG 460 Directed Study/Research in Management. 3 Semester Hours.
This course is designed to allow students an opportunity to perform research/directed studies in management. It is offered at the discretion of the professor with approval of the College Dean.

MG 461 Internship in Management. 1 Semester Hour.
Prerequisite: MG 320 or GBA 300; compliance with College of Business Internship Policies and Procedures. This internship in the field of management is designed to provide the student with practical work experience leading to a potential career-field in business. At least 50 hours of work-based experience is required.

MG 462 Internship in Management. 2 Semester Hours.
Prerequisite: MG 320 or GBA 300; compliance with College of Business Internship Policies and Procedures. This internship in the field of management is designed to provide the student with practical work experience leading to a potential career-field in business. At least 100 hours of work-based experience is required.

MG 463 Internship in Management. 3 Semester Hours.
Prerequisite: MG 320 or GBA 300; compliance with College of Business Internship Policies and Procedures. This internship in the field of management is designed to provide the student with practical work experience leading to a potential career-field in business. At least 150 hours of work-based experience is required.

MG 470 Introduction to Aviation Management. 3 Semester Hours.
Prerequisite: Department approval. Orientation to aviation management and its career opportunities. The history of significant events and accomplishments in the evolution of aviation and the related attempts to move through air and space.

MG 471 Aviation Law. 3 Semester Hours.
Prerequisite: GBA 311 and MG 470 or equivalent. The legal structure of aviation including federal, local, and state statutes, contracts, insurance and liability, regulatory statutes and specific case law.

MG 472 Aviation Safety and Security Management. 3 Semester Hours.
Prerequisite: MG 470 or equivalent. Problems and issues of aviation safety and security including aircraft accidents, their cause, effect and the development of safety and security programs and procedures.

MG 473 Management of Air Traffic Control Fundamentals. 3 Semester Hours.
Prerequisite: MG 470 or equivalent. Air traffic control procedures, facilities, center, and operations. Theory of radar operation and air traffic separation using computer-based ATC radar simulators. Special fee.

MG 474 General Aviation Management. 3 Semester Hours.
Prerequisite: MG 346 and MG 471. An overview of general aviation and its impact and interaction with the total aviation industry including a study of the various users, the suppliers and service organizations, the aircraft and facilities, maintenance management, and regulatory framework.

MG 475 Aviation Weather Management. 3 Semester Hours.
Prerequisite: MG 470 or equivalent. Weather as it applies to the operation of aircraft with emphasis on observation of weather elements and interpretation of flight planning weather information; DUATS, WSI services.

MG 476 Federal Aviation Regulations Management. 3 Semester Hours.
Prerequisite: MG 471. Study and review of Federal Aviation Regulations CFR 14 Parts 43, 91, 121, and 135 as they pertain to management of airports, charter services, certificated air carriers, and general operating and flight rules.

MG 477 Airport Management. 3 Semester Hours.
Prerequisite: MG 474 and MK 331. Practices in management of a civil public airport, including organization, functions, operations, sources of revenue, funding, facility maintenance, and administration.

MG 478 Aviation Management Internship. 3 Semester Hours.
Prerequisite: Department approval and Senior Standing. Practical on-the-job training under supervision with aviation agencies. Written reports are required by designated faculty supervisors.

MG 479 Aviation Maintenance Management. 3 Semester Hours.
Prerequisites: MG 470 and MG 474 or equivalent. A study of the basic functions, operations, and importance of aviation maintenance in a comprehensive management context. Covers maintenance fundamentals, technical support, maintenance and material supports, oversight functions, human factors in maintenance, and the art of trouble shooting. Students will have a liaison with an aviation maintenance facility to observe management operations.

MG 491 Practicum in the Management of Technology I. 3 Semester Hours.
Prerequisites: MG 415, 417, and 418. Supervised experience with, observation of, and participation in the application of management of technology concepts and practices in an organizational setting.

MG 492 Practicum in the Management of Technology II. 3 Semester Hours.
Prerequisite: MG 491. This is an individually designed, directed experience in management of technology concepts and practices in a selected organizational setting. The use of problem solving, risk analysis, and decision-making skills and competencies must be demonstrated in a project completed by the student that involves assisting the selected organization in achieving an operational objective identified by the cooperating organization.

Marketing (MK) Courses

MK 331 Marketing Principles. 3 Semester Hours.
Prerequisite: Principles of Economics. This course is a study of the forces operating, institutions employed, and methods followed in the flow of goods and services from production to consumption.

MK 332 Introduction to e-Commerce. 3 Semester Hours.
Prerequisite: Marketing Principles. Introduction to e-commerce provides an overview of issues of marketing products and services via the Internet. The course explores the difference between e-business and e-commerce and the role each will play in an organization's success and growth. The course is designed to enhance the understanding of the Internet as a marketing tool and the impact on today's marketing managers.

MK 333 Advertising. 3 Semester Hours.
Prerequisite: Marketing Principles. This course is a study of the principles of advertising, types of advertising media, and analyzing problems of advertising encountered in business.

MK 334 Internet Marketing. 3 Semester Hours.
Prerequisite: Marketing Principles. This course explores the perspective of using the Internet to market an organization's services or products. It addresses the fundamentals of doing business on the Internet, identifying Internet users, and the legal, ethical, privacy, and security issues associated with the Internet. The course also addresses the role that the Internet plays in shaping the marketing mix: product, price, place, and promotion. The course design provides for the study of the content, design, and construction of a marketing site and how to develop a web marketing plan.

MK 336 Consumer Behavior. 3 Semester Hours.
Prerequisite: Marketing Principles. This course is a study of the buying habits and motives involved in the purchase of economic goods and services. Emphasis is on the decision processes that precede and determine consumer behavior.

MK 431 Marketing Research. 3 Semester Hours.
Prerequisites: Marketing Principles, Statistics (BUS 271). This course is a study of research methods and procedures as they apply to marketing operations. This course includes the information sources available to marketing researchers and the design and analysis of research projects concerned with obtaining primary information.

MK 432 Retailing. 3 Semester Hours.
Prerequisite: Marketing Principles. The course covers principles and methods of store location and layout, promotion, buying, pricing, personnel management, credit, and stock control.

MK 433 Marketing Strategies and Policies. 3 Semester Hours.
Prerequisite: Marketing Principles. The course examines various policies and problems requiring decisions by marketing managers. Particular emphasis will be given to advertising and promotional strategies.

MK 434 e-Commerce Strategy. 3 Semester Hours.
Prerequisite: Marketing Principles. This course is an exploration of the areas of business in which marketing of products and services is being dynamically transformed by the online environment. The course takes an in-depth look at the key trends and critical success factors that impact e-commerce strategy and looks at resources that will help companies build and strengthen their e-commerce strategies. Future e-commerce trends and key issues are also addressed.

MK 435 e-Commerce Practicum. 3 Semester Hours.
Prerequisite: Senior standing plus completion of all other e-commerce minor classes. Student is expected to be competent in basic business computer skills. Students must be motivated to stay abreast of the changing nature of the Internet. This course is designed to integrate both technical and business concepts relative to e-commerce marketing. The student will be required to apply knowledge of these concepts using research analysis and also to implement e-commerce plans and strategies. This capstone course is designed to enhance the student's ability to integrate knowledge and concepts learned in both business and technology classes within the e-commerce minor and showcase them in the development of a small business plan and its implementation on the web.

MK 461 Internship in Marketing. 1 Semester Hour.
Prerequisite: MG 320 or GBA 300; compliance with College of Business Internship Policies and Procedures. This internship in the field of marketing is designed to provide the student with practical work experience leading to a potential career-field in business. At least 50 hours of work-based experience is required.

MK 462 Internship in Marketing. 2 Semester Hours.
Prerequisite: MG 320 or GBA 300; compliance with College of Business Internship Policies and Procedures. This internship in the field of marketing is designed to provide the student with practical work experience leading to a potential career-field in business. At least 100 hours of work-based experience is required.

MK 463 Internship in Marketing. 3 Semester Hours.
Prerequisite: MG 320 or GBA 300; compliance with College of Business Internship Policies and Procedures. This internship in the field of marketing is designed to provide the student with practical work experience leading to a potential career-field in business. At least 150 hours of work-based experience is required.

Philosophy (PH) Courses

PH 300 Moral Values in Today's Society. 3 Semester Hours. (Also listed as SO 300.)
This course examines the moral values of various societies as well as those of individual moral philosophers past and present to see how they legitimate their views of what constitutes a good and desirable life.

PH 312 Logic. 3 Semester Hours.
A course intended to help the student develop skill in detecting, identifying, and analyzing fallacious reasoning and implication in the mass media, literature, advertising, theater, philosophy, and religion.

PH 320 Biomedical Ethics. 3 Semester Hours. (Also listed as HS 320.)
The course is designed to create a greater understanding of modern ethical issues in the biomedical field. Key topics will include: research on human and animal subjects, stem-cell research, genetic engineering, abortion, euthanasia, issues of justice, healthcare access, and confidentiality. The course begins with an overview of ethical theory and principle, and then explores the practical issues relating to biomedical ethics.

PH 321 History of Philosophy I. 3 Semester Hours.
A critical survey of the thought of major western philosophers from Thales to Descartes.

PH 322 History of Philosophy II. 3 Semester Hours.
A critical survey of the thought of western philosophers from Descartes to the present time.

PH 325 Philosophy of Religion. 3 Semester Hours. (Also listed as RE 325.)
A philosophical study of the grounds of religious belief and practice, the relationship of man to God and its implications for morality, and the belief in life after death. Special attention is given to the impact of science upon religion.

PH 401 Elements of Skeptical, Critical, and Logical Thinking. 3 Semester Hours. (Also listed as PS 401.)
Prerequisite: General Psychology. A course that encourages thinking skills and is divided into three domains. Skeptical thinking will be entertained first, followed by critical thinking or informal logic, with formal logic being addressed last. Skeptical thinking will be taught using "Occam's razor," and informal logic will be studied by analyzing cognitive biases and cognitive fallacies. Formal logic will be learned through the use of categorical sentences, truth functions, and inductive and deductive reasoning.

PH 441 Special Topics in Philosophy. 1 Semester Hour. To be offered on occasion of student demand or need.

PH 442 Special Topics in Philosophy. 2 Semester Hours. To be offered on occasion of student demand or need.

PH 443 Special Topics in Philosophy. 3 Semester Hours. To be offered on occasion of student demand or need.

PH 461 Directed Study/Research in Philosophy. 1 Semester Hour. (Open only to superior students who have had at least fifteen hours of philosophy in the classroom.) (May be repeated for up to ten additional hours of credit.)
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need. The student studies in an area of his or her particular interest approved by the instructor.

PH 462 Directed Study/Research in Philosophy. 2 Semester Hours. (May be repeated for up to ten additional hours of credit.) (Open only to superior students who have had at least fifteen hours of philosophy in the classroom.)
Prerequisite: Consent of instructor. The student studies in an area of his or her particular interest approved by the instructor.

PH 463 Directed Study/Research in Philosophy. 2 Semester Hours. (Open only to superior students who have had at least fifteen hours of philosophy in the classroom.)
Prerequisite: Consent of instructor The student studies in an area of his or her particular interest approved by the instructor.

PO 301 Social Science Research Methods. 3 Semester Hours. (Also listed as SS 301 and HY 301.) This course is designed to develop the techniques of social science research and to explore varying historical interpretations.

PO 302 Criminal Law. 3 Semester Hours. (Also listed as JS 302.)
Definitions of crimes to include the specific elements of various criminal offenses. Defenses to criminal conduct also are discussed.

PO 303 Comparative State and Local Government. 3 Semester Hours.
A comparative examination of the structures, operation, and contemporary issues focusing on state and local government throughout the United States.

PO 304 Problems of American Government. 3 Semester Hours.
This course examines numerous institutional dynamics and policy questions facing American national government.

PO 305 Alabama Government. 3 Semester Hours.
An examination of the structure and operation of state and local governments and the political process in Alabama.

PO 306 Elections and Public Opinions. 3 Semester Hours.
This course examines the role and effects of elections and public opinion on American political institutions.

PO 307 American Constitutional Law. 3 Semester Hours. (Also listed as HY 307 and JS 307.)
This course examines the text of the nation's primary law and key decisions of the U.S. Supreme Court interpreting certain phrases. Organization and operation of the Court are also covered. This course focuses on separation of powers, federalism, interstate commerce, taxation, the contract clause and the takings clause. This course provides a foundation in American constitutionalism for students who plan to attend law school or teach social studies in the secondary schools.

PO 308 America and the World. 3 Semester Hours. (Also listed as HY 308.)
This course examines America's foreign relations with the main geographical regions of the world since 1775 as well as American policy toward disarmament, foreign aid, economic cooperation, and regional conflicts The institutions involved in the making of foreign policy also are discussed.

PO 320 Introduction to International Commerce. 3 Semester Hours. (Also listed as EC 320.)
This course examines the international economic system and the management challenges faced by multinational corporations in the conduct of international business. Special attention is given to the mechanics of importing and exporting, international finance, and private international law.

PO 326 International and Domestic Terrorism. 3 Semester Hours. (Also listed as JS 326.)
This course examines the threat of international and domestic terrorism. There is an emphasis on the people and groups involved in international terrorism; the goals and ideology of the terrorists; major terrorist events; the global war on terrorism; homeland security; and strategies for containing and defeating the terrorist threat.

PO 341 Statistics With Advanced Topics in Behavioral Science. 3 Semester Hours. (Also listed as PS 341 and SO 341.)
Prerequisite: Psychology, sociology, or political science major or minor or permission, Pre-Calculus Algebra or Finite Mathematics. This course looks at the use of descriptive and inferential statistics to analyze behavioral science data. Advanced inferential topics help prepare students for graduate school.

PO 342 Methods of Behavioral Science Research. 3 Semester Hours. (Also listed as PS 342 and SO 342.) (It is strongly recommended that students take PS/SO/PO 341 Statistics with Advanced Topics in Behavioral Science prior to taking PS/SO/PO 342.) (Lab fee.)
Prerequisite: Psychology, sociology, political science major or minor or permission. This course is concerned with theory design and collection of data in behavioral science research with emphasis on the techniques of collecting, analyzing, and interpreting behavioral science data.

PO 350 Introduction to the American Legal System. 3 Semester Hours. (Also listed as JS 350, PSHA 350, and SO 350.)
This course is a review of basic legal doctrines and processes in American system of jurisprudence. Students are introduced to a wide variety of topics in civil and criminal justice. Topics include the theory and nature of law as a device for social control, torts, contracts, and ownership of property. The course is structured to provide prelaw majors with exposure to the many social conflicts managed by law and courts and to provide education majors with an overview of law-related topics necessary for civics instruction.

PO 351 American Public Policy/Political Sociology. 3 Semester Hours. (Also listed as SO 351.)
This course explores factors that impact government's responses to a wide variety of social conditions. The process for making policy, the content of current policy, and the impact of policy receive attention.

PO 355 Health Policy in the U.S. 3 Semester Hours.
Course evaluates health as a social issue and reviews major medical service programs of U.S. government, such as Medicare and Medicaid. Much of the course focuses on the political and economic aspects of current and proposed health care policies. There is no prerequisite.

PO 364 Civil Liberties. 3 Semester Hours. (Also listed as JS 364.)
Analysis of leading cases and doctrines which balance governmental/societal interests with individual rights across a broad spectrum of social relationships. Explores the constitutional foundations for freedoms of expression, due process rights, and equal protection under law.

PO 377 Public Administration. 3 Semester Hours. (Also listed as MG 377 and PSHA 377.)
An examination of the major issues and concepts associated with the management of governmental agencies.

PO 380 Public Finance. 3 Semester Hours. (Also listed as PSHA 380.)
This course provides students with information about government finance and budgeting. The political, administrative, and economic implications of decisions about government revenue sources, expenditures, and indebtedness are assessed.

PO 441 Special Topics in Political Science. 1 Semester Hour. To be offered on occasion of student demand or need.

PO 442 Special Topics in Political Science. 2 Semester Hours. To be offered on occasion of student demand or need.

PO 443 Special Topics in Political Science. 3 Semester Hours. To be offered on occasion of student demand or need.

PO 452 Comparative Political Systems. 3 Semester Hours.
Examines the theory of comparative government as well as government and politics in Western Europe, Asia, Africa, and Latin America.

PO 453 International Relations. 3 Semester Hours.
A survey of the basic characteristics and theories of the international system. Special emphasis is placed on international conflicts, economics development of regional and international organizations, international law, international economics, strategic studies, international cooperation, and comparative government.

PO 455 Public Administration Ethics. 3 Semester Hours. (Also listed as JS 455 and PSHA 455.)
Examines ethical issues encountered by administrators of government agencies. More specifically, this course explores the application of codes of ethics, theories of ethical decision-making, and ethical principles affecting public administration.

PO 461 Directed Study/Research in Political Science. 1 Semester Hour. (To be offered on occasion of student demand or need.)
Prerequisite: Consent of instructor. Designed to meet the specific needs of Political Science majors.

PO 462 Directed Study/Research in Political Science. 2 Semester Hours. (To be offered on occasion of student demand or need.)
Prerequisite: Consent of instructor. Designed to meet the specific needs of Political Science majors.

PO 463 Directed Study/Research in Political Science. 3 Semester Hours. (To be offered on occasion of student demand or need.)
Prerequisite: Consent of instructor. Designed to meet the specific needs of Political Science majors.

PO 465 Senior Research Project. 4 Semester Hours.
In this capstone course, the student will work closely with the professor in designing and completing a major research project in an area of political science that is relevant to the student's career objectives. The student will present the research findings to a group of faculty, The instructor may require an observation experience. The student will also take an exit exam covering the major sub-fields of political science at the end of this course.

PO 470 Internship in Political Science. 1-4 Semester Hour(s).
This course is designed to let political science majors serve as interns with judges, lawyers, and public administrators in North Alabama.

Psychology (PS) Courses

PS 301 Introduction to Gender and Multicultural Studies. 3 Semester Hours.
An introduction to the concepts, terminology, and issues in gender and multicultural studies including exploration of America's multicultural composition, gender as an element of culture, and contemporary issues in the field.

PS 304 Drugs and Behavior. 3 Semester Hours.
Prerequisite: General Psychology. A survey of the psychosocial factors related to drug abuse and addiction. Special emphasis will be focused upon estimation of drug epidemiology, consequences of drug usage, and treatment of drug addiction.

PS 310 The Professional Psychologist. 1 Semester Hour.
Prerequisite: General Psychology. Examines the career options available to psychology majors. Topics include what to do with a bachelor's degree in psychology and issues related to graduate schools.

PS 330 Educational Psychology. 3 Semester Hours.
Prerequisite: General Psychology. Application of psychological concepts and principles to classroom teaching and learning especially in the areas of motivation, individual differences, adjustment, and teacher-student interaction.

PS 331 Social Psychology. 3 Semester Hours.
Prerequisite: General Psychology. This course presents an indepth survey of theory, research findings, and research methods pertaining to how the individual's thoughts, feelings, and behaviors are influenced by the real or imagined presence of others. Understanding and critical analysis of primary research is emphasized with the goal of developing critical thinking skills. Topics include the self, person perception, attitudes and attitude change, interpersonal attraction and intimate relationships, stereotyping, prejudice and discrimination, and prosocial behavior.

PS 332 Child Psychology. 3 Semester Hours.
Prerequisite: General Psychology. Indepth survey of theory, research findings, and methods of obtaining knowledge regarding biological, cognitive, and psychosocial aspects of development from conception to puberty. Topics include prenatal development, motor and perceptual capacities in infancy, cognitive development, the self and self-understanding, and the family. Critical analyses of scientific research designs and methods will be emphasized.

PS 334 Adolescent Psychology. 3 Semester Hours.
Prerequisite: General Psychology. Indepth survey of theory, research findings, and methods of obtaining knowledge regarding biological, cognitive, and psychosocial aspects of adolescent development. Topics include physical change, cognitive development, development of identity, social development within the family and among peers, emotional development and moral attitudes. Critical analyses of scientific research designs and methods will be emphasized.

PS 335 Adult Psychology. 3 Semester Hours. (Also listed as GE 335.)

Prerequisite: General Psychology. This is an advanced psychology course that surveys the major topics in cognitive psychology. Special emphasis will be focused on attention, memory, language usage, problem solving, and decision making. It is strongly recommended that the student have completed Statistics With Advanced Topics in Behavioral Science and either Experimental Psychology or Methods of Behavioral Science Research.

PS 425 Tests & Measurements. 3 Semester Hours. (Lab fee.)
Prerequisite: General Psychology. A survey of commonly used educational and psychological tests. Special emphasis will be focused upon test construction, standardization, reliability, validity, and the development of classroom (curriculum based) tests.

PS 441 Special Topics in Psychology. 1 Semester Hour.
Prerequisite: General Psychology. To be offered on occasion of student demand or need.

PS 442 Special Topics in Psychology. 2 Semester Hours.
Prerequisite: General Psychology. To be offered on occasion of student demand or need.

PS 443 Special Topics in Psychology. 3 Semester Hours.
Prerequisite: General Psychology. To be offered on occasion of student demand or need.

PS 444 Special Topics in Psychology. 4 Semester Hours.
Prerequisite: General Psychology. To be offered on occasion of student demand or need.

PS 461 Directed Studies in Psychology. 1 Semester Hour. (To be offered on occasion of student demand or need.)
Prerequisite: General Psychology and consent of instructor. The student studies in an area of his/her particular interest approved by the instructor.

PS 462 Directed Studies in Psychology. 2 Semester Hours. (To be offered on occasion of student demand or need.)
Prerequisite: General Psychology and consent of instructor. The student studies in an area of his/her particular interest approved by the instructor.

PS 463 Directed Studies in Psychology. 3 Semester Hours. (To be offered on occasion of student demand or need.)
Prerequisite: General Psychology and consent of instructor. The student studies in an area of his/her particular interest approved by the instructor.

PS 497 Practicum in Psychology/Sociology/Gerontology. 3 Semester Hours. (Also listed as SO/GE 497.)
Prerequisite: Senior standing and consent of instructor. This course provides the student an opportunity to experience the theoretical concepts and knowledge obtained in the classroom. The practicum entails approximately eight hours per week of supervised field experiences in appropriate community agencies, institutions, industrial or research settings, and bi-weekly in-class seminars.

PS 498 Practicum in Psychology/Sociology. 3 Semester Hours. (Also listed as SO 498.)
Prerequisite: Senior standing and consent of instructor. This course provides the student an opportunity to experience the theoretical concepts and knowledge obtained in the classroom. The practicum entails approximately eight hours per week of supervised field experiences in appropriate community agencies, institutions, industrial or research settings, and bi-weekly in-class seminars.

PS 499 Thinking, Writing, and Speaking in the Behavioral Sciences. 3 Semester Hours. (Also listed as SO 499.)
A course that all students majoring in the Behavioral Science department must take during their last semester prior to graduation. It will emphasize thinking, writing, and speaking effectively. Therefore, areas in which students are deficient will be emphasized individually, through writing and speaking engagements during the course. Students will be taught critical thinking skills and will be intermittently assessed for such skills through objective examinations. Also, students will be assessed upon completion of the course for improvement in critical areas.

Public Safety and Health Administration (PSHA) Courses

PSHA349 Human Resources Management. 3 Semester Hours. (Also listed as MG 349.)
A study of the technical functions of Human Resources Management. Emphasis is on application to organizations that deliver public safety services. Topics include the traditional Human Resources Management functional field areas of labor law, personnel administration, labor economics and organizational behavior/theory.

PSHA350 Introduction to the American Legal System. 3 Semester Hours. (Also listed as JS 350, PO 350, and SO 350.)
This course is a review of basic legal doctrines and processes in the United States system of jurisprudence. Students are introduced to a wide variety of topics in both civil and criminal justice. Topics include the theory and nature of law as a device for social control, torts, contracts, and ownership of property. The course is structured to prelaw majors with limited exposure to the many social conflicts managed by law and courts, and to provide education majors with an overview of law-related topics necessary for civics instruction.

PSHA354 Contemporary Health and Physical Education Activities. 3 Semester Hours. (Also listed as HPE 354.)
This course introduces the student to the basic concepts of optimal health and physical activity, with the primary emphasis being on healthy lifestyle. The course is designed around such topics as basic health and lifestyle concepts; including such things as accident prevention, strett management, and smoking cessation. In addition, nutrition topics and basic physical fitness concepts will be discussed and students will engage in a variety of physical activities. A variety of topics will be discussed including: the role of physiological and psychological health, stress factors, physical fitness, nutrition, weight control, products of dependence, infectious diseases, and lifestyle choices.

PSHA 360 Safety Management for Outdoor Recreation. 3 Semester Hours.
This course focuses on development and management of outdoor recreational safety programs and services provided by public agencies. This course examines and encompasses the following topics: the range and extent of outdoor recreation opportunities and services provided by public agencies and on public lands; the current and projected use of public recreational opportunities; accident causation factors; survey of outdoor recreation safety and security programs; and, development of programs for specific outdoor safety problems. This course is intended primarily for those contemplating or currently employed in those professions of public safety, leisure services management, or outdoor recreation. Emphasis will be on planning safety programs for outdoor leisure pursuits and protection of the natural environment for recreational uses.

PSHA 375 Organizational Behavior. 3 Semester Hours. (Also listed as PS 375.) (Sometimes taught on a pass/fail basis.)
A consideration of human behavior in organizational settings with emphasis on individual processes, group processes, and organizational structure and functions.

PSHA 377 Public Administration. 3 Semester Hours. (Also listed as MG 377 and PO 377.)
An examination of the major issues and concepts associated with management of governmental agencies.

PSHA 380 Public Finance. 3 Semester Hours. (Also listed as PO 380.)
This course provides students with information about government finance and budgeting. The political, administrative, and economic implications of decisions about government revenue sources, expenditures, and indebtedness are assessed.

PSHA 390 Fire Service Administration. 3 Semester Hours. (PSHA majors only.)
An examination of numerous topics that are of vital importance to the administration of the modern fire service agency. PSHA majors only or permission of PSHA faculty member.

PSHA 400 Public Safety and Health Education. 3 Semester Hours. (Also listed as HS 400.)
This course surveys the development and current state of training and education for selected safety and health related professions and "paraprofessional" fields. The focus of the course will be on the development of professional education in allied health and safety fields, and students will be able to pursue research regarding education and training programs from particular safety and health disciplines and paraprofessional fields.

PSHA 401 Measurement and Evaluation. 3 Semester Hours. (Also listed as HPE 401.)
This course is designed for the purpose of providing Health Education, Physical Education, Health and Wellness Management, and Public Safety techniques utilized to administer, score, and analyze the results of health science, health and safety administration, human performance, and physical education tests. A number of topics will be considered, including basic statistical concepts, techniques utilized in test administration, techniques utilized in data collection, and techniques utilized in data analysis. Field experience is required.

PSHA 425 Strategic Management Concepts for Public Safety Management. 3 Semester Hours.
An examination of the interrelationships among the various functions of public safety agencies, and a critical inquiry into the process of planning, implementing, and controlling the organizational strategy of Public Safety agencies. Also included is a consideration of the strategies needed to reinvent government.

PSHA 441 Special Topics in Public Safety and Health Administration 1 Semester Hour.
To be offered on occasion of student demand or need.

PSHA 442 Special Topics in Public Safety and Health Administration.. 2 Semester Hours.
To be offered on occasion of student demand or need.

PSHA 443 Special Topics in Public Safety and Health Administration. 3 Semester Hours.
To be offered on occasion of student demand or need.

PSHA 444 Special Topics in Public Safety and Health Administration. 4 Semester Hours.
To be offered on occasion of student demand or need.

PSHA 446 Public Safety Concepts and Systems. 3 Semester Hours. (Also listed as JS 446.)
This course examines the organizational structure and historical development of governmental, quasi-governmental, and non-governmental systems and agencies concerned with the delivery of public safety services. Also, this course presents current issues that impact public safety agencies.

PSHA 447 Public Health Concepts and Systems. 3 Semester Hours. (Also listed as HS 447.)
This course is designed for the purpose of providing students with opportunities to increase their knowledge and understanding of the public health system and the critical issues facing today's public health agencies.

PSHA 448 Managing the Public Safety and Health Emergency. 3 Semester Hours.
This course is an examination of topics that are vital to managerial and policy level administrators of public organizations that respond to public safety and health emergencies, or those who aspire to such positions as a career goal. The course will consider the problems within a wide range of areas relative to the delivery of public safety and health emergency response, and propose solutions to those problems, using group and individual case studies, current literature study, and traditional tests. The course is open only to majors in PSHA, JS, Health and Wellness, or Health Science, or by permission of a PSHA faculty member.

PSHA 449 Advanced Human Resource Management. 3 Semester Hours. (Also listed as MG 449.)
Prerequisite: PSHA 349. This course will examine the functions of Human Resource Management by investigating both the theoretical advance of HRM, and the practical application of these functions as they apply to the manager's responsibility in the global marketplace.

PSHA 455 Public Administration Ethics. 3 Semester Hours. (Also listed as JS 455 and PO 455.)
Examines ethical issues encountered by administrators of government agencies. More specifically, this course explores the application of codes of ethics, theories of ethical decision-making, and ethical principles affecting public administration.

PSHA 459 Public Safety or Healthcare Supervisor. 3 Semester Hours.

PSHA 460 Public Safety or Healthcare Manager/Administrator. 3 Semester Hours.

PSHA 461 Paramedic/Public Safety or Healthcare Instructor. 3 Semester Hours.

PSHA 462 Haz-Mat Technician. 3 Semester Hours.

PSHA 463 Haz-Mat Specialist. 3 Semester Hours.

PSHA 465 Senior Research Project. 4 Semester Hours.
Prerequisite: Public Safety and Health Administration major and consent of instructor. Provides supervised administrative experiences in appropriate public safety agencies. This course includes routine seminars with discussion and evaluation of experiences in the field.

Physics (PY) Courses

PY 300 Physics for Non-majors. 4 Semester Hours. (Lab fee.)
Prerequisite: Precalculus algebra. Comprehensive introduction to concepts and methods of physics, including discussion of mechanics, thermal physics, electricity and magnetism, and optics. Some basic problem solving is required.

PY 301 Calculus Physics I. 3 Semester Hours. (Lab fee.)
Corequisite: PY301L. Prerequisite: Calculus I. Calculus-based introduction to principles of mechanics, energy, waves, and fluids.

PY301L Calculus Physics I Lab. 1 Semester Hour. ***Corequisite: PY 301.***

PY 302 Calculus Physics II. 3 Semester Hours. (Lab fee.)
Corequisite: PY302L. Prerequisite: PY301. Continuation of PY 301. Calculus-based introduction to principles of heat, electricity, magnetism, and optics.

PY302L Calculus Physics II Lab. 1 Semester Hour. ***Corequisite: PY 302. Prerequisite: PY 301L.***

PY 303 Calculus Physics III (Modern Physics). 3 Semester Hours. (Lab fee.)
Corequisite: PY 303L. Prerequisite: General Physics (Calculus-Based) I, II. Calculus-based introduction to topics in modern physics, including quantum physics and atomic and nuclear structure.

PY303L Calculus Physics III (Modern Physics) Lab. 1 Semester Hour. ***Corequisite: PY 303.***

PY 306 Thermal Physics. 3 Semester Hours.
Prerequisite: PY 302, Calculus III. Study of thermal energy, equations of state, entropy, and the laws of classical and statistical thermodynamics.

PY 309 Mechanics I. 3 Semester Hours.
Prerequisite: PY 302, MA 421. Study of the laws and principles of classical mechanics including particle motion, central forces, and motion of rigid bodies. Solution of many problems required.

PY 310 Mechanics II. 3 Semester Hours.
Prerequisite: PY 309. Study of laws and principles of classical mechanics including particle motion, central forces, and motion of rigid bodies. Solution of many problems required.

PY 312 Electricity and Magnetism I. 3 Semester Hours.
Prerequisite: PY 302, MA 421. Theory of electromagnetic fields and waves as developed from basic experimental laws. Emphasis placed on techniques of problem solving.

PY 344 Principles Of Optics. 4 Semester Hours. (Lab fee.)
Prerequisite: PY 303, MA 421. Study of optical phenomena including wave motion, reflection, refraction, image formation, and dispersion.

PY 345 Physical Optics. 4 Semester Hours. (Lab fee.)
Prerequisite: PY 344. Selected topics in classical and modern physical optics. Covers polarization, interference, Fresnel and Fraunhofer diffraction, Fourier methods, coherence, stimulated emission, lasers, and holography.

PY 412 Electricity and Magnetism II. 3 Semester Hours.
Prerequisite: PY 312. Theory of electromagnetic fields and waves as developed from basic experimental laws. Emphasis is placed on techniques of problems solving.

PY 415 Intermediate Quantum Physics I. 3 Semester Hours.
Prerequisite: PY 303, MA 421, MA 428 recommended. Advanced introduction to quantum mechanics, the Schroedinger wave equation, the one-electron atom, spin, and complex atoms.

PY 416 Intermediate Quantum Physics II. 3 Semester Hours. (Continuation of PY 415.)
Prerequisite: PY 415. Advanced introduction to molecules, statistical physics, solids, and nuclear physics.

PY 435 Senior Laboratory. 3 Semester Hours. (Lab fee.)
Prerequisite: PY 303, 309, and 312. Selected experiments from modern physics, electricity and magnetism, optics, and thermodynamics.

PY 456 Materials and Methods of Teaching Physics in Middle School/High School. 3 Semester Hours.
Prerequisite: SC 331, Issues and Management for Secondary Education and full standing as a student in the Teacher Education Program and senior standing at Athens State University. This course should be taken the semester prior to internship.
This course is intended to enhance the students' abilities to plan, implement, and evaluate instructional activities and to select and use appropriate materials and equipment in the field of physics. Students will actively participate in demonstration and modeling of strategies and technique. Emphasis will be placed on the integration of laboratory activities into the curriculum. This will include the use of technology, safety instructions, treatment of hazardous waste, teaching resources, student textbooks, and the Alabama Course of Study. Five days (35 hours) of field experience are required. Does not satisfy requirements for physics major, minor, or general studies.

PY 441 Special Topics in Physics. 3 Semester Hours.
Prerequisite: Consent of instructor. Selected topics in upper-level physics. To be offered on occasion of student demand or need.

PY 461 Directed Study and Research in Physics. 1 Semester Hour.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

PY 462 Directed Study and Research in Physics. 2 Semester Hours.
Prerequisite: Consent of instructor. To be offered on occasion of student demand or need.

PY 463 Directed Study and Research in Physics. 3 Semester Hours.
Prerequisite: Consent of Instructor. To be offered on occasion of student demand or need.

RE 300 Religion, Culture, and Media. 3 Semester Hours.
This course examines the religious content of popular culture and media. This course guides the student through a study of cultural and media events that have a religious emphasis. The class will combine a theological and sociological approach to the study of religion, culture, and media.

Even though primary emphasis will center on religious texts, there will be considerable attention given to issues and methods that emerged from the realms of the social sciences, literature, and philosophy. Religion majors must take this course their senior year as their capstone course.

RE 417 Internship Senior Research Project: Religious Education. 4 Semester Hours.
This course provides opportunities for students to document and present directed research and supervised on-site work experiences in appropriate religious education settings. This course includes regularly scheduled discussion conferences and the evaluation of field experiences.

RE 421 Sacred Art in History. 3 Semester Hours. (Also listed as AR 421.)
This course explores the relationships between art and religion bringing theories of religious and aesthetic experience together. It gives an overview of the history of sacred art worldwide and it introduces students to religious functions of contemporary art. The course concentrates on the ways in which sacred and spiritual beliefs influence the creation of works of art using various cultures from around the world and throughout history. Students learn to understand aesthetic experiences with critical reflection and explain it to others.

RE 441 Special Topics in Religion. 1 Semester Hour. To be offered on occasion of student demand or need.

RE 442 Special Topics in Religion. 2 Semester Hours. To be offered on occasion of student demand or need.

RE 443 Special Topics in Religion. 3 Semester Hours. To be offered on occasion of student demand or need.

RE 461 Directed Study/Research in Religion. 1 Semester Hour.
Prerequisite: Consent of instructor. (Open only to superior majors.) (May be repeated for up to six additional hours of credit.) (To be offered on occasion of student demand or need.)

RE 462 Directed Study/Research in Religion. 1 Semester Hour.
Prerequisite: Consent of instructor. (Open only to superior majors.) (May be repeated for up to six additional hours of credit.) (To be offered on occasion of student demand or need.)

RE 463 Directed Study/Research in Religion. 1 Semester Hour.
Prerequisite: Consent of instructor. (Open only to superior majors.) (May be repeated for up to six additional hours of credit.) (To be offered on occasion of student demand or need.)

Secondary Education (SC) Courses

SC 331 Issues and Management in Secondary Education. 3 Semester Hours.
This course is designed to facilitate the acquisition of professional attributes, to improve oral and written communication skills, to acquire classroom management skills appropriate for middle and high school classrooms and become cognizant of the impact of significant educational trends and issues. Field experience required.

Blackboard
Educate. Innovate. Everywhere

Athens State University incorporates the **Blackboard Academic Suite** as its official platform for on-line course delivery. Blackboard is a course management system designed to enhance the learning experience and promote collaborative engagement throughout the student's educational career at the university.

All internet-based and blended courses require students to use Blackboard on a regular basis throughout each semester. Instructors employ Blackboard within their courses to varying degrees. and may at their discretion enlist the following institutionally-supported software to further enhance their courses for the student's benefit.

Respondus LockDown Browser™

Respondus LockDown Browser is a downloadable application for taking Blackboard exams. Check with your instructor to see if he/she requires this program for taking their tests. If required by your instructor, please download LockDown from http://www.athens.edu/blackboard/ and install on your computer. Successful installation of the software will result in the placing of an icon on your computer's desktop, which you must click to take your exam at the appropriate time. It is strongly suggested that you install the software several weeks before your first exam in order to sufficiently resolve any technical issues you may encounter.

TEGRITY

Tegrity allows students to playback any class session or lecture recorded by their instructor, in part or whole. Audio & video can be streamed over the internet or downloaded to an external video player (iPod, MP3) for off-line studying.

If your instructor has provided video sessions for your review, these may be accessed by clicking the "Tegrity" link/ button in the Blackboard course menu.

STUDENT GUIDE FOR ENTRY

WWW.athens.edu

The Student:

1. must file an Admission Application and pay the Application Fee.

2. must request from each transferring school that OFFICIAL academic transcripts be sent and to ensure that all official transcripts have been received. Contact the Admissions Office at Athens State University.

3. must contact the Financial Aid Office immediately (if applicable) to apply for financial aid, i.e., federal, state, or employer sponsored tuition assistance plans.

4. Upon completion of an Admission Application, requesting transcripts and declaring a major, you should contact the Transfer/Advising Center. The Transfer Center can help with transfer credit, and assign you a faculty advisor. You should plan to contact your assigned faculty advisor your first semester at Athens State University. Faculty advisors hold office hours during the regular semester, not between semesters. Each semester, faculty advisors are available in their offices for advising two weeks before on-line registration begins. (Check the schedule each semester for any changes due to holidays.)

5. As a new student you will be assigned an e-mail address. This e-mail address is the major form of communication that is used by faculty and staff of Athens State University to communicate with students. Upon registering for the first time this e-mail account will become active. No other e-mail address will be used. Please take time after registering to view your student e-mail account.
